6. General information Amadeus

Step 7

## Step 2

 Question

Parent step: 1

### Error messages

Solutions for the error message you might receive when login in to Amadeus Sell Connect

1. Register a Digital DNA (DDNA)

Step 12

2. You have reached the maximum number of digital DNA allowed by the policy, contact your security administration

Step 4

3. Authentication failed. Please check your username, password and second authentication factors.

Step 10

4. Authentication failed. Please check your credentials and try again.

Step 6

5. Your account is temporary locked, please retry later.

Step 15

6. Your account is locked. Please contact your helpdesk.

Step 13

7. Digital DNA extension is not available. Please install it and/or activate it.

Step 14

8. Technical error occurred

Step 5

## Step 3

 Question

Parent step: 1

### Log in and users QA

1. Log in credentials & signing in the first time

Step 9

## Step 4

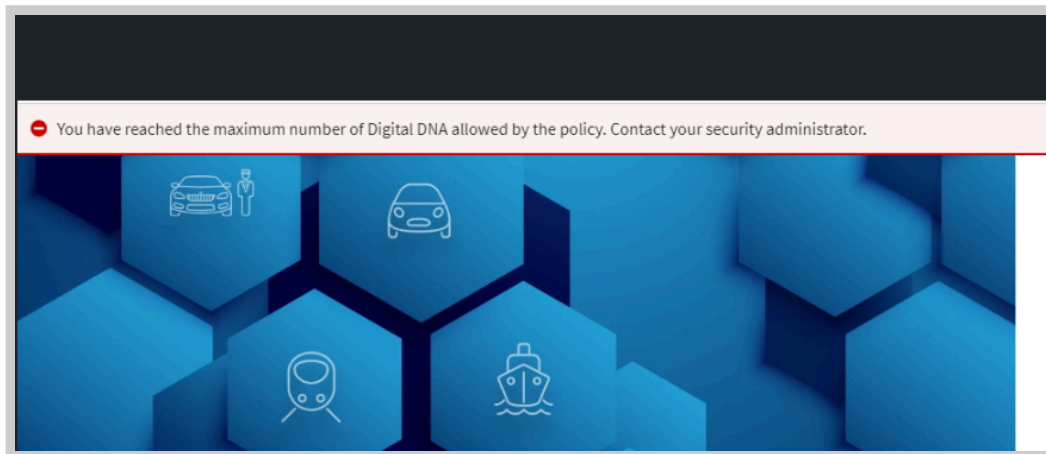

## Solution

Parent step: 2

You have reached the maximum number of Digital DNA allowed by the policy. Contact your security administrator.

If you get the error message **"You have reached the maximum number of digital DNA allowed by the policy. Contact your security administration"** when you try to log in to Amadeus Sell Connect:

You have logged into too many devices.  
Only a specific amount is allowed due to security reasons.

## Solution

1. Try to use a workspace/computer you have previously worked on.
2. Create a case for System Support:

| <u>Who</u>                | <u>Where</u>                                           |
|---------------------------|--------------------------------------------------------|
| <b>Inhouse agents</b>     | Create a case in <a href="#">System Support Portal</a> |
| <b>Outsourcing agents</b> | Create a case in <a href="#">Outsourcing Portal</a>    |

Make sure to add the following info in the case:

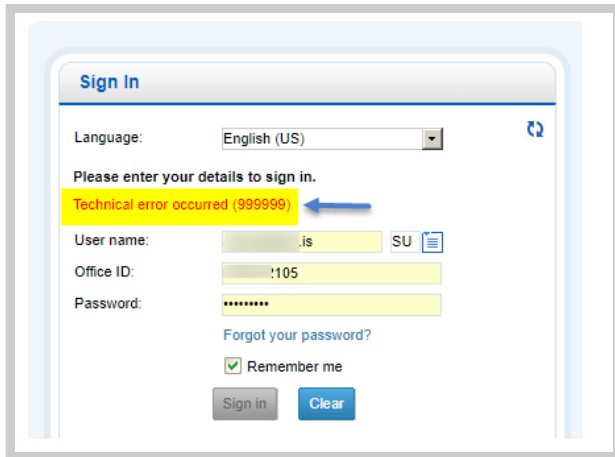

- Screenshot of the error message
- Your username
- Your office ID you are signing in to

