Step 1 - Starting point

 Question

No linked steps

Consolid will be charging us 5 USD per finalized request, per passenger. As this is a case-to-case scenario since we are not aware in advance of when the customer will confirm the relevant modification, always inform the total cost, including the 5 USD per person.

Step 12

Step 2

Solution

Parent step: 1

Backoffice portal - how to void

All refund claims must be handled by Frontline!

The only refund that can be made through the Consolids BO portal is VOID (Same date as ticket issuance), For other Cancellation/Refund please check the tab for the Consolid Support portal.

If the customer calls and wants to void their ticket

FL agent:

Inform the customer about our cancellation policy as per usual routine, and that booking will be placed on support.

No guarantee of a refund.

If void is successful support agent will send cancellation confirmation to pax.

FL agent places the booking on the urgent support queue. (send Slack or escalate to SOD depending on what office you belong to as void needs to handle ASAP).

FL Support:

log in to the Consolid BO portal <https://consolid.webtravelcaster.com/bo/Default.aspx>:

To search for your booking click on Bookings:

Home Bookings

Welcome, nada.lindberg

Remember to change the start booking date and insert PNR in the highlighted field under the Booking number and click on search. **The booking number for Consolid can only be found through the [Tripstack portal](#).**

The PNR that we see in Edvin does not work in the Consolids BO portal as it is the airline's own reference. You can try to search for the passenger's surname instead and change the start booking date and the booking should be visible below:

Booking ID	Created Time
[REDACTED]	March 18th, 2021 08:2

Booking Details

Status: Succeeded

Locator: [REDACTED]

Agency Reference: [REDACTED]

LCC Booking ID: [REDACTED]

Price: 156.8 USD

Email: [REDACTED]

Passenger Details

Copy the agency reference go back to the Consolid BO portal and insert the reference in the booking number field.

To Void the booking:

When you have searched for your booking in the BO portal by booking number or surname.

Click on the pen to open it:

To check if void is possible, you can see at the bottom of the page after you have retrieved the booking. Due to a recent update now we can see more details:

Issue data	
Issue Time	Last void date
20FEB-2023 12:04 ARG	21FEB-2023 01:59 ARG
20FEB-2023 16:04 User	21FEB-2023 05:59 User

Also, to be able to confirm the time shown, the portal has been updated and it can show the time both in ARG and on the user's time:

Booking number:		Booking date:	20/02/2023 11:51:06 ARG / 20/02/2023 15:51:06 User
Booking status:	Issued	Last ticketing date:	20FEB 09:50 / 20FEB 15:50 User
Agency:		Agy / ID Web:	CSD / 1999

If void is possible, the red "Cancel booking" button should be shown in the booking order view:

Fee/Discount information

Fee: 2.00 USD

Discount: 0.00 USD

Commission: 0.00 USD

Extras: 0.00 USD

You can void the booking from the order view (the booking order view is on the first start page, where you search for the booking/PNR):

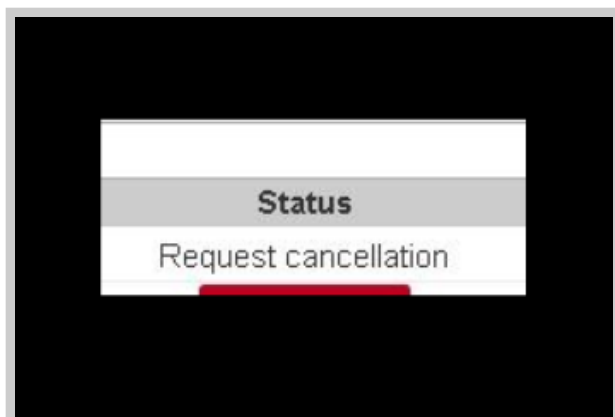

or by clicking on the Cancel button:

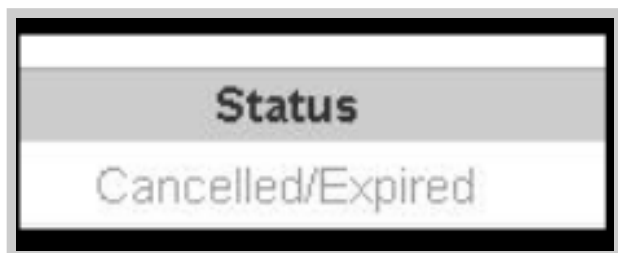

A screenshot of a 'Cancel booking' dialog box. The title bar is green with a close button. The main content area is white and contains the following text: 'You will cancel the booking with number [REDACTED]', 'Please enter cancellation reason:', and a text input field containing 'Void of ticket - full refund'. Below the input field, it says 'This action cannot be undone. Are you sure about this?'. At the bottom, there are two buttons: 'Don't cancel' (blue) and 'Cancel booking' (red).

Fill in the cancellation reason void - full refund.

