3. ✓ Remarks
4. ✓ Support queue
5. ✓ Consolidator Contact Info
6. ✓ Displayed in Edwin and GDS

Step 1 - Starting point

Question

No linked steps

What is consolidators?

Consolidators are other travel companies we are working with to get ourselves access to fares and tickets via their office IDs. That way, we can offer customers prices that we cannot offer through our own primary office IDs.

All communications with the airline need to be done via the consolidators, with no exceptions, unless otherwise mentioned.

If any airline policy is not clear **ALWAYS** email consolidator. **NEVER** redirect the customer to the airline.

Question

- | | |
|---|--------|
| 1. Consolidator Contact Info | Step 5 |
| 2. How can I tell it is a booking made with a consolidator? | Step 6 |
| 3. Remark routines | Step 3 |
| 4. Support queue | Step 4 |
| 5. Internal communication related to consolidators | Step 2 |

Step 2

Solution

Parent step: 1

Internal communication related to consolidators

As our connection with the consolidators needs very delicate handling, please follow the instructions below, to resolve any internal issue:

- If **contact details are missing**, please open the respective UEDI jira 'Task'.

Create Issue

 [Configure Fields](#)

All fields marked with an asterisk (*) are required

Project*  Update Edwin Document Info ... ▾

Issue Type*  Task ▾ 

- If we are facing **issues with the consolidator** or **any feedback** can be provided, please refer to your Manager or Team Leader or Supervisor or FL Coordinator to act according to the instructions shared.

ATTENTION:

NEVER contact the consolidator directly for pending refunds, whether they are claimed through BSP or GDS.

Step 3

 Solution

[Parent step: 1](#)

Remarks

- Register Errand should be used as per routine
- Remarks within FL should be noted in Edwin as per routine
- Retention line / ghost line is always to be added as per routine

Step 4

 Solution

[Parent step: 1](#)

Support queue

For any internal support, the PNR will be queued as per regular routines.