## Step 5

### Solution

Parent step: 2

## Technical error occurred

The screenshot shows a 'Sign In' form with the following elements:

- Language: English (US)
- Please enter your details to sign in.
- Technical error occurred (999999) - This message is highlighted in yellow and has a blue arrow pointing to it.
- User name: [text box] .is [SU icon]
- Office ID: [text box] :105
- Password: [text box]
- Forgot your password?
- ☒ Remember me
- Sign in [button] Clear [button]

Some known causes are:

- A bad internet connection
- A firewall blocking Selling Platform Connect due to an unknown IP address (Intranet)

### Do this:

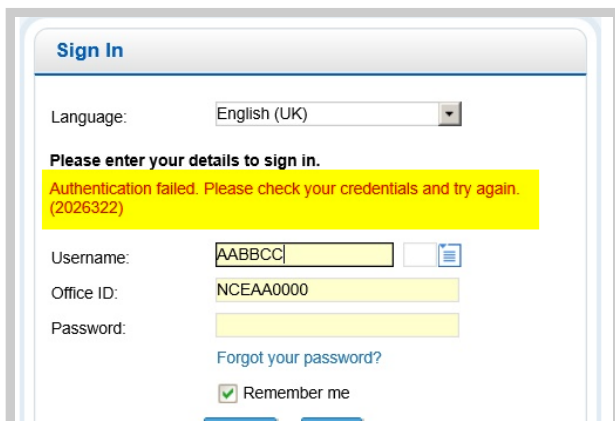

1. Check your internet connection.
2. Make a case to ITS via [Service desk](#) for assistance with checking the connection.

## Step 6

### Solution

Parent step: 2

## Authentication failed. Please check your credentials and try again

The screenshot shows a 'Sign In' form with the following elements:

- Language: English (UK)
- Please enter your details to sign in.
- Authentication failed. Please check your credentials and try again. (2026322) - This message is highlighted in yellow.
- Username: [text box] AABBC [icon]
- Office ID: [text box] NCEAA0000
- Password: [text box]
- Forgot your password?
- ☒ Remember me
- Sign in [button] Clear [button]

### Possible cause:

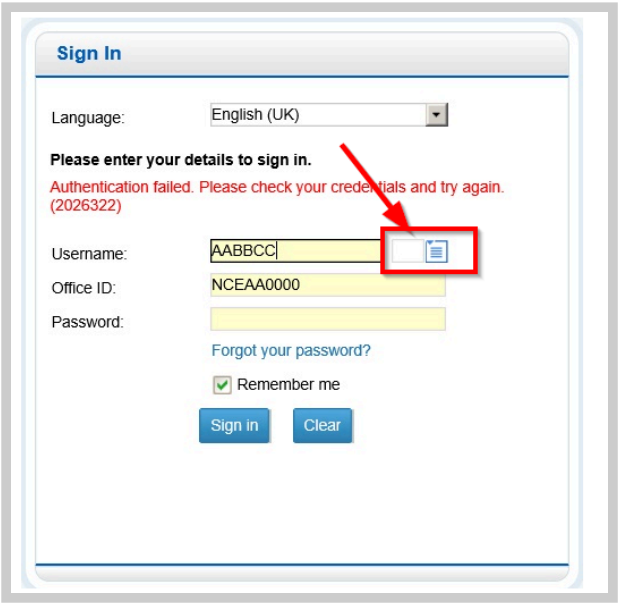

- Incorrect URL to launch the application
- Invalid login, sign, office ID, or password entered (for example, a blank space has been added before or after your entry as a result of a copy/paste action)

Do this:

- 1. Check that you have entered your **User name** and the default **office ID** as mentioned in the first registration email:

| Department            | Default office ID |
|-----------------------|-------------------|
| Second line           | STOSG34AA         |
| All other departments | STOSG38AA         |

- 2. Make sure that this box is empty:

- 3. If you still have issues, clean your cache and cookies.  
Contact your IT Support department if you need assistance with that.
- 4. If the above does not work, please reset your password through the "Forgot your password" link, and follow the instructions on the screen.

