Solution

Parent step: 1

Who is 1A

Amadeus IT Group, S.A. is a major Spanish multinational technology company that provides software solutions for the global travel and tourism industry. It is the world's leading travel technology provider that focuses on developing software for airlines, hotels, travel agencies, and other travel-related businesses to enhance their operations and customer experiences.

The company is structured around two areas: its Global Distribution System and its Information Technology business. Amadeus provides search, pricing, booking, ticketing, and other processing services in real-time to travel providers and travel agencies through its Amadeus CRS distribution business area. It also offers computer software that automates processes such as reservations, inventory management software, and departure control systems. It services customers including airlines, hotels, tour operators, insurers, car rental and railway companies, ferry and cruise lines, travel agencies, and individual travelers directly.

IATA code: **1A**

ICAO code: **AGT**

Callsign: **AMADEUS**

Step 7

Solution

Parent step: 1

General info about 1A Travel Seller - ETG cooperation

Amadeus wishes to offer non-GDS content to the Travel Selling agencies through the 1A GDS.

- An ETG page is added to the GDS (Amadeus SECO) to search and book even non-GDS flights.
 - This way they may sell LCC, NDC, and VI (non-amadeus content).
- The travel sellers who are part of this partnership will be the point of contact for the passengers. For any requests that need to be handled by ETG, the Travel Seller will contact us.
- Live date: **TBA**
- MOR: ETG
- Payment methods: Card only
- The regular ETG charges apply to this partnership (find the fees [here](#)) **except for the cancellation after departure fee.**
 - As the cancellation after departure fee will not be applicable, the Ticket rules - cancel after departure option will not be available under the Price list cancellation fee and Modify order in Edvin.
- The reservations in Edvin will not mention any specific ETG brand as the brands are not applicable in this partnership.
- The travel sellers will have access to MyP so some self-service functions will be available for them.

Post-booking Customer Experience

- Post-sale communication will be done between **ETG and the travel seller**.
- The ETG First Line agents will generally handle the cases as ETG agents, **without using any ETG brand**.
- The guidelines for an ETG agent's recognition of a 1A reservation are [here](#).
- The emails we will use will contain **no brand**, in all ETG sources (Edvin, Etrack, Genesys).
- ETG standard opening script should be used.
- If a travel seller contacts us with a request that can be performed self-service via MyP, we handle the case without redirecting them to MyP.
- In rare cases where the passenger contacts us instead of the travel seller, we will handle the case without redirecting them to their travel agency.

ATTENTION

As this is a quite fresh type of partnership the Post-booking customer experience is crucial for this partnership's success and ETG B2B development, so we all need to pay extra attention when handling these cases.

Step 8

Solution

Parent step: 1

SLAs for 1A

Currently, applicable SLAs are as per ETG:

Abandoned% <15%

ASA - 300 sec

Email - 2 business days

CS in English & available 24/7

Schedule changes: As per each airline policy.

Step 9

Solution

Parent step: 1

How is an 1A Travel Seller order shown in Genesys and Edvin

Edvin

The bellow banner featuring the cooperation and the Travel Seller's brand identifies the 1A reservations:

The partnership can also be recognized by its logo and the information in Edvin's *Order type* and *Partner Sales Channel* fields:

Amadeus Amadeus checkout.com Amadeus No conversations	
Customer	Order
Name	Customer Order Reference

Travel seller	Name
	Email
	PhoneNumber
Client system	AmadeusClient
Entry registration uuid	
Partner for activation	1a

Step 10

Solution

Parent step: 1

Resending the confirmation email/TD

Both confirmation email and TD can be sent directly from Edvin. Correct branding is automatically applied and the customer receives the exact document you preview in Edvin.

If the confirmation email does not have the correct branding, press the regenerate button first and then resend the confirmation email to the customer:

Receipt#1 Regenerate Confirmation Message Show All

Regenerate confirmation message

If the Confirmation message for any reason is incorrectly generated, this will regenerate the confirmation message and store a new copy.

Reset Regenerate

The communication dashboard is also available, as described [here](#).