The ticket status in the booking order view (booking order view is where you search for the booking/PNR), has to change to:

Status has to change to:

Only when the ticket has changed to **Cancelled/expired** we can confirm the void to the customer:

Date and User	Booking status	Payment status	
18/03/2021 7:01:06 AM nada.lindberg	Cancelled/Expired	Pending payment	Void - full refund CANCEL OK [N]

If you see this message, your void is not completed and you must contact [Consolid support](#) to void the ticket:

Booking history			
Date and User	Booking status	Payment status	Comment
13/07/2021 10:09:42 AM mariano menini	VOID	Pending payment	ERROR-Error while cancelling: VOID require Manual process of DEFX command to VOID tickets. Create a Ticket in the support portal
13/07/2021 9:45:17 AM mariano menini	VOID	Pending payment	
13/07/2021 9:18:41 AM nada.lindberg	Issued	Pending payment	VOID ERROR-Error while cancelling: VOID require Manual process of DEFX command to VOID tickets
13/07/2021 5:08:15 AM			

Sometimes it can take time for the void to be confirmed, as long as we have performed the void request from our end Consolid will handle it from their end.

Only when you see that the ticket status has changed to **Cancelled/Expired/Voided** you can continue with the next steps and send confirmation to the customer.

If the status hasn't changed to voided, try logging out from the BO portal and then log in after a couple of minutes.

If the void status is still "**request cancellation**" and the void period is getting out of reach, **contact Consolid through the Consolid Support portal** (please see instructions in this same Shelf folder above this one).

When the void status is Canceled/Expired, Void is confirmed in the BO portal:

Copy the void confirmation message from the Consolid backoffice portal in the booking history tab, go to Edwin Modify order, and add the copied text in your register errand in modify order:

Send a cancellation confirmation email to the passenger from Edvin.

Step 3

Solution

Parent step: 1

Airline policies in the support portal

Before contacting Consolid support, please always check the knowledge base if we have the answer there.

You can check airline policies directly at <https://consolidglobal.zendesk.com/hc/en-us>.

Click on the 'Airline Policies' button:

 Search

General Information

Airlines Policies

When you click it, you will see a list of carriers and their policies per each process they follow as per below:

Airlines Policies

Air France/KLM (AF/KLM)

AF/KL - Schedule change policy

American Airlines (AA)

AA - Unaccompanied minor

AA - Schedule change policy

AA - Correct name policy

AA - Critical Illness Exception Requests

AA - Agency website

AA - Add extra baggage

Alaska Airlines (AS)

AS - Name correction and transfer policy

Air France (AFR)/ KLM (KL)

AF/KL - Flowchart ENG

Avianca (AV)

AV - Schedule change policy

All Nippon

NH - Waiver Authorization Code for Flight Operation Irregularity

NH - Agency Website

Air New Zealand (ANZ)

NZ - Agency Website

Air Europa (UX)

UX - Agency information regarding COVID

The majority of the Consolid carriers we are allowed to manage directly through the carrier's website. Please read the policies and check in the Schedule change/Force Majeure Consolid decision three on how to handle this carrier through Consolid support or via the carrier's website.

Step 4

Solution

Parent step: 1

Name correction

For name corrections, a passport copy is always needed, along with the reason for the name correction, before queuing for FL support.

We can handle name corrections directly from the airline's website manually. We are NOT allowed in any case to contact the airline. All agents should handle customer requests directly on the carrier's website following the LCC routine, or we can refer the customer to the airline.

If support is needed FL agent can contact Consolid support through the process [here](#) in Shelf.

We can manage bookings through the airline's website, pay for any request, and use VAN payment according to the regular LCC procedure.

When making a payment with a VAN card on the airline's website agent must always create a VAN in Edvin. Please find VAN creation instructions here: [Shelf -> Edvin -> 14. Create VAN card](#)

When VAN is created fulfill the request on the airline's website.

If you can not complete the name correction on the airline's website, you can contact the Consolid support as per Shelf instructions. If payment is made through invoice in the Consolid portal, the agent must always queue booking afterward in Edvin to the **"UPA TKT- "Close D365 External portals"**.

Place on queue- UPA TKT- "Close D365 External portals":

In this queue agent must state below:

Airline website or through Consolid support:

- What was done: rebooking, EMD (type of EMD seat bag), name correction
- Which passenger:
- Price per pax:
- Total price:
- Ticket/EMD number (if applicable):
- Form of payment (VAN - if airline website, invoice - if through Consolid support).

Send email confirmation to the customer from Edvin. Use the template titled *"External portal booking details"* located under folder First Line Other.

Step 5

Solution

Parent step: 1

Rebooking

We can handle rebooking requests directly from the airline's website manually. We are NOT allowed in any case to contact the airline. All agents should handle customer requests directly on the carrier's website following the LCC routine, or we can refer the customer to the airline.

If support is needed FL agent can contact Consolid support through the process [here](#) in Shelf.

We can manage booking through the airline's website, pay for any request, and use VAN payment according to the regular LCC procedure.

