We can refer a customer to contact our CR Department when there is a need for compensation or if we need to refund an amount paid by the customer by receiving a receipt.

For any other queries where the customer is complaining about our service, fees, processes, etc we should not refer to a complaint. It's up to the customer how to proceed.

Follow the standard process, but when escalating the Flyandvisitrome order-related case, always remember to send the no-reply email with the title: ***'Flyandvisitrome [ADR] - Redirect to CR'*** through Edvin that can be found under ***'First line - Others - Redirect to CR'*** folder.