Step 11

 Solution

Parent step: 1

Invoice request

Follow standard ETG processes as stated [here](#).

Step 12

 Question

Parent step: 1

Communication with the Travel Seller

The communications are between ETG and the Travel Selling agencies.

Only the Travel Selling agencies may communicate with the passengers, as they are their customers.

ETG emails are normally sent, but not directly to the passengers. We send them to the Travel Selling agencies, who forward them to their customers.

Note: As the communication is between travel agents and ETG, the use of the official travel industry terminology when necessary is permitted in this partnership.

ATTENTION

Always double-check the email templates we use to ensure that there are no references to ancillaries, services, or payment methods that are out of this partnership's scope.

Also in verbal and chat communication double-check what we offer before giving any answer.

1. Genesys phone/chat	Step 13
2. Genesys email	Step 14
3. Etrack	Step 15
4. Edvin templates	Step 16

Step 13

 Solution

Parent step: 12

Genesys phone/chat

Always remember: ETG is one of the major worldwide travel agencies, and in this partnership, we speak with travel industry professionals, **so we must always act as such!**

Inbound and Outbound calls and Chat handling

The Standard [phone/chat](#) processes apply.

Phone and Chat scripts

Please use the standard ETG [phone/chat](#) scripts.

Note: Always remember, that we use the phone scripts and edit the chat scripts accordingly. We should do this in all our partnerships and ETG brands!

Step 14

Solution

Parent step: 12

Genesys email

According to the ETG approach towards email communication, the email contact forms are disabled on the websites, but customers can still reach out via the email address provided in T&C.

If you receive an email interaction, use the ETG canned responses for the email handling and follow the standard processes [here](#).

ATTENTION

Always double-check the email templates we use to ensure that there are no references to ancillaries, services, or payment methods that are out of this partnership's scope.

Also in verbal and chat communication double-check what we offer before giving any answer.