Step 7

 Solution

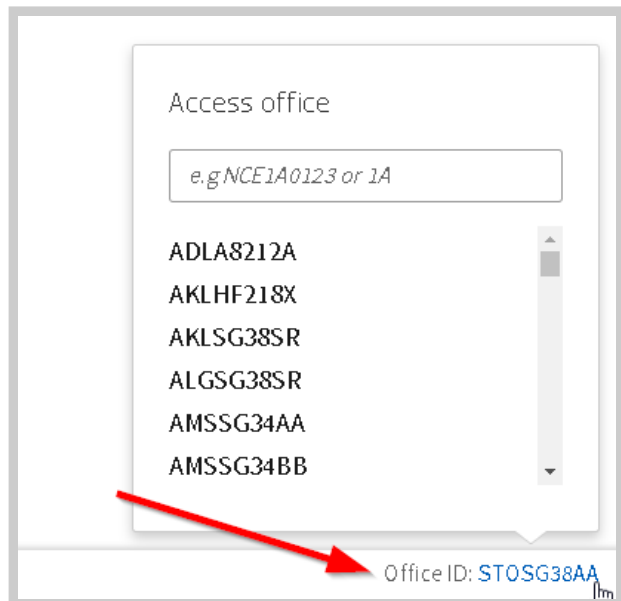

Parent step: 1

General Amadeus information

Each country has 1-2 Office ID's.

- 1. **\*\*\*SG38SR** or the consolidator Office ID are used to search for fares and create the PNR (\*\*\*=city code). These Office ID's are not connected to the user.
- 2. **\*\*\*SG34AA** or **\*\*\*SG38AA** are used as the ticketing/working Office ID. These Office ID's are connected to the user. Some users have a user in the consolidator areas as well.

You access these OID's via the list in the bottom right when you are logged in:

Access office

e.g. NCE1A0123 or 1A

- ADLA8212A
- AKLHF218X
- AKLSG38SR
- ALGSG38SR
- AMSSG34AA
- AMSSG34BB

Office ID: [STOSG38AA](#)

## Terms and abbreviations:

**PWD** = **password** - as it's a term used by Amadeus.

**OID** = Office ID

**Administrator** = ETG System Support team are administrators

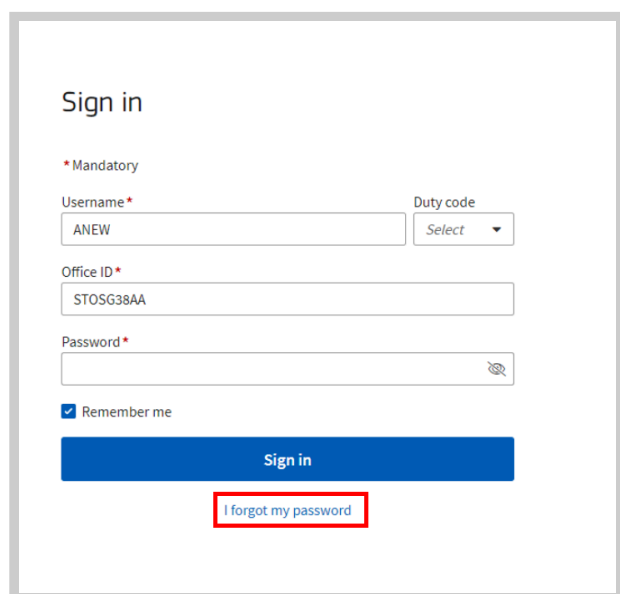

### Step 8

#### Solution

Parent step: 1

## Reset your password

1. Click on Forgot your password:

Sign in

\* Mandatory

Username \*  Duty code

Office ID \*

Password \*

☒ Remember me

[I forgot my password](#)