When making a payment with a VAN card on the airline's website agent must always create a VAN in Edvin. Please find VAN creation instructions here: [Shelf -> Edvin -> 14. Create VAN card](#)

When VAN is created fulfill the request on the airline's website.

If you can not complete the name correction on the airline's website, you can contact the Consolid support as per Shelf instructions. If payment is made through invoice in the Consolid portal, the agent must always queue booking afterward in Edvin to the **UPA TKT- "Close D365 External portals"**.

Place on queue- UPA TKT- "Close D365 External portals"

In this queue agent must state below:

- Airline website or through Consolid support:
- What was done: rebooking, EMD (type of EMD seat bag), name correction
- Which passenger:
- Price per pax:
- Total price:
Ticket/EMD number (if applicable):
- Form of payment (VAN - if airlines website, invoice - if through Consolid support,).
- Once the rebooking is confirmed, proceed with the rest actions in Edvin as per our normal routines as per this Shelf page: [Sync Trip button, under the customer trip field](#).
If this is not possible, use the old routine: Send email confirmation to the customer from Edvin. Use the template titled *"External portal booking details"* located under folder First Line Other and Register an Errand.

Step 6

Solution

Parent step: 1

Support portal - How to handle customer requests

Void must always be handled by FL support. We are not allowed to refer to the airline or queue booking to BO.

FL support must finalize the void steps. **Never refer void to the airline in any case.**

<https://consolid.webtravelcaster.com/bo/Default.aspx>

The void description can be found on the void tab in this same Consolid folder.

Other support cases

We can handle all rebookings, ancillaries, wheelchair assistance, name corrections, etc directly from the airline's website manually. We are NOT allowed in any case to contact the airline. All agents should handle customer requests directly on the carrier's website following the LCC routine, or we can refer the customer to the airline.

If support is needed FL/BO agent can contact Consolid support through the process down below.

Exception airlines:

2I, VE, 9R, 9A, 4A, AV - when handling these airlines we must contact Consolid support, we can't handle these airlines on the airline's website and we are not allowed to either refer to or contact the airline.

For all other airlines, we can manage booking through the airline's website, pay for any request, and use VAN payment according to the regular LCC procedure.

If you can not complete rebooking or the request on the airline's website, you can contact the Consolid support as per the below instructions.

When rebooking or adding any payment with a VAN card on the airline's website, the agent must always create a VAN in Edvin. Please find VAN creation instructions here: [Shelf -> Edvin -> 14. Create VAN card](#)

All customer requests **except from Void** can be handled through Consolids Support portal: <https://consolidglobal.zendesk.com/hc/en-us>.

As per above agents are preferred to handle requests directly on the airline's website, except for some airline exceptions as stated above.

For any payment links sent to pax, whether you make the name correction or rebook on the airline's website or through the Consolid portal you can use one of the below add-on products together with our fees as per usual routine:

Add on cart

Add on Sales Our Fee & SP Airline Cost and other

	Name	Our Fee	Provider Cost	Text to customer
	Airline Cost - Flexible Ticket (LCC & GDS)			No text added
	Airline Cost -Name Change			No text added
	Airline Cost - Rebooking / New Ticket (LCC) NOT Flexible Ticket			No text added

When you have to contact Consolid in the Support portal:

As stated above it is preferred that we make all changes, add-ons, etc directly on the airline's website. But if we need to we can contact Consolids support.

Support is open between 9.30 am GMT-3 - midnight (local Argentinian time) .

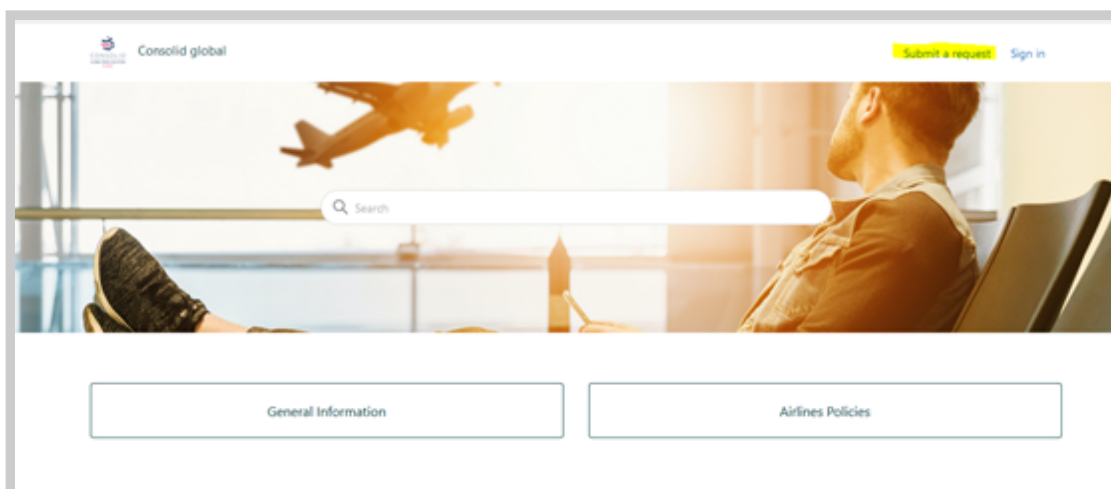

Through this portal, **we can request:**

Rebooking, a refund (NOT void, but any other refund request), name correction inquiries, wheelchair assistance, etc.

