

General Information regarding Booking.com Business

ATTENTION

No new content is sold from approx. 20JUN23.
Below guidelines apply for active bookings!

Overview	Booking.com relies on the User Interface of Serko to provide a booking flow for Booking.com Business customers. Serko acts as an aggregator of content from Booking.com (Hotels, Cars etc) and ETG (Flights)
Booking.com Business	Booking.com Business customers are using specific credentials to log into the relevant page. The URL is https://www.booking.com/business . To reproduce the booking flow, you can login to the above page with the following credentials: email: spyros.mourelatos@etravelgroup.com Password: Bcmbusiness2021
Initial phase	In the initial phase, ETG will be providing flight content only. Support for flight-related add-ons is ongoing. Booking.com Business will be live externally from the 9th of February 2021.
Booking.com Business customers	Booking.com Business customers will make the flight purchase on the Booking.com Business environment. Essentially the reservation happens on Booking.com's website while our systems including ETG are handling the booking.
All flight-related inquiries	All flight-related inquiries will be handled by ETG Customer Support
UI - related inquiries	UI - related inquiries will be handled by Booking.com Business Customer Support
Hotel-related inquiries	Hotel-related inquiries will be handled by Booking.com Customer Support
ATTENTION!	ATTENTION! Starting from 1 NOV 2021, for orders created from that date and onwards we will not be able to reproduce the booking flow. The information in the confirmation and Travel document is modified to support the Booking.com Business initiative.

Fee type	
Involuntary fee (FM/SC rebooking and refund scenarios)	
Respective service fee (all other scenarios)	
Ancillary Markup	For all types of add-on products

Markets on launch:	- US (Handled by WNS) - IE (Handled by WNS) - UK (Handled by WNS) - DE (Handled by ATH/CNX)

Scheduled mid-November:	CZ - WNS - EN HU - WNS - EN IS - WNS - EN PL - ATH - PL PT - CNX & ATH - PT CH - CNX - DE
	CZ WNS EN HU WNS EN IS WNS EN PL ATH PL PT CNX & ATH PT CH CNX DE

Initial Booking.com business confirmation	Initial Booking.com business confirmation will be sent by Serko to the customer as well as the end traveler. ETG will also send their own confirmation and TD to the end traveler. The information in the confirmation and Travel document is modified to support the Booking.com Business initiative.
---	--

Customer access	The customer is able to access all different IVR paths when calling ETG. Booking.com Business queues have been assigned to specific FL agents as a pilot phase. Booking.com Business exclusive phone numbers have the highest priority over all other lines/queues and are not subject to a timed out.
-----------------	--

FL agent processes

How do we see that this is a Booking.com Business customer?	We will see the Serko logo in Edvin and also see the SerkoClient notification as a rolling header (via B2Bapi). Booking.com Business's order reference is also shown on the rolling header and the order view. Booking.com Business's order reference is also shown on the rolling header and the order view.
---	--

Booking.com Business's order reference	Booking.com Business's order reference is also shown on the rolling header and the order view.
--	--

- Booking.com Business will be using our order number and expose it under "Provider reference" in the booking management section.
- Passengers will be receiving our order number mentioned as Provider Reference as well as the PNR, Airline ref etc.
- The merchant name on the customer's statement will be the following:
 - US: Flights on Booking.com
 - Rest markets: booking_xx_YYYYY Where XX is the country code and YYYYYY is the ETG order number.

We will have full visibility on a Timed Out order in case of payment failure since we are merchants of record for the orders.

Phone handling	We always have to answer with: "Hello this is Gotogate in partnership with Booking.com, my name is ..."
----------------	--

Greetings in different languages:
SE/NO/DK "Hej och välkommen till Gotogate i samarbete med Booking.com, du talar med..."
FI "Tervetuloa Gotogaten asiakaspalveluun yhteistyössä Booking.comin kanssa. XX puhelimessa."
RO "Bine ați venit la Gotogate în parteneriat cu Booking.com, mă numesc..."

FR "Bonjour c'est Gotogate en partenariat avec Booking.com, je m'appelle ..."
IT "Gotogate in collaborazione con Booking, Buongiorno, sono XXXX, come posso aiutarla?"
DE/AT "Willkommen bei gotogate in Zusammenarbeit mit booking.com, mein Name ist xxxxx, was kann ich für sie tun?"
ES "Buenos días, bienvenido a Gotogate en asociación con Booking.com, me llamo ..."