2. Choose your new password:

## Reset your password

\* Mandatory

Username \*

Office ID \*

New password \* ⓘ

Strength: ● STRONG

Confirm your new password \*

3. The request to reset the password has been accepted. **Your password has not changed yet.** Check your email. You will receive an email to validate your password. That needs to be done within 48 hours after receiving the email:

## Reset your password

● You will soon receive an email with a link to confirm your new password.

Close this browser window and check your email to complete the password reset.

[English \(US\)](#)
[Support](#)
[Legal notices](#)

If you do not receive an email:

- Double-check your Office ID, is it correct?
- If OID is correct, wait for about 10-20 minutes, then reset the password again and see if you receive the email.

4. Click on the link in the email to validate your password:

Amadeus Security

Dear AMANDA NEW,

You have requested to reset your password on 2022-01-20 06:32:49Z. To finalize the reset action, you need to validate the new password you provided. Please follow the link below to a secure web page. Attention: the link will expire at 2022-01-22 06:32:49Z and you have to start the process again.

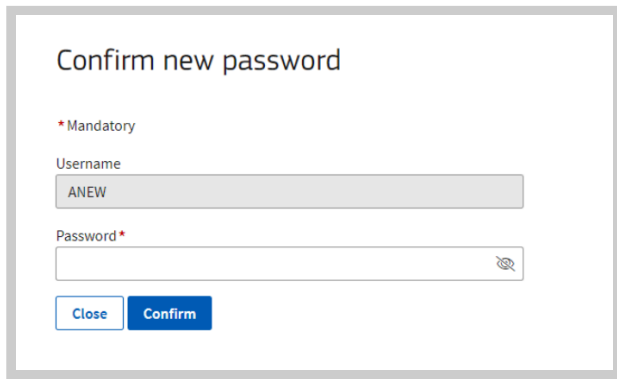

On this webpage please enter the required information to validate your new password. After the new password has been validated you can instantly use it to sign in Amadeus Selling Platform Connect.

[Please click here](#)

Best regards,

Your Amadeus Selling Platform Connect team

5. Enter your chosen password to validate it:

6. When all is done, you will get back to the login page.  
Now you can log in using your new password!

## Step 9

## Solution

Parent step: 3

## Log in credentials & signing in the first time

You will receive your **credentials** and **activation link** for Amadeus Connect via email.  
Title of the email: *AMADEUS: Your User Account Creation*

In the email you find your login and which office ID you should log in to.  
In general, it is:

**STOSG34AA** = Ticketing and Refund departments

**STOSG38AA** = All other departments

Click on the link in the email and follow the instructions to activate your account.

**Note!** You will receive another email confirming your password.

For any issues; please advise [here](#) and choose **Error messages when logging in and how to solve them**

See below for more detailed information about the process:

- Click on the link **Activate my account** to activate your account:

Dear AMANDA NEW,

Your user has been successfully created. You can find below your user information:

Organization: NMC-SCANDI

UserID: ANEW

Login: ANEW

Office: STOSG38AA

Sign: 0007AN

In order to activate your account, please set up a password by connecting to one of the secure URLs below according to your network access. Please use one of the links below and follow the instructions:

If you have an Internet access:

[Activate my account.](#)

If you have an Intranet access:

[Activate my account.](#)

If you do not know the type of access you have, then try accessing both links, one after the other. In case neither URL works, please contact your Help Desk.

**Once your account is activated, please wait two hours before accessing your new applications.**

Also, please note that you can change your password at any time by connecting to one of the above secure URLs.