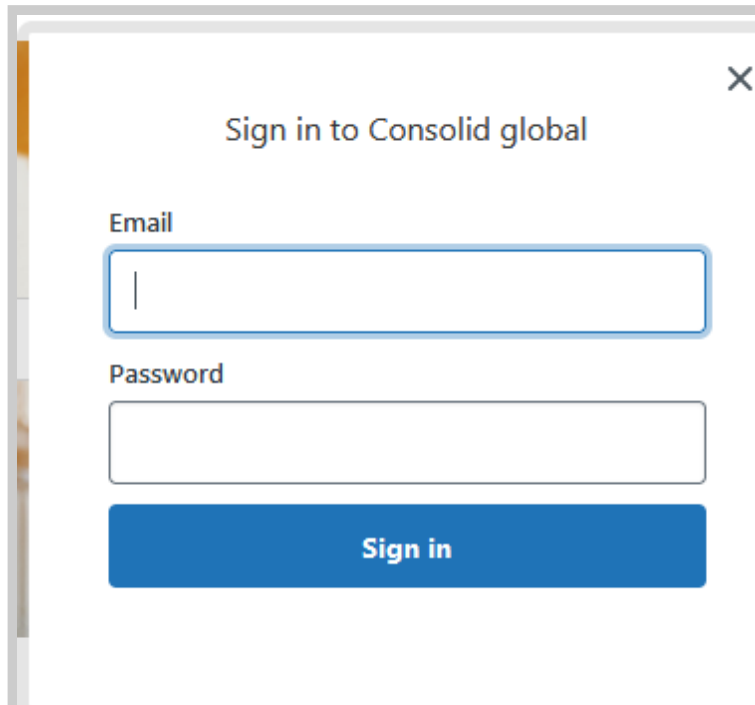

We can not request: baggage, seating, etc. This has to be done directly on the airline's website. We can assist the customer by checking the ancillary price on the airline website and charging the relevant fee or referring directly to the airline for add-ons.

How you create a ticket (request) through Zendesk

You should log in using the information [here](#) and click on 'Submit a request':

You'll be requested to log in to the system:

A modal window titled "Sign in to Consolid global" with a close button (X) in the top right corner. It contains two input fields: "Email" and "Password". Below the password field is a blue "Sign in" button.

✕

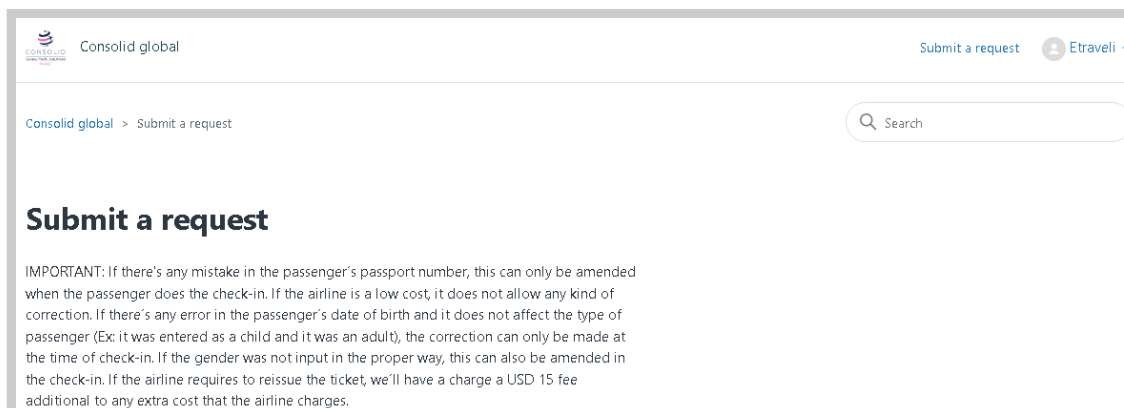

Sign in to Consolid global

Password

Sign in

Once you're logged in, you should select the topic to receive our support accordingly:

The "Submit a request" page for Consolid global. It features a header with the company logo, navigation links, and a search bar. The main content area includes a heading "Submit a request" and a paragraph of important information regarding passport and birth date corrections.

 Consolid global

Submit a request Etraveli

Consolid global > Submit a request

Search

Submit a request

IMPORTANT: If there's any mistake in the passenger's passport number, this can only be amended when the passenger does the check-in. If the airline is a low cost, it does not allow any kind of correction. If there's any error in the passenger's date of birth and it does not affect the type of passenger (Ex: it was entered as a child and it was an adult), the correction can only be made at the time of check-in. If the gender was not input in the proper way, this can also be amended in the check-in. If the airline requires to reissue the ticket, we'll have a charge a USD 15 fee additional to any extra cost that the airline charges.