Step 15

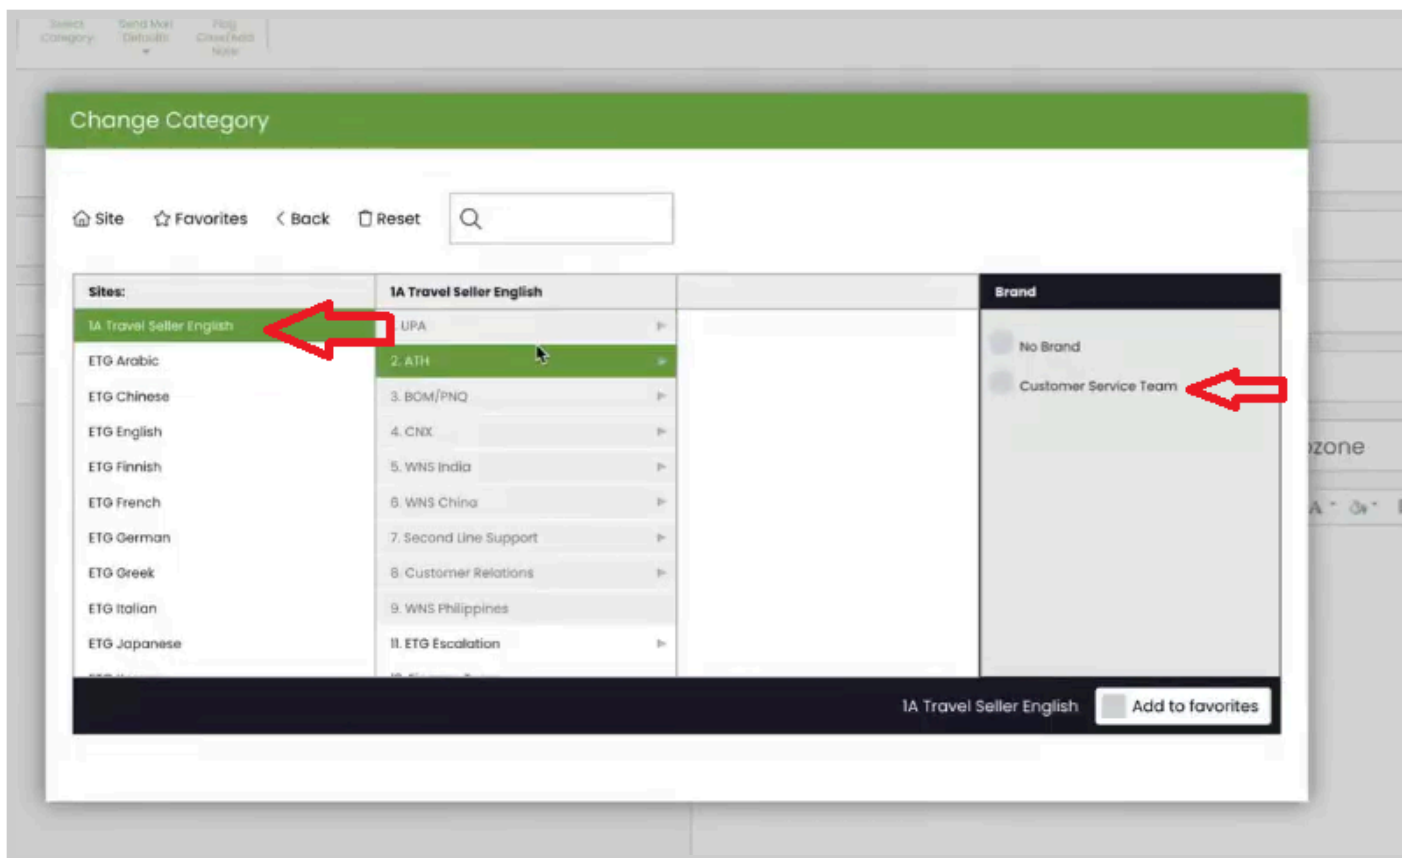

Solution

Parent step: 12

Etrack

There are differences when using Etrack for 1A cases:

- We must always choose the **1A Travel Seller English** from the *Sites* column.
- We must always select the **Customer Service Team** from the *Brand* column:

Except for the above, we should follow standard processes as described [here](#).

ATTENTION

Always double-check the email templates we use to ensure that there are no references to ancillaries, services, or payment methods that are out of this partnership's scope.

Also in verbal and chat communication double-check what we offer before

giving any answer.

Step 16

Solution

Parent step: 12

Edvin templates

Edvin templates

In this partnership, we use the standard ETG Edvin templates.

In terms of the signature, is automatically selected in all the Edvin templates for the 1A orders.

Exceptions

We use dedicated 1A templates when we handle the bellow cases:

- Redirect to CR
- Baggage/seating not provided
- GDPR waiver

You may find the information about the templates to be used in these cases in the *Process Exceptions* section.

ATTENTION

Always double-check the email templates we use to ensure that there are no references to ancillaries, services, or payment methods that are out of this partnership's scope.

Also in verbal and chat communication double-check what we offer before giving any answer.

Step 17

Solution

Parent step: 2

Redirect to CR

We can refer a customer to contact our CR Department when there is a need for compensation or if we need to refund an amount paid by the customer by receiving a receipt.

For any other queries where the customer is complaining about our service, fees, processes, etc. we should not refer to a complaint. It's up to the customer how to proceed.

Follow the standard process, but when escalating the 1A order-related case, always remember to send the no-reply email with the title: *1A Travel Seller - Redirect to CR* through Edvin which can be found under the "Customer Relations ETG" folder.

For more info regarding the whole process check [here](#).

Step 18

Solution

Parent step: 2

Baggage/seating not provided claims

Follow the standard process, but when handling the 1A order-related case, **always remember to send the no-reply email** with the title: *1A Travel Seller - FL Baggage/seating claim receipts* through Edvin which can be found under the *Ancillaries / Services ETG FL Bag / Seat claim* folder.

For the detailed process check [here](#).