Best Regards,  
The Amadeus Security Team

**AMADEUS**

- Choose your password and click on **SUBMIT**:

**Amadeus**

# Logon and Security Server

**New Password Request**

You are about to reset your password in: **PRODUCTION (PRD)**

**Identification**

Mode:

User Id:

Organization:

**New password**

New Password:

Confirmation:

If all requirements match you will receive the below message.  
**You cannot use your password yet.**

You will now receive another email to validate the password:

**Amadeus**

## Logon and Security Server

✔ **Your password request is accepted.**

You will receive an e-mail with a link to confirm your password change.  
You cannot use your password until you validate it.

Click on the **link** in the email to validate the password:

Dear **AMANDA NEW**,

Please click on the following link to confirm your new password:

<https://www.security-service.amadeus.com/1ASiHLSS/reset/activate?KEY=FC0CD8908F44F9644756C0702648DDC455360740>

This validation link is only valid for the time mentioned below:  
2022-01-19 13:56:22Z

If you do not want to change your password, please ignore this email.  
If you received this email and did not make a password change request, please contact your helpdesk.

Best regards,  
Amadeus Password Changer

**amadeus**

- Enter the password again and click on **VALIDATE PASSWORD:**

System: PRODUCTION (PRD)

**Identification**

Mode: User + Organization ▼

User Id: ANew

Organization: NMC-SCANDI

**Validate Password**

Password:

Validate Password Exit

- When all is **updated and done**; you get this message and you can now log in.

### ✓ Password Validation Successful

Your password has been initialized.

The user is activated.

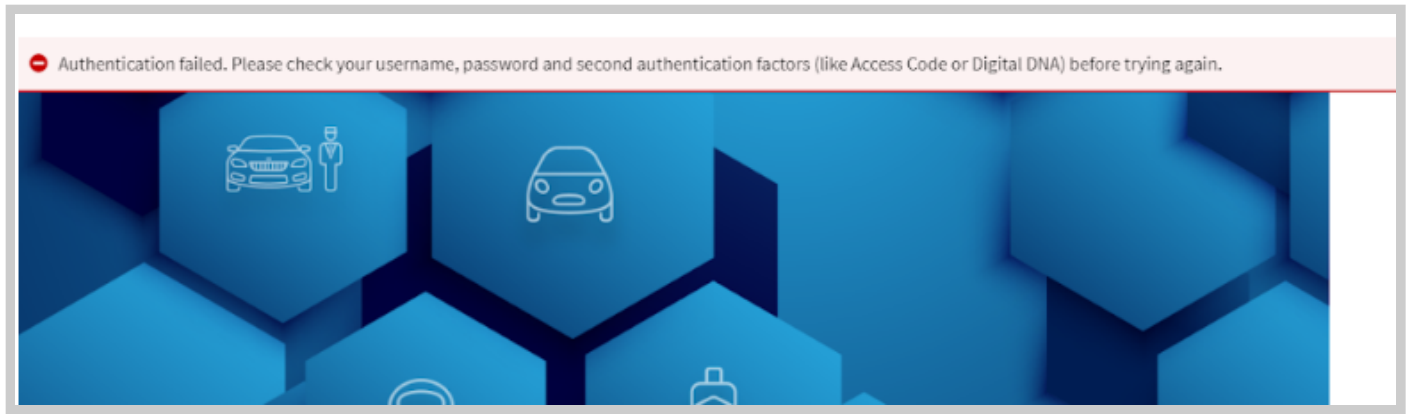

You can now log on Amadeus products.

Step 10

 Solution

Parent step: 2

Authentication failed. Please check your username, password and second authentication factors.

1. Try to sign in again, once, without doing anything. Sometimes it is just a temporary glitch.

*If still an issue:*

2. Make sure you have written the correct office ID. Most departments should sign in to STOSG38AA (with some exceptions).