Once you fill all the mandatory fields, you should click on submit:

Step 7

Question

Parent step: 12

Consolid Consolidator (via Tripstack)

General Guidelines	Click here for the login details:  Consolid for FL We are NOT allowed in any case to contact directly the airlines.
How do we receive the SC notifications?	All SC notifications are automatically forwarded to the passengers through OTRS. Exception airlines - Full Service Carrier: 1. Avianca, 2. Latam, 3. Gol - 2I, VE, 9A, 4A : Contact Consolid support for alternatives/refund. Do not redirect passengers to the airline. Schedule change notifications for the exceptional carrier are: - send via OTRs
What ETG is responsible for handling?	Non-VI We handle all schedule changes that occur up to 24 hours from departure from Edwin Workmode, but the agent should always check and remove it from any other queue. VI We handle all schedule changes, and agent should always remember to remove them from any other queue, before handling.
How does ETG handle the SC notification?	Check the link for the handling via Phone SC task Check the link for the handling via Chat SC task Check the link for the handling via Email SC task Check the link for the handling via SC WM task: SC Description Manual handling <i>Note: All SC agents should handle customer requests directly on the carrier's website following the LCC routine or apply a request via the Consolid platform</i>
If the agent is not trained in SC handling, follow the below:	If the customer contacts us for rebooking or refund due to a schedule change, and there is no information under Edwin: 1. Open the booking via the airline portal 2. Check if there is a schedule change. 3. Transfer the call to SC Q based on the division:  FL/SC Genesys Qs to transfer an interaction and checklist

Step 9

Solution

Parent step: 7

How to inform passenger about SC

Please handle according to the [SC Description -> How to handle a case through workmode](#)

Step 10

Solution

Parent step: 7

How to apply request to Consolid for assistance with invol reissue or refund

We can handle all rebookings, ancillaries, wheelchair assistance, name corrections, etc directly from the airline's website manually.

We are NOT allowed in any case to contact the airline. All agents should handle customer requests directly on the carrier's website following the LCC routine, or we can refer the customer to the airline.

If support is needed or FL/SC agent cannot complete invol rebooking/refund on the airline's website, then you can contact **Consolid support** through the process down below.

Exception airlines:

2I, VE, 9R, 9A, 4A, AV: when handling these airlines we must contact Consolid support, we can't handle these airlines on the airline's website, and we are not allowed to either refer to or contact the airline.

All customer requests **except void** can be handled through Consolids Support portal: <https://consolidglobal.zendesk.com/hc/en-us>.

When you have to contact Consolid in the Support portal:

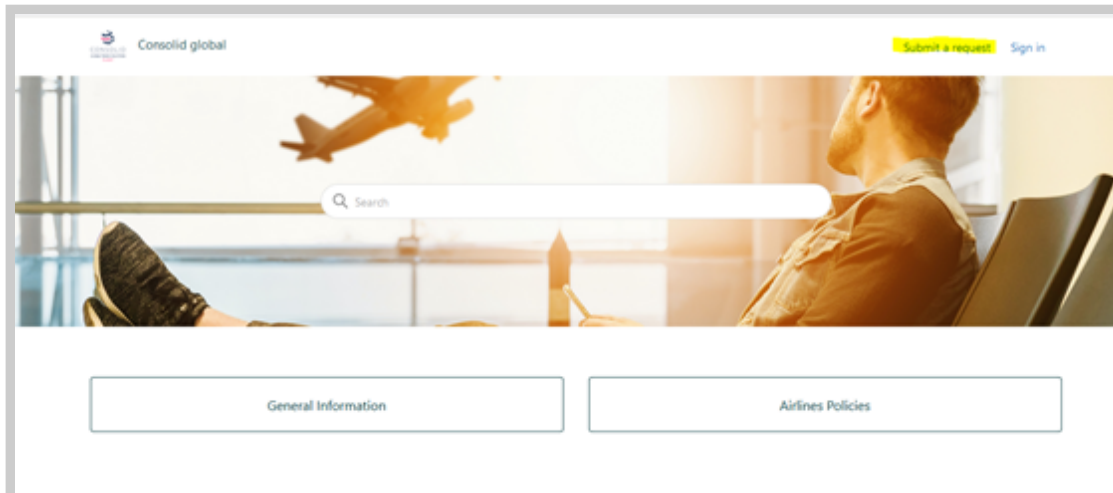

As stated above it is preferred that we make all changes, add-ons, etc directly on the airline's website. But if we need to we can contact Consolids support. Support is open between 9.30 am GMT-3 - midnight (local Argentinian time)

Through this portal, **we can request:** Involuntary rebooking or refund, wheelchair assistance, etc.

