

Phone and email agent:

- Inform the customer we will contact the airline company to confirm the applicable cancellation rules.
- Inform about the service fee we apply in case of refundable tickets.
- In case the customer has the new tkt number, it would be good to take it. If not, we check with the airline.
- Place the order on support, so they contact the airline

Support agent:

- Contact the airline for airlines fare rules / if the ticket is entitled to any refund.
- Inform the passenger the cancellation fare rules.
- If customer confirms cancellation; contact the airline and cancel the segments (for future flights)
- Use Modify order, so BO could apply for RA

Exceptions: SU, UX please escalate to BO for RA, informing the customer that the request might be rejected from the airline company. (In such situations, we ask the passenger in advance for the new tickets number)