3. Double-check so there are no spaces in your username or Office ID (before or after).

4. Make sure you do not enter the duty code (the field next to your username should be empty).

*If still an issue:*

5. Manually TYPE in your password. Do not use any saved password in the browser.

*If still an issue:*

6. Clean your browser cache and cookies for the previous 24 hrs.  
Then try to log in again.

*If still an issue:*

7. Reset your password with "Forgot your password".

**Make sure you manually add your new password. DO NOT use any previously saved password.**

*If you save the password during the "reset password"- section it will be saved under the incorrect username.*

If you still have an issue please create a case to System Support in the Portal.

***Outsourcing:*** Follow the procedure for contacting ETG support.

Make sure to provide:

- Your username
- Your office ID
- Screenshot of the error message
- Confirmation you have followed these 4 steps before making the Jira.

## Step 11

### Solution

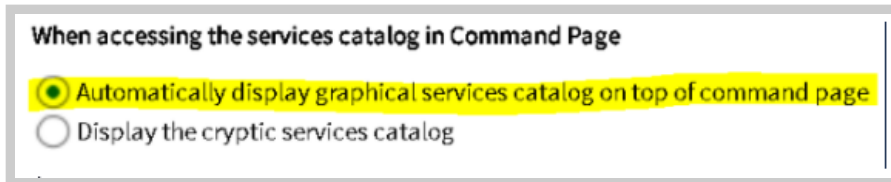

Parent step: 1

## Fixed catalog does not open in graphical mode

Certain offices may have a problem with showing the service catalog(for example, the LON office)

### Solution:

To fix it, click on **Setting Command page** Select the below option:

When accessing the services catalog in Command Page

☒ Automatically display graphical services catalog on top of command page

☐ Display the cryptic services catalog

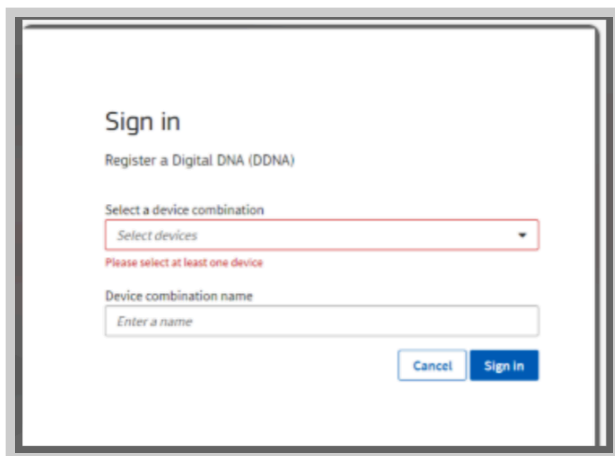

## Step 12

### Solution

Parent step: 2

## Register a Digital DNA (DDNA)

*When registering a DDNA, before the updated interface this was done in the background automatically, but now it needs to be done manually:*

Sign in

Register a Digital DNA (DDNA)

Select a device combination

Select devices

Please select at least one device

Device combination name

Enter a name

Cancel Sign in

**Select a device combination:** Choose one selection. *If you have multiple choices, choose any. It doesn't matter which one.*

**Device combination name:** Write your username.

Click **Sign in**.

*If you have any questions or issues, please raise a case to the System Support / Outsourcing Portal.*

## Step 13

### Solution

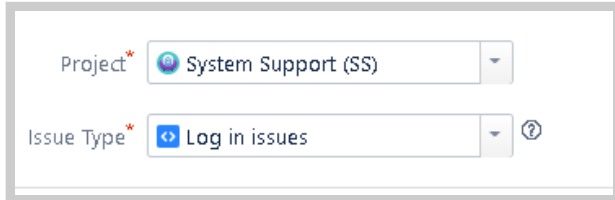

Parent step: 2

Your account is locked. Please contact your helpdesk.

Your account will be locked if you haven't logged in to Amadeus Selling Platform Connect for 90 days or more.

**Do this:**

Make a jira to **System Support** using issue type "Login issues":

The screenshot shows a Jira form with two dropdown menus. The first dropdown is labeled 'Project' and has 'System Support (SS)' selected. The second dropdown is labeled 'Issue Type' and has 'Log in issues' selected. There is a question mark icon to the right of the second dropdown.

