

The information in this blog may change at any time post blog creation date, always refer to the actual process/routine link provided for the most up-to-date information.

We have established a new process for **NACO** requests in the case of **CC2C orders**, where the airline advises us to process a full refund of the original ticket, then issue a new ticket, and vice versa. **(CC2C: Paid to airline with customer card)**

Make sure to familiarize yourself with the new handling.

The processes for the two scenarios can be found here:

- [Naco CC2C: Scenario of new ticket issuance and then refunding of the old ticket](#)
- [Naco CC2C: Scenario of refund of old ticket and then issuing a new ticket](#)

Important! Please note that in the aforementioned situations, customers will receive refunds directly from the airlines.