We can not request: baggage, seating, etc. This has to be done directly on the airline's website. We can assist the customer by checking ancillary prices on the airline website or referring directly to the airline for add-ons.

How to create a ticket (request) through Zendesk

You should log in using the information [here](#) and click on 'Submit a request'.

You'll be requested to log in to the system:

The image shows a login modal window titled 'Sign in to Consolid global'. It has a close button (X) in the top right corner. The form contains two input fields: 'Email' and 'Password'. Below the password field is a blue 'Sign in' button.

Once you're logged in, you should select the topic to receive our support accordingly:

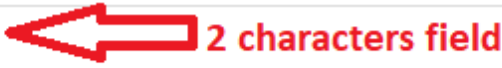

The image shows the 'Submit a request' page on the Consolid global website. The header includes the Consolid global logo, the 'Submit a request' link, and a user profile icon labeled 'Etravelli'. Below the header is a breadcrumb trail: 'Consolid global > Submit a request'. A search bar is also present. The main heading is 'Submit a request'. Below this is an 'IMPORTANT' notice: 'If there's any mistake in the passenger's passport number, this can only be amended when the passenger does the check-in. If the airline is a low cost, it does not allow any kind of correction. If there's any error in the passenger's date of birth and it does not affect the type of passenger (Ex: it was entered as a child and it was an adult), the correction can only be made at the time of check-in. If the gender was not input in the proper way, this can also be amended in the check-in. If the airline requires to reissue the ticket, we'll have a charge a USD 15 fee additional to any extra cost that the airline charges.'

Once you fill in all the mandatory fields fill in the PNR and everything else asked for accordingly and explain the customer's request as detailed as possible, you should click on submit:

Submit

Please ALWAYS remember to use Consolid's reference when opening a request and not ours or the airline's.

When the FL agent has sent the request to Consolid - queue booking to Support (choose the correct location for your support team in Edvin.) And change it to "waiting for supplier reply".

If the booking is already on the support queue you still need to: change the action to: Waiting for supplier's reply.

This will create a case for you:

This is a follow-up to your previous request #72 ""

It is the Support agent's responsibility to keep track of the reply in Consolids Support portal. When there is a booking on our internal support queues, the agent can check if a reply is received by logging on to Consolids support portal.

The agent needs to charge the customer before confirming any payment to Consolid support.

After an involuntary reissue through Consolids support, booking must be queued in Edwin **UPA TKT- "Close D365 External portals"**.

Place on queue- UPA TKT- "Close D365 External portals"

If with Flex tkt:

- System handled: Consolid support portal
- Action taken: vol reissue/invol reissue
- FOP: how was the service paid for by us: BSP CASH
- Amount: what was the airline fee per person
- New ticket number(s):
- TOT A/L fee : XXX
- DIFF due to FLX TKT: XXX

If no Flex tkt:

- System handled: Consolid support portal
- Action taken: vol reissue/invol reissue
- FOP: how was the service paid for by us: BSP CASH
- New ticket number(s):
- Amount: airline fee, reissue cost per person
- TOT A/L fee : XXX

Step 11

Solution

Parent step: 7

How to send updated ticket to pax via Consolid

After the customer confirms the new alternative, you can request Consolid to forward the new itinerary/ticket. This email will be visible in OTRS, but it is not going to be auto-forwarded to the passenger. Thus, agents need to log in to OTRS and manually forward the new tickets to the passenger. For more information on how to do that, please check "[How to work with OTRS](#)".

Step 12

Question

Parent step: 1

Flight Irregularities

1. SC - Schedule change

Step 7

2. FM - Force Majeure

Step 16

Step 13

Solution

No linked steps

Support portal (old) - how to handle customer requests

Void must always be handled by FL support. We are not allowed to refer to the airline or queue booking to BO. FL support must finalize the void steps. **Never refer void to the airline in any case.**

<https://consolid.webtravelcaster.com/bo/Default.aspx>

Void description can be found on the void tab in this same Consolid folder.

We can handle all rebookings, ancillaries, wheelchair assistance, name corrections etc directly from the airlines own website manually. We are NOT allowed in any case to contact the airline. All agents should handle customer requests directly on the carriers website following the LCC routine, or we can refer the customer to the airline. If support is needed FL/BO agent can contact Consolid support through the process down below.

Exception airlines: **2I,VE,9R,9A,4A,AV** when handling these airlines we must contact Consolid support, we can't handle these airlines on the airlines own website and we are not allowed to either refer to or contact the airline.

For all other airlines we can manage booking through the airlines own website, to pay for any request, use VAN payment according to regular LCC procedure.

If you can not complete rebooking or the request on the airlines own website, you can contact the Consolid support as per below instructions.

When rebooking, or adding any payment with van card on airlines own website agent must always create VAN in Edwin. Please find VAN creation instructions here: [Shelf -> Edwin -> 14. Create VAN card](#)

All customer requests **except** from Void can be handled through Consolids Support portal: <https://support.consolidglobal.com/index.php>

As per above agents is preferred to handle request directly on the airlines own website, except for some airline exceptions as stated above.