Add the following info in the Jira:

- Screenshot of the error message
- Your username
- Your office ID you are signing in to

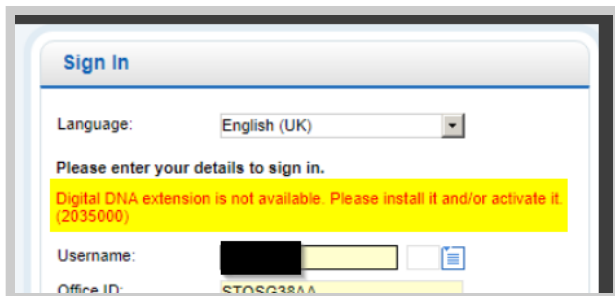

**For outsourcing agents** please follow pthe rocedure for contacting ETG support.

## Step 14

### Solution

Parent step: 2

Digital DNA extension is not available. Please install it and/or activate it.

The screenshot shows a 'Sign In' page. At the top, there is a 'Language' dropdown set to 'English (UK)'. Below that, a message says 'Please enter your details to sign in.' A yellow error banner reads 'Digital DNA extension is not available. Please install it and/or activate it. (2035000)'. Below the banner, there are fields for 'Username' and 'Office ID'. The 'Username' field has a blacked-out value, and the 'Office ID' field has the value 'ST0SG38AA'.

You are missing DDNA plug in needed for verification.

**Do this:**

*For in-house:*

Make a case to ITS- team via [Service desk](#) to install DDNA plug in.

*For Outsourcing partners:*

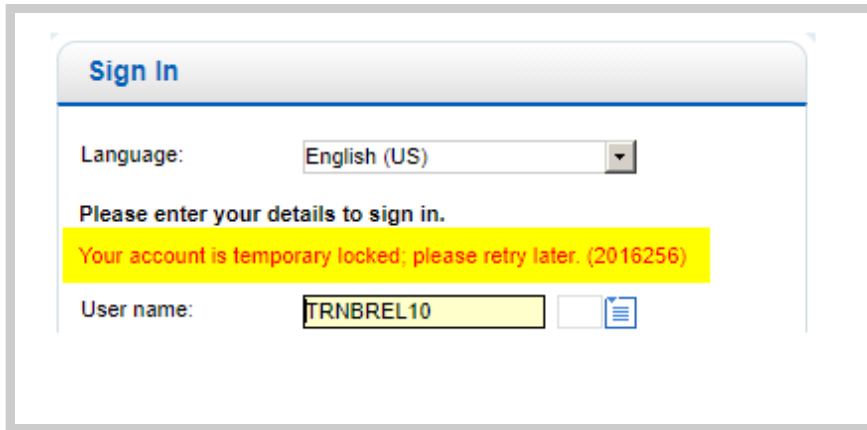

Contact your local IT- department to install DDNA plug in.

## Step 15

### Solution

Parent step: 2

Your account is temporary locked, please retry later

The account will be locked for approximately 30 minutes due to security after 6 failed attempts.

#### Do this:

1. **Wait** 30 minutes
2. Then click **Forgot Your Password** and reset your password.

## Step 16

### Solution

Parent step: 3

## Owner of a specific User Id

Contact your Supervisor/Manager if you need to know who is the **owner of a specific User ID**.

