Step 18

2. How to identify schedule change in FAST

Step 20

3. How to inform passenger about SC notification

Step 21

4. Involuntary reissue in FAST

Step 22

Step 4

Solution

Parent step: 2

General info and login

AY content via TF (Travelfusion) uses **CASH** for both primary and post-booking flow as FOP.

The content is available in the following IATAs:

- SE IATA STOSG34AA
- FI IATA 19210376

General info and login

- Use the link [here](#) and log in using your credentials.

If a new account must be created, please refer to your Team Leader or Manager.

Contact:

FAST provides in-app chat support with live agents available daily from 08-23h GST. Alternatively, you can reach out to the airline's support team via email.

Step 5

Solution

Parent step: 2

Retrieve PNR

Retrieve PNR:

- Enter the Booking reference number and the passenger's last name.
- Click on "**Claim**" in order to open the booking order:

Import PNR

Continue to service NDC bookings made outside of FAST by importing the PNR using this tool.

IMPORTANT: Please note you are not allowed to import PNR without performing a servicing action. It is allowed to import and service such PNR in FAST only in case the servicing capability is missing in Direct Connect or Aggregator connection.

PNR to be imported *

QQFUJV

Pax last name *

Smith I

Note:

- The PNR should have the Segment details
- The PNR should have Price quote details and Form of payment
- The PNR should include all relevant pax details (e.g. Name, DOB, Pax contact info)

Claim

Step 6

Solution

Parent step: 2

PNR history

PNR History:

The logic behind Finnair's portal is not like in GDS so **"History"** is not available for orders issued in the Portal.

The PNR within the portal will be available until the last ticketed coupon status is Flown, Used, or Cancelled.

After a cancellation or flown PNR, the history is NOT available on the portal.

Step 7

Question

Parent step: 1

Cancellation

The claim task has been moved to the SL team as of November 5, 2024.

Handling Based on Original Travel Time:

- If Original Travel is **more than 4 Hours:**
 - Inform customer about the Penalty and if the customer confirms the cancellation, click on "Modify" button accordingly, SL will continue and cancel the order in the Portal.
- If Original Travel is **within or Less than 4 Hours:**
 - Follow the standard refund routine as usual.

FL team will continue to:

- Handle urgent cases (clarification above)
- Void
- Check Rules and inform customers
- Placing on Support in case anything requires YY contact
- Modify button
- Send cancellation confirmation email

New Question

1. Void	Step 8
2. Fare Rules	Step 9
3. GDPR	Step 10
4. Dupe	Step 11

Step 8

 Solution

Parent step: 7

Void

VOID:

If the cancellation is within the same day of the booking creation, it will then result in a full refund with no penalty.

- Retrieve the order.
- If the customer has agreed to proceed with **VOID** (after advising ETG fees - if any), and we are within the VOID period, then you may click on the “Void” button.

Refresh view

Show itinerary

Mail ITR/e-ticket

Add seats

Add ancillaries

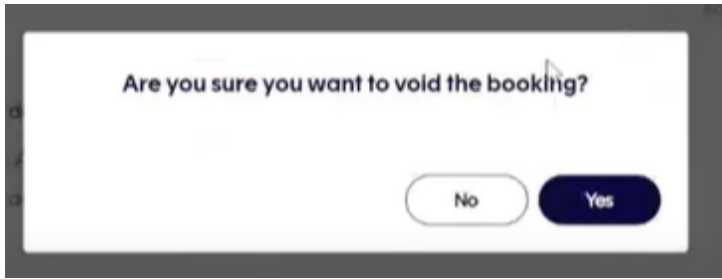

Void

Booking details

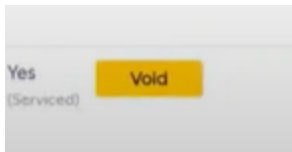

FAST ID: AY18026D24320P

Booking date: 20 March 2024 10:31

- Click on "Yes".

- Under the main page, on "**Booking Reference**" the order's status will be changed to "**Void**".

All Ancillaries will be voided and the order is not retrievable after the cancellation.

- After that, please proceed with "Modify Order" with the reason "VOID" and in the "Other info to BO" box add a note to the message that appeared (PNR has been successfully canceled) along with the ticket numbers and send cancellation confirmation using the cancellation template from Edwin (CXL conf. - flight void/24h).

