

Cancellation

For CC2C Cancellations, we need to follow a slightly different process as we need to collect our cancellation service fee before we cancel the order, as we will not be able to deduct the fee at the time of refund.

Once we refund, the customer will receive the total amount back to the credit card used.

- Customer calls/Emails to FL to Cancel their booking.
- FL Agent checks if CC2C order by identifying the Banner in Edvin "Paid with Customer Card":

  Paid with customer card

- FL Agent checks cancellation rules as per standard processes for respective scenario (Against rules, Schedule change, against cxl guarantee etc.)
- Inform the customer of our service fee (if applicable) and airline fee if any. Also, inform customer that our service fee needs to be charged before any cancellation can be confirmed. The airline fee will be deducted from the refundable amount.
- If any refundable products exist besides ticket value, the customer will receive two separate refunds, our own amount, and the airlines in two transactions.
- FL agent should always try to confirm the cancellation while having customers on the phone.
- **Always suggest the MOTO Payment method as the first option!**
- Only if the customer cannot pay over the phone via MOTO, or if the cancellation is requested through email, the payment link can be sent to the customer.
- **The payment link should have a maximum valid time of 48 hours.**
- Validity should be at the latest 3 hours before the cancellation/refund deadline.
- But only if there are at least 3 hours until the cancellation/refund deadline.
- If the Cancellation request is through email and the cancellation deadline is within 3 days, the agent should first try to call the customer to confirm cancellation and process with MOTO Payment via phone. ONLY if not possible to reach, payment link can be sent.
- If the SC agent charges the involuntary service fee for rebooking, but eventually failed to provide a flight alternative and the only possible alternative is refund, then the SC agent can modify the order with notes that the involuntary rebooking service fee is already charged for refund purpose.
No need to refund the involuntary rebooking fee and charge the involuntary refund fee.

ATTENTION! For cancellation requests on/after 03APR23, NO fee should be charged, thus if an involuntary service fee for rebooking is already charged on/after 03APR23, please refund the customer, using "modify order" button with cancellation reason: Ancillary -voluntary.

- Agent must use the correct Our fee product in Add a purchase based on the urgency of the request. For more details on applicable service fees check [here](#).

Our Service Fee - Vol. Cancellation			
☐	silvia [REDACTED]	Adult fee Child fee Infant fee	No text added
Select all			
	Our Service Fee - Invol. Rebooking SC	15.00	No text added
	Our Service Fee - Vol./Invol. Cancellation (urgent)		
☐	silvia [REDACTED]	Adult fee Child fee Infant fee	No text added
Select all			
	Our Service Fee - Invol. Cancellation	15.00	No text added

- Agent must make sure to inform the customer that the tickets will not be cancelled unless the service fee is paid. Also, inform the customer that a cancellation confirmation will be sent within 24 hours, or at the latest before cxl deadline if it is close to it.
Remember to only charge **our service fee**, and only **inform about the airline fee, as the airline fee will be deducted from the refundable amount**.
- Text to add in the PL:

Text to customer

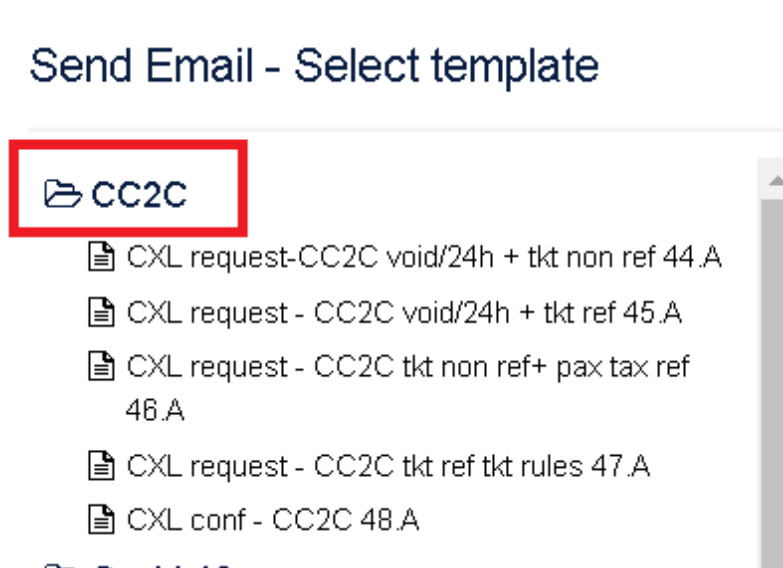

Cancellation fee for Passenger XX and XX.
Booking will not be cancelled until the fee is paid.
Cancellation confirmation will be send after the
payment of this paymentlink.

OK (Alt + Enter)

Cancel

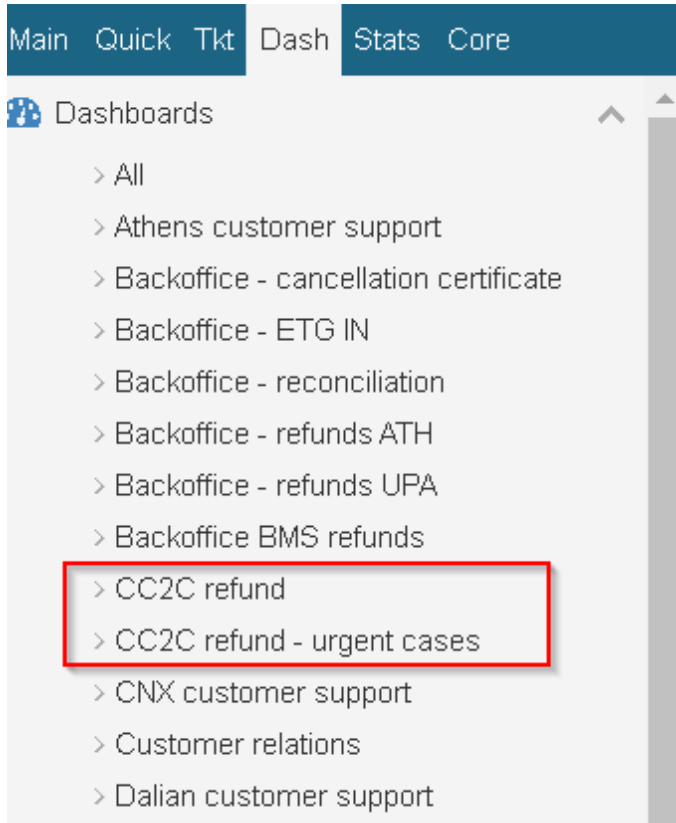

If the customer confirms cancellation and fulfills the payment when on phone:

The agent makes sure the payment is received and handles cancellation through Modify Order choosing the correct cancellation reason. Send Cxl template, choose the correct CC2C cancellation email template. Remember to remove from the dash queue (if PL method of payment was used).

If Customer pays Payment Link later:

- FL Agents on the schedule must often monitor and check the CC2C Dashboards for normal and urgent cases. Whenever a PL is paid, the order will show up in this dashboard no matter what market or location. All CC2C cxl PLs will end up here as we need to ensure 24/7 monitoring of this dashboard. The FL agent will proceed with the cancellation when it appears on the dashboard, Run Modify Order - Send CC2C cancellation email template to the customer.

For CC2C orders and cancellation reasons where service fees must be charged before cancelling order, the "Modify order" button includes an additional checkbox which must be confirmed before creating the refund case.

Modify order - Confirm

Please confirm that the following tasks have been completed before proceeding with the refund:

- ☐ Added ghost line in GDS
- ☐ Closed all open cases in Etrack
- ☐ Cancelled segments in GDS
- ☐ CC2C order, refund fee charged and paid by the customer