WNS and CNX agents will be able to hear a whisper informing them that the caller originates from Booking.com Business. This way they are well aware that they need to follow new processes.

All agents are able to see the queue from which the call is coming from, hence identifying a Booking.com Business caller.

Add-on Products available for a Booking.com customer	At launch, only one-way flights with a single passenger are offered. Round-trip combinations, as well as ancillaries, will be offered in the future
--	--

LCC: For Booking.com phase 1 reservations as we are not allowed to have mark-ups, agents should log into the pax booking on the carrier's website to retrieve the actual price they need to charge.

GDS: For Booking.com phase 1 reservations as we are not allowed to have mark-ups, agents should log into the GDS, collect the price, and charge the customer respectively.

Booking.com customers shall not be charged at all if any type of post-booking ancillary service is FOC offered by the airline. This goes for LCC and GDS bookings.

Exceptions on routines	We will not charge any ETG service fees at all for B.com Phase 1 orders created on and after November 1st 2021. We should only charge any applicable provider cost.
------------------------	---

Manual Sales:

NO Manual Sales are to be offered to B.com Business customers!

To clarify, agents should not proactively offer products, but they should nonetheless ALWAYS assist with a customer's query. Eg we do add baggage if a customer requests so.

Changes (Rebookings and Name changes/corrections, Add Infant): No difference in the change/cancellation process. Use the current routines including sending an e-mail from Edvin to the customer.

Cancellations: Just cancel flights and add the ghost line in the GDS.

Run the cancellation wizard with the respective cancellation reason.

This will place the Edvin order automatically on the correct BO refund support queue, even for Booking.com cases, regardless of provider and urgency (e.g. Farelogix, IAG e.t.c.)

In case of any type of cancellation, a cancellation confirmation e-mail needs to be sent from Edvin/Genesys to the customer.

Void/24hr rule:

We will not charge Void fees for US customers.

Payment: We will use PL (payment link) to charge the Booking.com Business customers.

LCC Ancillaries Addition: e.g. pax requests bag addition

For Booking.com Business reservations as we are not allowed to have mark-ups.

If we need to redirect the customer to the airline: We also need to inform the customer about their ticket number and the airline reference.

For CR cases, follow the routine [HERE](#)

SC: No involuntary service fee is to be used for Schedule Changes in both 0 and 1 phases.

If needed, we can transfer the customer to the Schedule Change department by transferring the call to the WNS Schedule change - Booking queue. For more information, please [click here](#).

FM: When instances of force majeure (bankruptcy, strike, etc.) are identified, Spyros will inform the Booking.com Business team on: support-business@booking.com

FM communication in regards to booking.com is done via Spyros M. Normal routines except the fact that the involuntary service fees shall not be charged in any scenario (Phase 1)

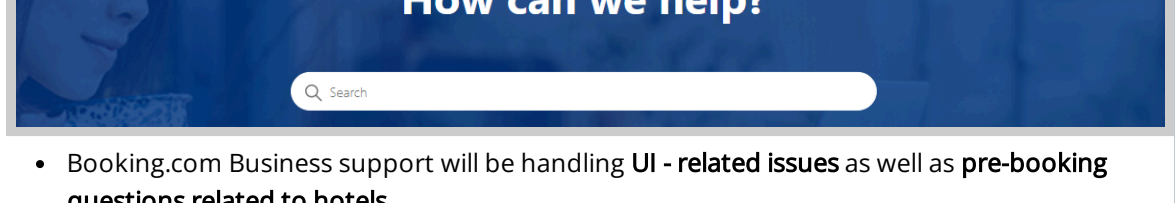

Errand logs in Edvin	If we receive calls concerning pre-booking flight questions, please register under the following category: Category 11: No booking - site support Type 2: Booking.com Business Site support Action: 1: Info provided when the customer has been assisted from our end 2: Redirected to knowledge base if the query is not related to flights 3: Escalated to Tech support if a technical issue is identified
----------------------	--

Genesys queues	We have created exclusive queues for Booking.com Business - WNS English - Booking.com Business - WNS Schedule change - Booking.com Business - Booking.com Business German These need to be monitored closely and handled with priority! Exclusive templates for servicing Booking.com customers have been uploaded in Genesys. We always use these if there is a need to contact passengers.
----------------	---