Step 9

Solution

Parent step: 7

Fare Rules

General info:

The claim task has been moved to the SL team as of November 5, 2024.

Handling Based on Original Travel Time:

- If Original Travel is **more than 4 Hours:**
- Inform customer about the Penalty and if the customer confirms the cancellation, click on "Modify" button accordingly, SL will continue and cancel the order in the Portal.

- If Original Travel is **within or Less than 4 Hours:**
Follow the standard refund routine as usual.
-

If the ticket is eligible for refund, you can do it with a few clicks in the FAST portal.

Step by step:

- Retrieve the PNR by inserting the PNR and customer's last name and click on "Claim":

Import PNR

Continue to service NDC bookings made outside of FAST by importing the PNR using this tool.

IMPORTANT: Please note you are not allowed to import PNR without performing a servicing action. It is allowed to import and service such PNR in FAST only in case the servicing capability is missing in Direct Connect or Aggregator connection.

PNR to be imported *

QQFUJV

Pax last name *

Smith

Note:

- The PNR should have the Segment details
- The PNR should have Price quote details and Form of payment
- The PNR should include all relevant pax details (e.g. Name, DOB, Pax contact info)

Claim

- Click on "REFUND" and you will see the refundable amount:

NET value is the Refundable amount.

MR JOMON ADULT ONE	Primary: (MOBILE/CTCM) 91-90485255252	james@gmail.com

- Inform the customer accordingly, about the rules (penalty) and ETG fee (if applicable).
- If the customer accepts to cancel the ticket, click on "Refund".
- Now, the ticket is refunded.

- After that, please proceed with "**Modify Order**" with the reason "**Fare Rules**" and in the "**Other info to BO**" box add a note to the message that appeared (PNR has been successfully canceled) along with the ticket numbers and send cancellation confirmation using the cancellation template from Edwin (**CXL conf - fare tkt rules 9.A**).

Refund of a partially used ticket:

The refund flow is automated for partially used tickets. The system will show any refundable amount. Please keep in mind the ETG fees (if applicable).

Voluntary cancellation after the voluntary exchange:

If the customer wants to cancel by the rules after a voluntary change has been finalized, the refund will be by the rules (automated calculation by FAST).

Voluntary cancellation after the involuntary exchange:

At the moment this is not supported by FAST.

Please escalate this to SL in order to raise a refund application via BSP.

Step 10

Solution

Parent step: 7

GDPR

General info:

In case of GDPR reasons, the passenger might be eligible for the refund. If ticket rules do not allow voluntary refund, it needs to be done via BSP refund application (it will be requested by SL team).

Medical certificates need to be included with the application.

Kindly proceed with the following steps.

Step by step:

- *[Note: If the fare rules are fully refundable, then you can proceed to cancel the ticket using the standard routine (refund without Finnair's penalty.)] If not, please follow the below steps:*
- Before placing on support, the FL agents always need to inform the passengers that with this type of cancellation (GDPR), we can not guarantee any refund and we also need to give us the confirmation to proceed with the next steps (placing on support to cancel the flights to avoid no-show). Thus, the support agents will not have to contact the customer again and inform about it.
- Place the case on support.
- The FL Support agent should always contact Finnair to cancel the segments before the nonshow and then proceed with the GDRP process: [Medical/Death/visa rejection refund exceptions](#)

Step 11

 Solution

Parent step: 7

Dupe

There would be no duplicate orders.
The system automatically cancels the duplicated bookings so that only one order can be created successfully.

Step 12

 Solution

Parent step: 1

Rebooking

General info:

If the ticket is eligible for exchange, you can do it with a few clicks in the FAST portal.
That means that if the ticket will not be eligible for exchanges the "Change order" will not be visible.

Step by step:

- Retrieve the PNR.
- Click on "Change order":

- After you have paid and reissued the Tickets, booking must be queued in Edvin:
Place on queue -> UPA TKT -> Close D365 External portals

In the order note/queue action message add below info:

PNR:

System handled: FAST

Action taken: Eg. reissue

Amount in issuing IATA:s currency per pax: xxx currency

Issuing IATA:

Form of payment:

DIFF due to FLX TKT: -

New EMD/tkt number(s):

- Once the rebooking is confirmed, proceed with the rest actions in Edvin as per our normal routines as per this Shelf page: [Sync Trip button, under customer trip field](#).
If this is not possible, use the old routine: Send email confirmation to customer from Edvin. Use template titled " External portal booking details " located under folder First Line-> Other ,and Register an Errand.