## Step 17

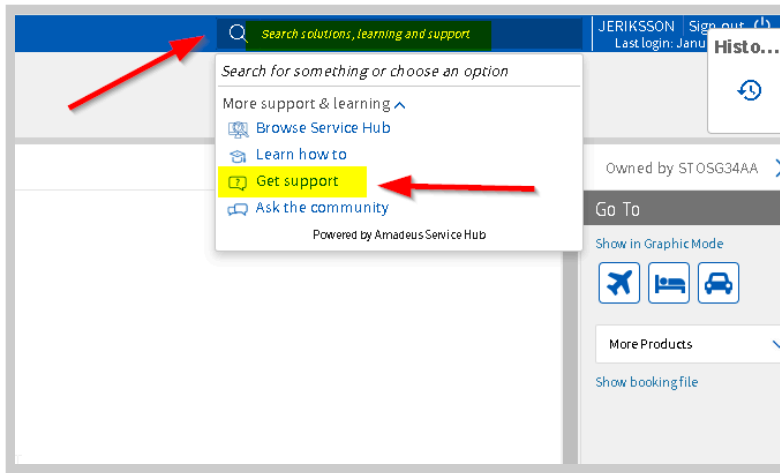

### Solution

Parent step: 1

## Amadeus Service Hub - Get support

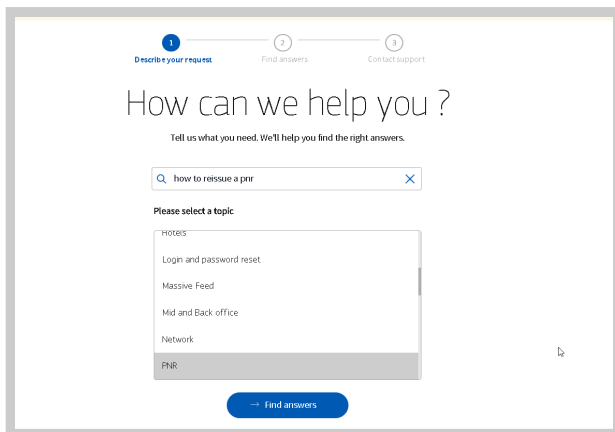

- Access Amadeus Service Hub via Sell Connect
- Click on the search- bar on the right corner.
- Choose "Get support".
- Get support page in Amadeus Service Hub will open in a new tab.

Use this to find answers to your questions, log a case, or find information to call Amadeus Support:

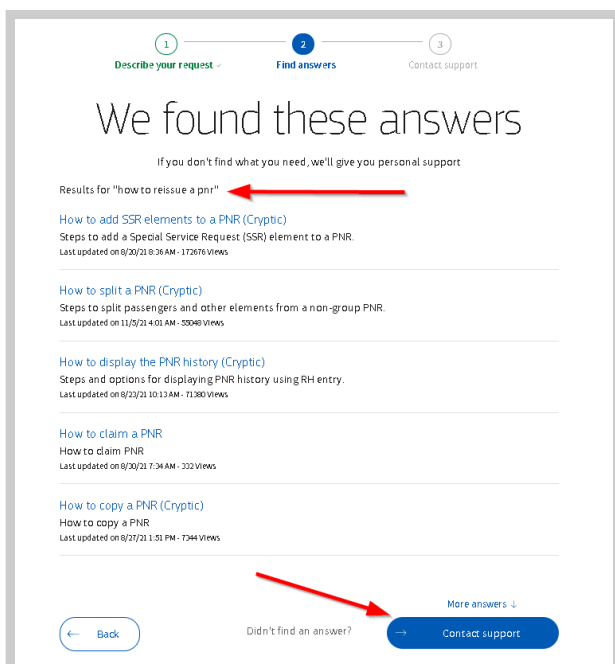

You can also open Amadeus Service Hub first page also by clicking "Browse Service Hub".

- Type your question.
- Choose topic
- Click **Find answers**

You will get suggestions for your questions.

If none of these suggested articles answers your question click **Contact Support** to log a case or call Amadeus Support:

Under **Contact support** you will find other options to either:

- Open a case to Amadeus Support
- Call Amadeus support (finding phone numbers and access pin needed)

1 Describe your request ✓ 2 Find answers ✓ 3 Contact support

## Need more help? Contact us

Choose one of the following support options

**Recommended**

**Open a case**

Send your request to our agents.

PNR, Queues & Profile **Open a case**

**Call us**