Resending confirmation	The same procedure as for all other orders, agent needs to navigate to the Conf tab. Both the confirmation as well as the travel document can be forwarded as per the usual procedure
------------------------	--

GDPR documents handling	You shall follow standard routines when it comes to GDPR documents handling. For medical/death waiver cancellation requests, you must use designated Booking.com cancellation confirmation emails to ensure the correct branding in the GDPR medcert link.
-------------------------	--

Invoice Request	If a customer requests an invoice, please follow the same steps as per B.com leisure routines stated here . Please note that B.com customers will not be able to get the invoice by themselves on B.com Business or GTG site. This can only be manually handled by us!
-----------------	--

Booking.com Business Knowledge Base	Booking.com Business support can be reached by the customer through the Knowledge Base page by clicking the question mark on the Booking.com Business banner in the default view and then selecting "Still need help?" : 
-------------------------------------	---

Booking.com Business support will be handling UI - related issues as well as pre-booking questions related to hotels.

We do not escalate any flight-related case by contacting Booking.com Business support as we keep ownership of the processes and payment on ETG side.

When to refer the customer to our CR department	- We can refer a customer to contact our CR Department when there is a need of compensation or if we need to refund an amount paid by the customer by receiving a receipt. - For any other queries where the customer is complaining about our service, fees, processes etc we should not refer to a complaint. It's up to the customer how to proceed. - For CR cases, follow the routine HERE and always use the respective B.com branded Edvin templates "Booking.com - Redirect to CR"
---	--

Phone numbers to be used to cold transfer calls to Booking.com	In case there is a need for agents to cold transfer a call to the customer service of Booking.com, they can use the following numbers: - Austria: +43 120 60 92 409 - France: +33 157 32 92 09 - Belgium: +32 27 00 66 51 - Germany: +49 69 17 07 76 582 - Spain: +34 91 27 68 614 - Netherlands: +31 70 770 3884 - Ireland: +353 01 907 5674 - United Kingdom: +44 20 3684 7925 - United States: +1 88 88 50 3958 - Italy: +39 02 233 31 342 - Norway: +47 23024708 - Sweden: +46 859366358 - Denmark: +45 43 31 49 53 - Finland: +358 972519897 - Romania: +40 373 788 021 Important: We only transfer customers who claim they have an active hotel booking. Any customer not having an active reservation will need to be redirected to Booking.com Business's knowledge base instead.
--	--

When to escalate internally	If a case is ongoing and we have mishandled the query according to our routines and processes, we need to make sure that we will escalate the case internally to a Team leader, SOD or a Manager so that the customer is receiving assistance without needing to contact us again
-----------------------------	---

Important! We only transfer calls, when there is a NON-flight related request and the customer has a hotel booking! There are no flight-knowledgeable agents on the phone; For all non-flight-related requests, agents need to prompt the customer to visit the knowledge base and address through the contact form if needed.

Note that Booking.com will always reply directly to the customer when a case has been escalated through email.

Reason for contact	Escalation process	Notes
Not flight related (e.g. accommodation, transport to/from hotel, account administration)	Redirect to the knowledge base	Inform the customer to access the knowledge base and follow up on the "Still need help?" form if needed
Flight related + not flight related	Redirect to the knowledge base	Solve flight issues, then inform the customer to access the knowledge base and follow up on the "Still need help?" form if needed
Payment issue / Unable to find reservation in edvin or timed-out; pax claims charged / original booking refund status	No escalation needed	We act as merchants of record on behalf of Booking.com, so we have full visibility on the refund status/order status etc. We should not escalate the case to Booking.com or Serko as they have no visibility on the outcome.
Booking flow issue Different information on the confirmation email and on site	Escalate to Serko	Try to reproduce and provide details Escalate to EtravelSupport@serko.com Details needed for escalation: Put a summary of the issue in the subject line of the email. Within the email, please provide a detailed description of the issue, including: Traveller's name and email address Route(s)/date(s) searched Airline(s) in question Fare Information (if applicable) - fare basis code, class of service, etc Original communication from the customer, including screenshots Error message(s) Timestamp of original issue (including time zone) For completed bookings, please provide the Supplier Reference Number.
Escalated complaint or legal claim		ETG to investigate on behalf of Booking.com; Should be escalated to CR department.