For any payment links sent to pax, whether you make the name correction or rebooking on the airlines website or through the Consolid portal you can use one of the below add on products together with our fees as per usual routine:

Add on cart

Add on Sales Our Fee & SP **Airline Cost and other**

Name	Our Fee	Provider Cost	Text to customer
 Airline Cost - Flexible Ticket (LCC & GDS)			No text added
 Airline Cost - Name Change			No text added
 Airline Cost - Rebooking / New Ticket (LCC) NOT Flexible Ticket			No text added

When you have to contact Consolid in the Support portal:

As stated above it is preferred that we do all changes, add ons etc directly on the airlines website. But if we need to we can contact Consolids support.

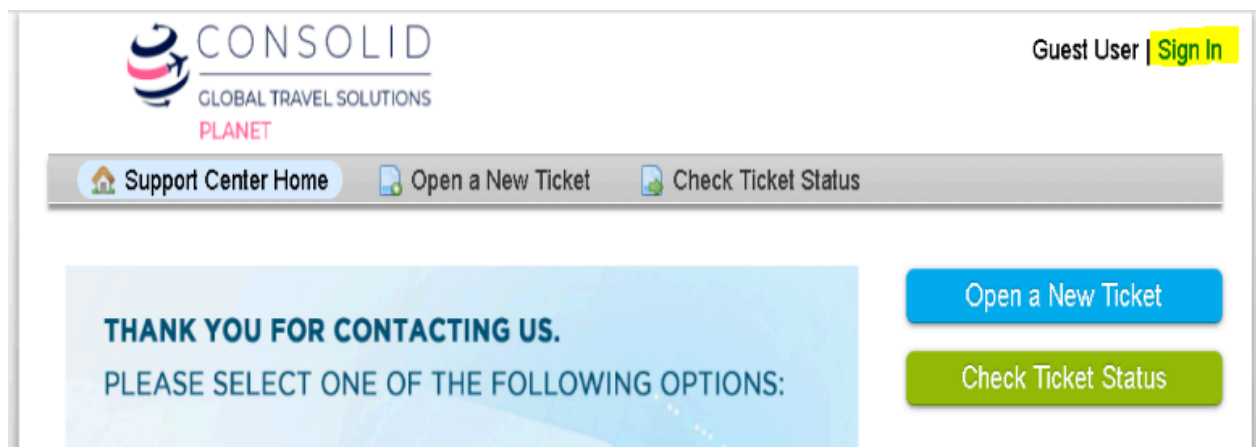

Support is open between 9.30 am GMT-3 - midnight (local Argentinian time)

Through this portal we can request:

Rebooking, refund (NOT void, but any other refund request), name correction inquires, wheelchair assistance etc.

We can not request baggage, seating etc. This has to be done directly at the airlines own website. We can assist the customer by checking ancillary price on the airline website and charge SP, or refer directly to the airline for add ons.

Click on the blue text that says “sign in”, in the top right corner.

Fill in credentials:

User: etg.consolid@etraveligroup.com

Password: Rwtky7@sB!

Sign in to Consolid SRL

To better serve you, we encourage our Clients to register for an account.

~~Not yet registered? [Create an account](#)

I'm an agent - [sign in here](#)~~

Sign in to the left, do not use the "I'm an agent" sign in as it is not applicable for our accounts.

How to raise support request to Consolid:

We can either log on to the airlines website and check rebooking, add baggage, seat etc. or we can send request to Consolid support.

If we pay anything at airlines website or confirm a rebooking etc in the Consolid portal, any time there is a payment from us and pax, everything needs to be added in Edwin notes and also queued to "Fix in D365. More info further down for this.

To raise a question to Consolid click on open a new ticket and choose the topic, if no topic suits your query choose "other".

(If departure is within 72 hours that topic must be chosen in the help topic option.)

Open a New Ticket

Please fill in the form below to open a new ticket.

Email: etg.consolid@etraveligroup.com
Client: Etraveli Group

Help Topic

— Select a Help Topic — *

Create Ticket

Reset

Cancel

Here you always need to choose YES:

Source

IS IT AN API BOOKING? *

YES

Fill in the pnr and everything else asked for accordingly and explain the customers request as detailed as possible.

When FL agent has sent the request to Consolid - queue booking to Support (choose the correct location for your support team in Edvin.) And change it to "waiting for supplier reply".

Actions for item

Owner

☐ Assign Assigns the queue item to the current user

Status

☐ Mark as in progress Mark the item as in progress, meaning you're now working on it

☐ Waiting for customer reply Marks the item as 'parked' while waiting for the customer to call us back

☒ **Waiting for supplier reply** Marks the item as 'parked' while waiting for the supplier to call us back

☐ Need to be handled Mark the item as 'Need to be handled'. Action needs to be taken.

Queue Actions

☐ Remove from queue Removes the item from the queue it's in

Place on Queue after handling

If booking is already on the support queue you still need too: change the action to: waiting for supplier reply.