Voluntary change after an involuntary change:

This is currently not available in FAST.

- Queue to support for your location
- Support needs to contact the airline for further handling.

Ancillaries in case of voluntary change:

Seats are not transferable at the moment, and non refundable in case of a voluntary rebooking.

Most of the ancillaries are transferable. For example, if the new flight supports wifi, that is was booked in the original flight, it will be transferred.

Step 13

Solution

Parent step: 1

Name correction/Name changes

Name changes or corrections are **not** possible in FAST yet.

For any name changes or corrections, please contact [Finnair Customer Care](#).

- Always check Edvin's docs to ensure that the correction/change is possible.
- You must always collect a copy of the passport or any other official documentation required from the customer
- Queue to support for your location
- Support needs to contact the airline for further handling.

Step 14

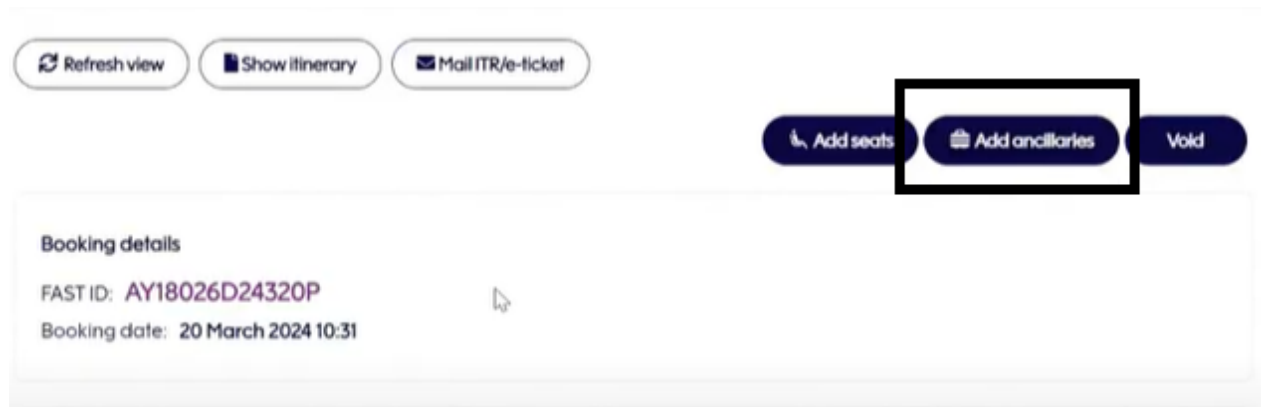

Solution

Parent step: 1

Adding ancillaries and requests

Baggage

- Retrieve the PNR and click on "Add Ancillaries":

The screenshot shows the FAST interface. At the top, there are three buttons: "Refresh view", "Show itinerary", and "Mail ITR/e-ticket". Below these, there are three buttons: "Add seats", "Add ancillaries", and "Void". The "Add ancillaries" button is highlighted with a red box. Below the buttons, there is a section titled "Booking details" which contains the text: "FAST ID: AY18026D24320P" and "Booking date: 20 March 2024 10:31".

- Choose the preferable bag and advise customers about the cost.
- If customer proceeded with the payment, click on "Submit".

Select passenger

MSN [REDACTED] Submit

Total price: **328.00 kr**

- Once the tickets are issued, the status and additional information will be displayed
- Now, the PNR is created. Do not forget to "**link**" the New PNR in Edwin.
- After you have paid and issued the Ticket, booking must be queued in Edwin:
Place on queue -> UPA TKT -> Close D365 External portals

In the order note/queue action message add below info:

PNR:

System handled: FAST

Action taken: Eg. New ticket

Amount in issuing IATA:s currency per pax: xxx currency

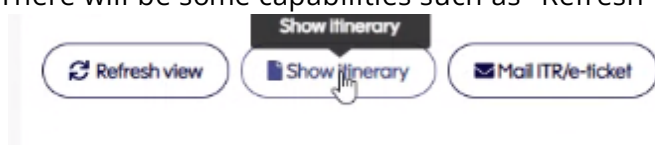

Issuing IATA:

Form of payment:

DIFF due to FLX TKT: -

New EMD/tkt number(s):

- Send confirmation to the customer from Edwin.
 - Use the template titled "**External portal booking details**" located under folder First Line-> "**Others**".
 - Register an errand and change the order in Edwin.
-
- There will be some capabilities such as "Refresh view", "Show Itinerary", or "Mail (TR/e-ticket)".