Step 19

Solution

Parent step: 2

GDPR waiver cancellation

Follow the standard process, but when handling the 1A order-related case, always remember to send the respective no-reply email:

- 1A Travel Seller - CXL conf- death cert waiver
- 1A Travel Seller - CXL conf – med cert waiver
- 1A Travel Seller - CXL conf - visa rejection cert waiver

The above email can be found under the *First line Cancellation ETG CXL Confirmation GDPR Waiver* folder.

For the detailed process check [here](#) and step-by-step guidelines [here](#).

Step 20

Question

Parent step: 1

1A Amadeus - Schedule change handling

1A Amadeus B2B - Schedule change handling	
General Information	Amadeus wishes to offer non-GDS content to the Travel Selling agencies through the 1A GDS. Therefore, we will offer LCC and NDC content to other travel sellers (B2B). During the booking creation, the Travel Seller is going to log in to Amadeus and purchase the PNR, then the Edvin order will be created as per normal routine. So, we are going to have one "dump" PNR in Amadeus with the travel seller and then any other PNRs that could be created with the airlines as per the normal routine. <i>Note that the "dump" PNR with the travel seller cannot be changed, so it will be ETG's responsibility to forward via Edvin the latest updated itinerary.</i>
Handling Info	. Handling in ENG . Pure & VI flights . Active market: . ETG schedule change handling process is applicable: . SC service fee is applicable . ETG templates should be used
Schedule change pages	Phone Emails (Genesys Q)
	Manual handling Q (Incoming sc notifications from airline) Support (Edvin SC Workmode / Etrack)
Queues in Genesys for SC assignment	• ETG 1A Travel Seller Schedule Change English 24/7 Voice / Chat / Email • Edvin Cases - 1A Travel Seller SC Manual handling Q non VI • Edvin Cases - 1A Travel Seller VI SC Manual handling Q VI

New question

Step 21

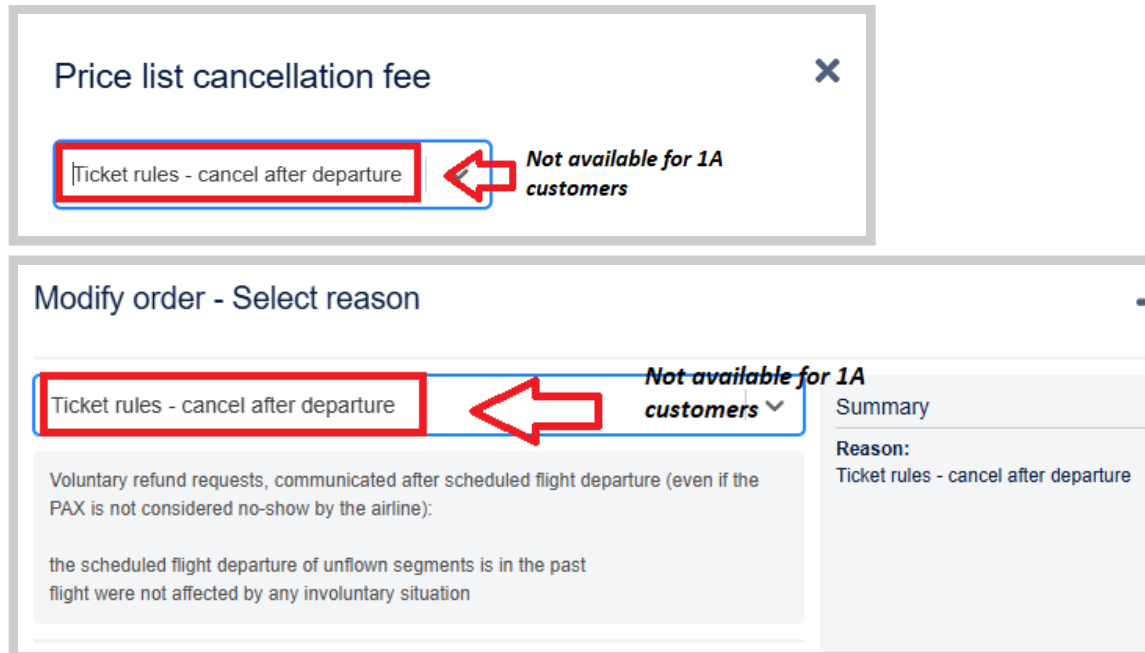

Solution

Parent step: 3

ETG charges/fees exceptions

We do **not** charge the cancellation fee after departure in this partnership.