Under “tickets” we can see all support inquiries raised by ETG and we can also search on the pnr or (support) ticket number (not to be confused with eticket number).

It is the Support agents responsibility to keep track on the reply in Consolids Support portal. When there is a booking on our internal support queues, agent can check if reply is received by logging on to Consolids support portal.

Form of payment for requests that are made in the portal is invoice. Agent needs to charge the customer before confirming any payment to Consolid support.

When any payment through **invoice** has been made through Consolids support, booking must be queued in Edwin FIX IN D365 queue,

In this queue UPA TKR - FIX IN D365 agent must state below:

Airline website or through Consolid support:

What was done: rebooking, emd (type of emd seat bag), name correction

Which passenger:

Price per pax:

Total price:

Ticket/EMD number (if applicable):

Form of payment (VAN - if airlines website, invoice - if through Consolid support,):

Step 14

Solution

Parent step: 1

LCC exceptions

All Consolid bookings can be handled according to our regular LCC routines.

Exceptions:

We must assist with the following airlines:

2I, VE, 9A, 4A, AV: we are not allowed to refer the customer to contact the airline. These airlines can't be handled from the airline's website, we must contact Consolid support for assistance. Except for void - we still handle these from the Consolid void portal.

For the rest of the airlines sold through Consolid. As the majority is LCC we can follow the regular LCC guidelines. For all airlines sold with Consolid, we can always contact Consolid support for assistance if needed.

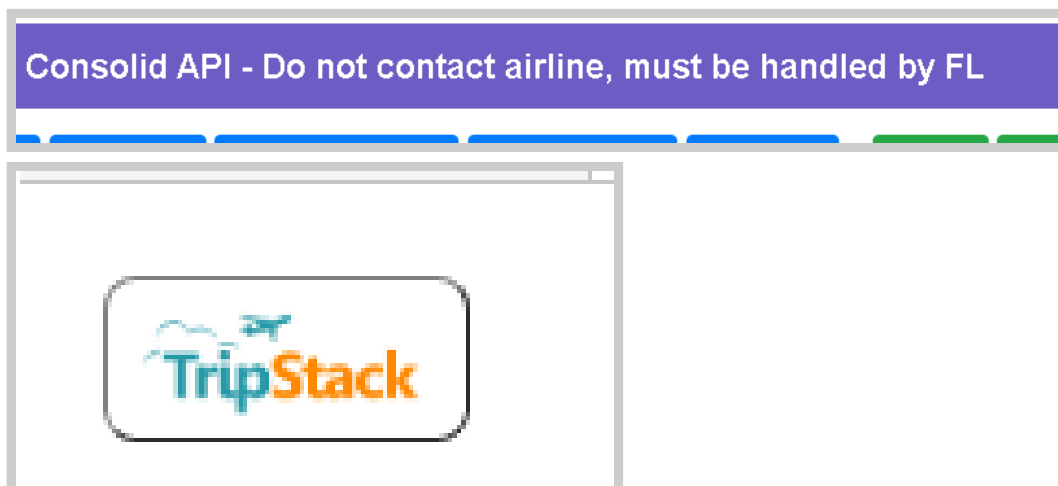

Step 15

Solution

Parent step: 1

General information and login

All Consolid bookings have the below banner and the Tripstack logo:

Consolid has 2 different portals.

Support portal: all agents can have access to this portal as there is only one shared account.

All customer requests such as rebooking, refund/cancel (except void), name corrections, assistance, etc). can be handled from the Support portal. Baggage/seating only directly on the airline's website or refer to the airline.

Shared credentials:

User: etg.consolid@etraveligroup.com

Password: Rwtky7@sB! (**ATTENTION:** after the exclamation point there is space).

<https://consolidglobal.zendesk.com/hc/en-us>

We only have 1 account with shared credentials.

ATTENTION: By clicking this link, it may appear the old portal interface. In such a case, please delete the cookies that are saved or open this link via incognito.

Please **ALWAYS** remember to use Consolid's reference when opening a request and not ours or the airline's.

The Backoffice portal:

Void that has to be handled through the Backoffice portal, and can only be handled **by FL support.**

Only FL support agents and BO have access to this portal.

Void is handled by FL Support and from this portal:

<https://consolid.webtravelcaster.com/bo/Default.aspx>

All FL support and BO agents have received an email with a personal login.

If you belong to FL support or Second line and do not have access to the Backoffice portal please contact your TL or manager. TL/Manager can create a jira for IT who is responsible for the accounts.

Step 16

 **Solution**

[Parent step: 12](#)

FM - Force Major

Force majeure process:

Check what information we have in the force majeure pages for the specific airline.
Customers can contact the airline directly for assistance.

If the customer can't get help from the airline we can contact Consolid support.

FL agents can either contact Consolid support directly through their portal sending an email and then queue to FL support as awaiting supplier reply, or queue to FL support who can contact Consolid.