- In case you want to send an email to customer from FAST, there is a way by clicking on "Mail", and choose "**without price**".

Email voucher

Email * (To add multiple email IDs use comma separation)

With price

Send

Add child/infant:

- It is not possible through Finnair's Portal (FAST).
- You must always have the full name of the customer and the DOB of the child/infant
- Queue to support for your location, when the payment link is paid (with our fees as minimum cost - if it is required).
- The support agent contacts the airline for further instructions.

Step 17

Question

Parent step: 1

Finnair (via Travelfusion)

General Guidelines	Click here for the login details: Finnair TF (FAST portal)
How we receive the SC notifications?	Schedule change notifications from carrier are: - send via API to Edvin/ SC Workmode - received as OTRs email
What ETG is responsible to handle?	Non-VI We handle all schedule changes that occurred up to 24 hours from departure from Edvin Workmode, but agent should always check and remove it from any other queue. VI We handle all schedule changes, and agent should always remember to remove them from any other queue, before handling.
How ETG handle the SC notification ?	Check the link for the handling via Phone SC task Check the link for the handling via Chat SC task Check the link for the handling via Email SC task Check the link for the handling via SC WM task: SC Description Manual handling
If the agent is not trained on SC handling, follow the below:	If customer, contact us for rebooking or refund due to schedule change, and there is no information under Edvin/Shelf: 1. Open the booking via airline portal 2. Check if there is a schedule change. 3. Transfer the call to SC Q based on the division: FL/SC Genesys Qs to transfer an interaction and checklist

New Question

1. SC - Schedule change

Step 3

2. FM - Force Majeure

Step 19

Step 18

Solution

Parent step: 3

How to enter the Queue in Edvin

FAST portal, have been moved to Edvin workmode queue.

Agents need to log in to Edvin Core Schedule change dashboard

The screenshot shows the Edvin PROD interface. The top navigation bar includes 'Main', 'Quick', 'Tkt', 'Dash', 'Stats', and 'Core' (highlighted with a red box). The left sidebar contains a menu with 'Queues & events', 'Queue settings', 'CartState handling', 'Core setup', 'Refund', 'Simplified refunds', 'Rebooking', and 'Schedule change' (highlighted with a red box). Under 'Schedule change', the 'Schedule change dashboard' is selected. The main content area displays the 'Schedule Change Queue' with two cards: 'Old queue' showing 21497 (Assigned: 3, Unassigned: 21494) and 'All' showing 7419 (Assigned: 29, Unassigned: 7390).

Then they need to choose the correct queue or "All"

Filters:

System -> FAST

Handling state -> All except In progress

The screenshot shows the 'Schedule Change Queue' filter section. It includes various input fields for filtering: 'Departure from', 'Departure to', 'Validating carrier', 'Partner', 'Journey type', 'First travel from', 'First travel to', 'Marketing carrier', 'Label', 'State', 'Last travel from', 'Last travel to', 'Order state', 'System' (highlighted with a red box and showing 'Farelogix'), 'Handling user', 'Queue place from', 'Queue place to', 'PHR', and 'Virtual interlining'. There are also 'Search' and 'Clear' buttons. At the bottom, there are radio buttons for 'New schedule change' (All, Has new, No new) and 'Virtual interlining' (All, VI, Non VI).

Step 19

Solution

Parent step: 17

FM - Force Majeure

As different situations have different rebooking and refund processes always check updated blogs and Ongoing travel alerts for the specific situation. Edvin documents are updated with clear information.

For FM involuntary rebooking & cancellation:

Agents on phone and email

- Agent to complete the transaction should place the case on support, since a call to the airline is required.

Instructions for Support/SOD:

- Check Edvin documents internally, and contact AY for assistance.

FL and SC always has to cancel segments, before queuing the booking to SL via Modify order.