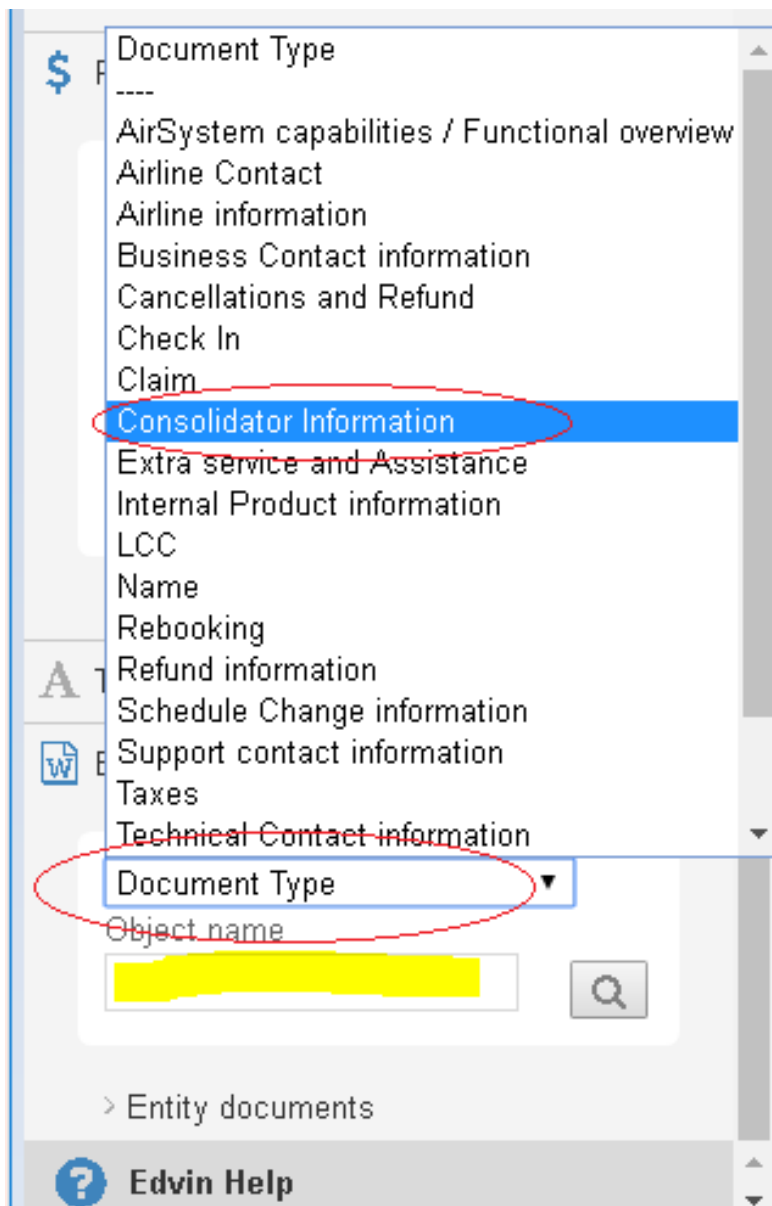

Step 5

 Solution

[Parent step: 1](#)

Consolidator Contact Info

The contact each Consolidator please refer to Edwin documents and/or [HERE](#)

We can search for Consolidator OID (Office ID) Ticketing/ PCC Area.

Edvin documents will then give us the info to that consolidator, and to view info just click the view icon:

Entity documents

#		Document name ▼	Object	Role	Type
1		Etravel	4ZTH	Ticketing OfficeID	Consolidator Information

In case there are no contact details for a consolidator in Edvin docs, you may raise a UEDI Jira for Edvin docs to be updated.

Make sure to use the correct contact information as the document usually has contact channels for both FL and Backoffice inquiries.

WNS: from Etrack named "Consolidator"

UPA: Emails consolidator from Etrack UK category 230.6 "UPA FI Airline and Consolidators"

ATH: Use category "230.7 ATH FL Consolidator" in Etrack. The reply will end up in inbox ATH FL Airline Contact

FN: Use category "230.10 FN FL Airline and Consolidator" in Etrack. The reply will end up in inbox FN FL Airline

and Consolidator

CNX: Use category "230.11 CNX FL Airline and Consolidator" in Etrack. The reply will end up in inbox CNX FL Airline and Consolidator

Note! consolidators are not supposed to contact the customer for us and we do not refer customers to contact the airline directly.

Template to use when contacting a consolidator -->

- PNR reference:
- Record locator(s):
- Our order reference:
- Ticket number(s):
- Passenger name:
- Our issue:

Step 6

 Solution

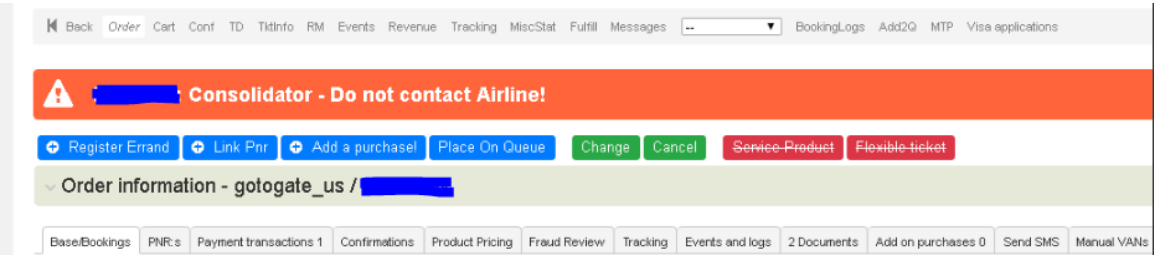

Parent step: 1

Displayed in Edvin and GDS

Edvin

It will be a regular Edvin order.

It will be shown clearly in Edvin that it is a booking made with a consolidator.

GDS

It is shown on a AP- line that the booking is a consolidator booking.