As the cancellation after departure fee will not be applicable, the **Ticket rules - cancel after departure** option will not be available under the *Price list cancellation fee* and *Modify order* in Edwin:

The screenshot shows two screens from the Edwin interface. The top screen is titled 'Price list cancellation fee' and has a close button (X). It contains a dropdown menu with 'Ticket rules - cancel after departure' selected, which is highlighted with a red box. A red arrow points from the text 'Not available for 1A customers' to this option. The bottom screen is titled 'Modify order - Select reason' and also has a dropdown menu with 'Ticket rules - cancel after departure' selected, highlighted with a red box. A red arrow points from the text 'Not available for 1A customers' to this option. Below the dropdown, there is a text area with the following content: 'Voluntary refund requests, communicated after scheduled flight departure (even if the PAX is not considered no-show by the airline):' and 'the scheduled flight departure of unflown segments is in the past flight were not affected by any involuntary situation'. To the right of the dropdown, there is a 'Summary' section with 'Reason: Ticket rules - cancel after departure'.

Even when we cancel a reservation after departure for this partnership we use the cancellation reasons **Ticket rules - airline fee** and **Ticket rules - taxes** accordingly.

The rest ETG charges apply to this partnership (find the fees [here](#)).

Step 22

Solution

Parent step: 3

VI exceptions

As some travel sellers do not operate 24/7, there may be situations where customers are unable to reach them for assistance with the **Self Transfer Guarantee product** (aka connection guarantee). Additionally, direct assistance to the customer is restricted, and information should only be provided to the travel sellers.

To improve the customer experience, an additional alternative, as an exception, has been introduced for VI orders issued via Amadeus B2B (1A). In cases where the customer cannot reach the travel seller in time to request assistance, a **500 EUR cap is applied to Self-Transfer Guarantee bookings**. This refund is based on proof of any additional costs incurred by the customer.

Check more details about ["When the Self Transfer Guarantee is applicable vs when is not"](#)

Actions SC VI Agents Should Take:

1. Confirm that the Travel Seller was unable to assist the customer on time.
 - Ensure that the travel seller was unavailable to help the customer within a reasonable timeframe.
 - Check that the new schedule change is close to the original departure time to ensure eligibility for this exceptional process.
 - Confirm if there were more than 24hrs including bank holidays or weekends to determine if the customer was contacting them within their operating period.
2. Request proof from the Travel Seller.
 - Ask the travel seller to provide receipts for any new tickets purchased by the customer to reach their final destination. (Note: A new template will be created for this step.)
3. Review the costs.
 - Ensure that the total amount of the additional costs does not exceed **500 EUR for the entire order** (not per passenger).
 - Ensure that the total additional costs are for the new flights only with original baggage/seating if applicable. Hotels and meals are not covered with this exception.
 - The cost refunded will be up to 500 EUR. If the new ticket(s) value is lower, then we will refund the new tickets. When the new value exceeds 500 EUR, then only 500 EUR will be refunded.
 - The new flight should be the same calendar day or +/- 1 day from the original departure.
4. Modify the button in Edvinю
 - Update the Modify button in the Edvin system to allow the payout team to process the refund to the travel seller for the eligible amount.

By following these steps, agents can effectively handle cases where customers are unable to reach the travel seller promptly, ensuring that refunds are processed accurately while maintaining a positive customer experience for B2B customers.

Step 23

Solution

Parent step: 1

Amadeus SECO overview

This page is to give ETG CS agents a high-level overview of the system in case a travel seller needs any assistance using it.

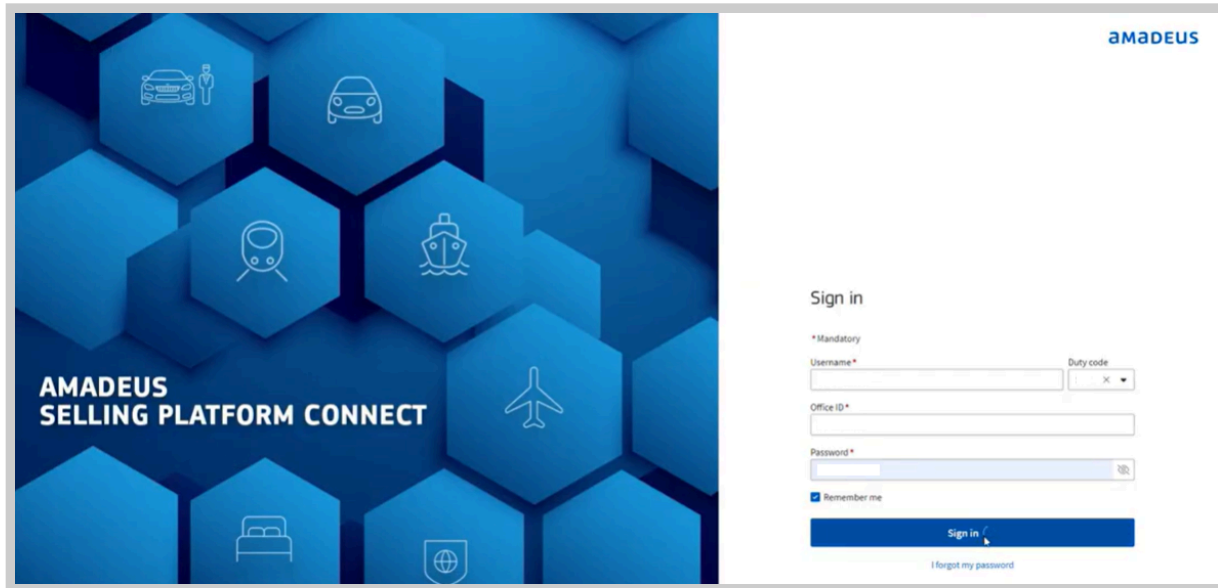

ATTENTION

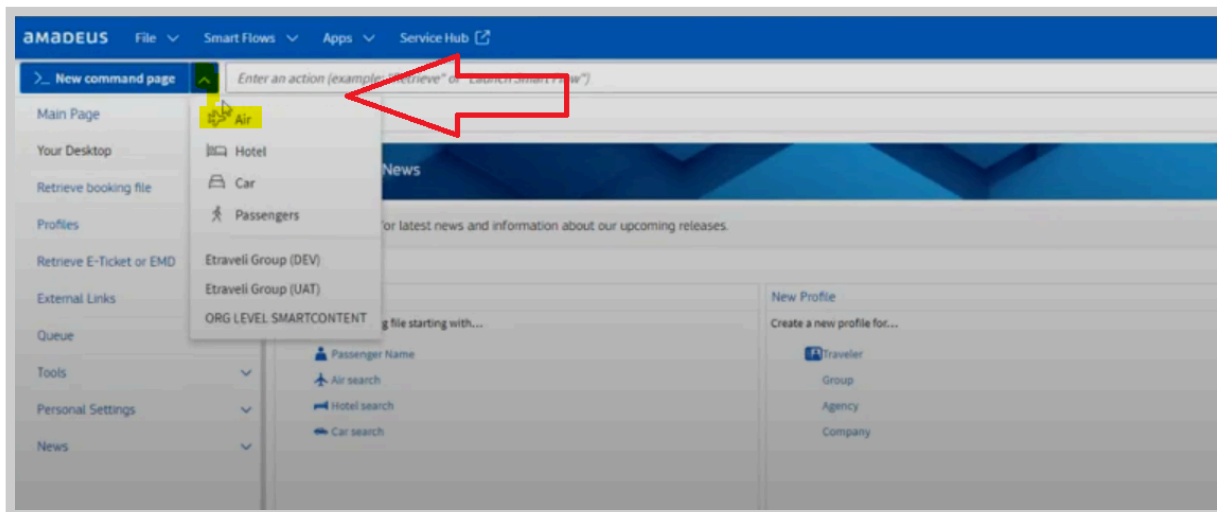

ETG does not provide technical support for the system. Amadeus is in charge of that. This page is for any potential questions on how someone can book through this system.

The ETG page is quite straightforward and user-friendly, similar to ETG web pages.

Amadeus **SECO** (**SELLING PLATFORM CONNECT**) is the platform where the ETG page is added:

After the Travel Seller log-in SECO, to search ETG content they should click on the **arrow** next to the "New command page" button and then select "Air":

They will be redirected to the search page with the ETG content:

amadeus File Smart Flows Apps Service Hub

New air Enter an action (example: "Retrieve" or "Launch Smart Flow")

Results

157 results of 157

Flight duration Connections Flight time Airlines Connecting airports Baggage allowance Cabins

Flight	Date	Time	Price
LO 332, LO 26, B6 1518	18 February 2025	10:50	EUR 2,207.09
ORY, EGN, 10:05	18 February 2025	10:05	EUR 2,267.80

Passengers may have to collect their baggage, transfer by their own means, and go through security and passport control.

SELF-TRANSFER

When the Travel Seller selects a trip (clicks on it) the trip details will appear under that, and there they can click on the "Details per passenger" where a pop-up with the price breakdown per passenger will appear:

The screenshot shows the Amadeus interface with a search for flights from ORY to BOS. The results list shows a flight operated by Tap Portugal. A red arrow points to the 'Details per passenger' link in the price box.

Passenger	Bounds	Fare basis	Fare amount	Taxes	Total
1 ADT	ORY-BOS		EUR 353.14	EUR 292.03	EUR 645.17
2 ADT	ORY-BOS		EUR 353.14	EUR 292.03	EUR 645.17
3 CHD	ORY-BOS		EUR 353.14	EUR 292.03	EUR 645.17
4 INF	ORY-BOS		EUR 353.14	EUR 292.03	EUR 645.17
Total amounts			EUR 1,412.56	EUR 1,168.12	EUR 2,580.68

The screenshot shows the 'Price details' pop-up window, which displays the total for all passengers and a breakdown of the fare and taxes for each passenger.

Passenger	Bounds	Fare basis	Fare amount	Taxes	Total
1 ADT	ORY-BOS		EUR 353.14	EUR 292.03	EUR 645.17
2 ADT	ORY-BOS		EUR 353.14	EUR 292.03	EUR 645.17
3 CHD	ORY-BOS		EUR 353.14	EUR 292.03	EUR 645.17
4 INF	ORY-BOS		EUR 353.14	EUR 292.03	EUR 645.17
Total amounts			EUR 1,412.56	EUR 1,168.12	EUR 2,580.68

To purchase the air product the travel seller will click on the cart icon in the price box:

The screenshot shows the Amadeus interface with a search for flights from ORY to BOS. A red arrow points to the cart icon in the price box.

They will then be redirected to the Traveller information page where they can find valuable information about the trip, update travelers' and Travel Seller's information, and add ancillaries:

After the payment, they will see the page with the order number and the reservation status (confirmed, pending, etc.):

If they click on "View my booking" they will be redirected to MyP where they can see the trip overview, travel information, and ways to contact ETG, such as the chat function. They can also take actions like check-in or edit the reservation (cancel, rebooking, edit passengers) under the "Manage trip" field:

Step 24

Solution

Parent step: 3

Etrack exceptions

For information about the use of the Erack tool for 1A Travel Seller partnership please refer to page:

Communication with the Travel Seller Etrack

Step 25

Solution

Parent step: 2

Assistance consent

Follow the standard process for assistance consent, but always remember to send the no-reply email with the title: *1A Travel Seller - Assistance consent* through Edvin which can be found under the "*First line Ancillaries / Services ETG Assistance Consent*" folder.

Step 26

Solution

Parent step: 5

Orphan Refunds - Bank details

Follow the standard process, but always remember to send the email named: *1A Travel Seller - Orphan Refunds - Bank details* through Edvin which can be found under the "Refunds ETG Bank details - Payment" folder.

Step 27

Solution