Step 20

Solution

Parent step: 3

How to identify schedule change in FAST

The notification will be displayed on the portal under “Recent order changes”:

Step 21

Solution

Parent step: 3

How to inform passenger about SC notification

Please handle accordingly to the [SC Description -> How to handle a case through workmode](#)

Step 22

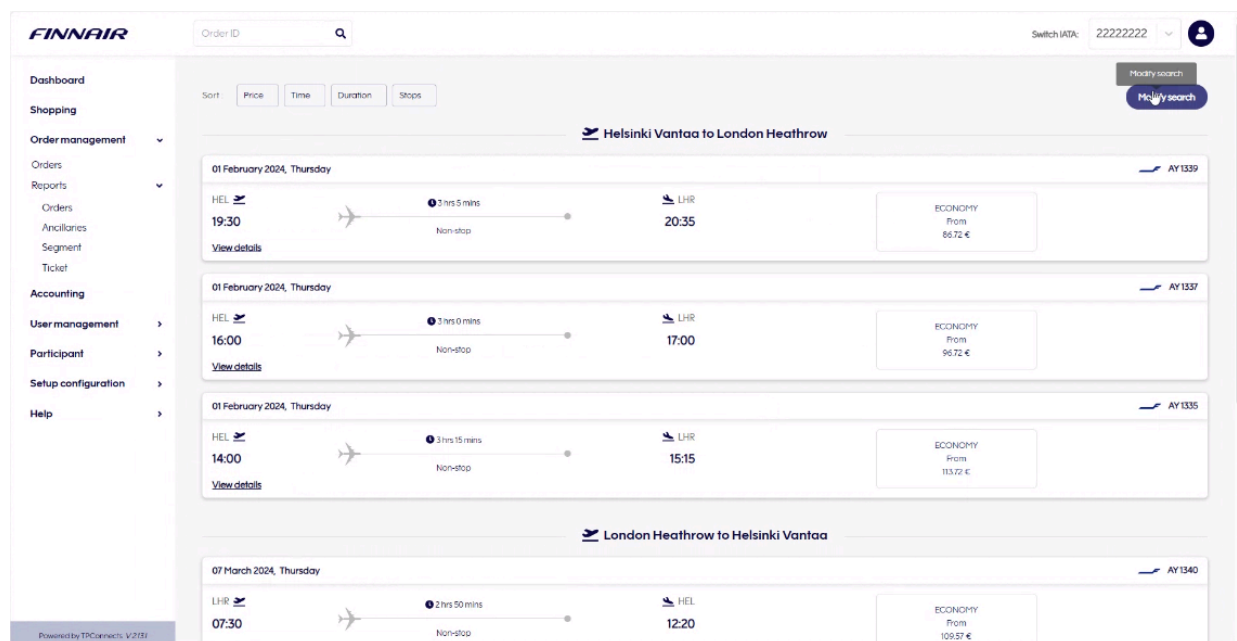

Solution

Parent step: 3

Involuntary reissue in FAST

The first alternative will always be provided by the airline, and it will be revalidated in the system. No need to contact the airline in order to confirm it.

In case the customer would like to have a second alternative or the provided alternative by the airline is not valid, then SC agent should try to find a valid one by checking the availability on FAST portal:

And after customer response/confirmation of the proposal, SC agent needs to contact the airline to rebook the ticket.

If a customer would like a reissue with a partially used: SC agent should always call the airline for assistance.

EMD: Should be transferred to the new flight. If any error occurred then the amount of the EMD will be refunded automatically.

Step 23

Solution

Parent step: 3

Involuntary refund in FAST

Procedure for Handling Involuntary Refunds

1. Document Verification in Edvin: The FL/SC agent is responsible for reviewing Edvin's documents to ensure that an involuntary refund is authorized in accordance with policy guidelines.
2. Deadline Check
 - Verify if there are any specific deadlines associated with processing this refund.
 - If yes, and it is close to the deadline as per airline policy, or SSR, or guide (*within 4 hours of the deadline*), then the agent should **prioritize the refund and manually handle the refund.**
 - If no deadlines are indicated, proceed with the following steps:
3. Handling Based on Original Travel Time:
 - If Original Travel is **More than 4 Hours:**
 1. Update the Modify button accordingly, allowing SL to assume the case.
 2. Ensure any applicable waiver codes are documented clearly in the errands.
 - If Original Travel is **Within or Less than 4 Hours:**
Follow the manual handling refund routine and handle it.

Manual refund handling

Open the ticket and review the status of the ticket

If the status is "OK" to be refunded, then:
