- 2. ✓ Genesys setup of agent alias
- 3. ✓ Genesys Profile photo
- 4. ✓ Genesys setup of the location
- 5. ✓ Genesys setup of "Relationships" tab

Step 1 - Starting point

Question

No linked steps

The **training department** is responsible for setting the initial profile in Genesys as per the below guidelines.

- No photo is allowed in the " Agent Image" tab in Genesys.
- The signature of the agent is aligned with the company's policy as below: whole First Name and the first initial of the Surname with a dot.
- The location must be set as per guidelines.

Team leaders from all locations are responsible for checking once per quarter that team members are compliant with company policy regarding the profile setup.

FL/SC agents can manually update the agent alias,photo and location.

"Relationships" tab is not accessible by agents.

Genesys account

| 3. Genesys setup of location | Step 4 |
| 4. Genesys setup of "Relationships" tab | Step 5 |

Step 2

Solution

[Parent step: 1](#)

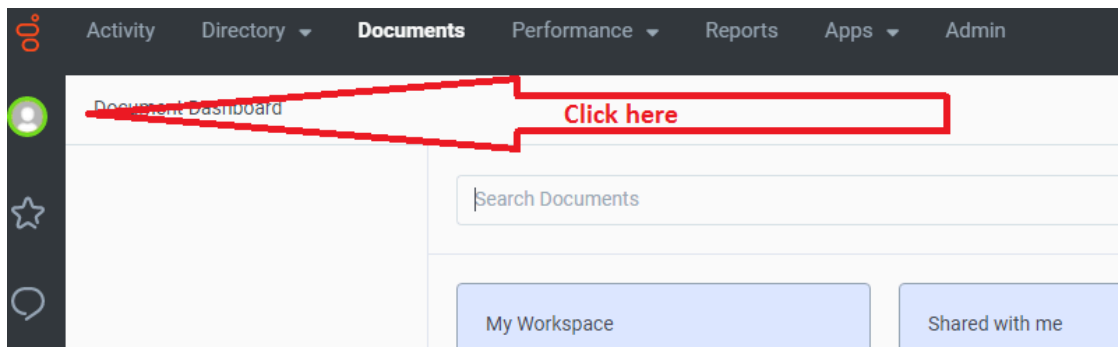

Genesys setup of agent alias

Below you will find instructions on how to set up your Genesys account signature.

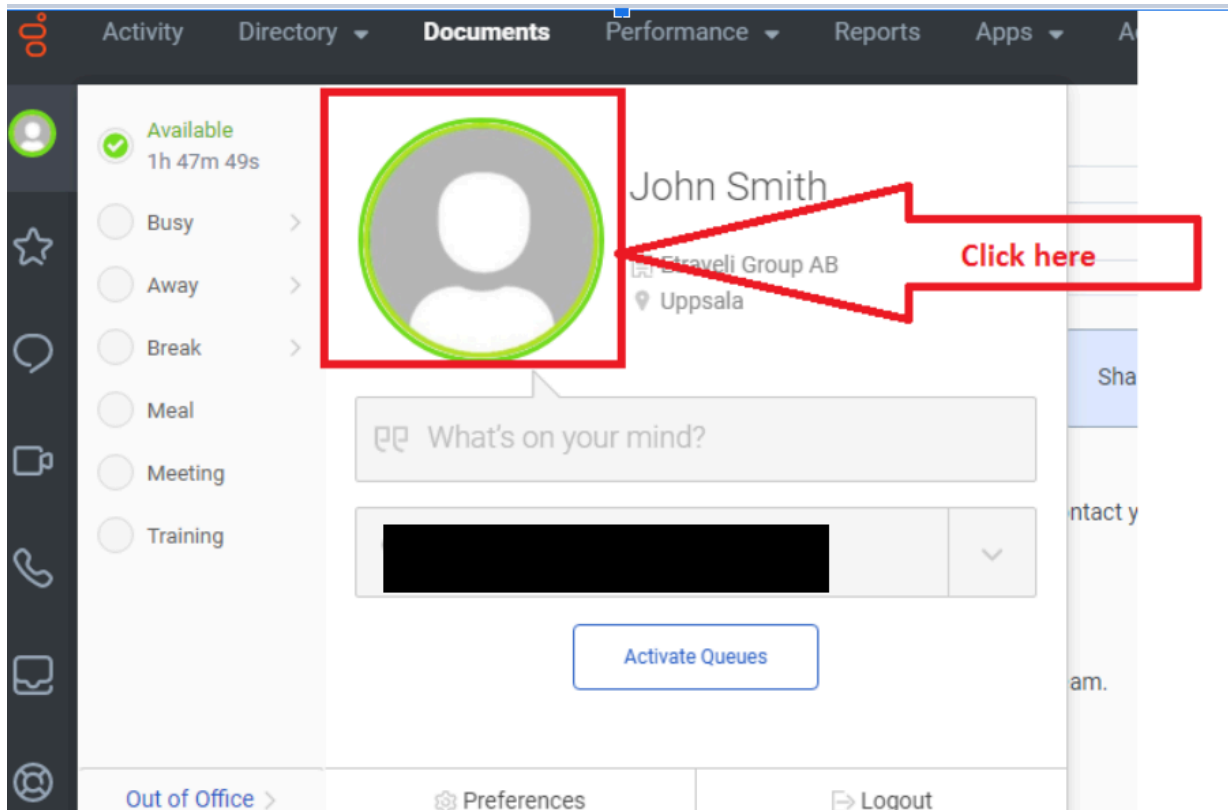

You always need to set a name to use as an alias during interactions.

Customers who are interacting with you over web chat/email interaction see the alias name.

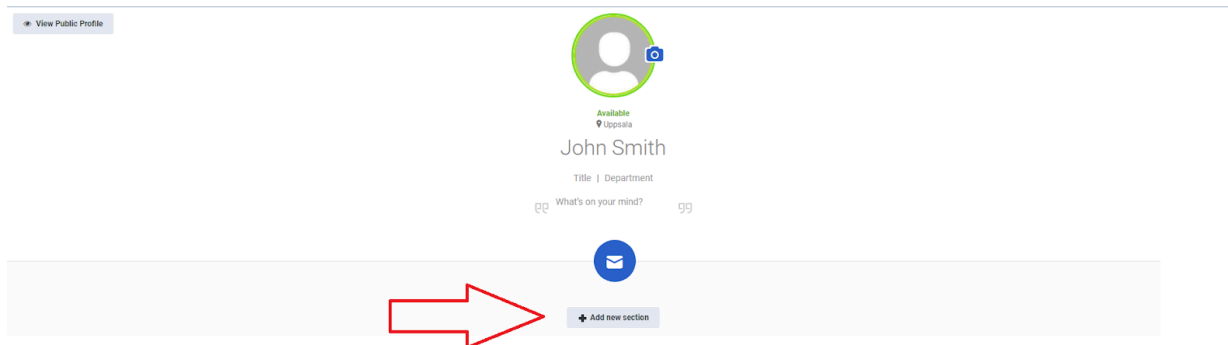

1. Click on the icon on the left bar to access your profile.

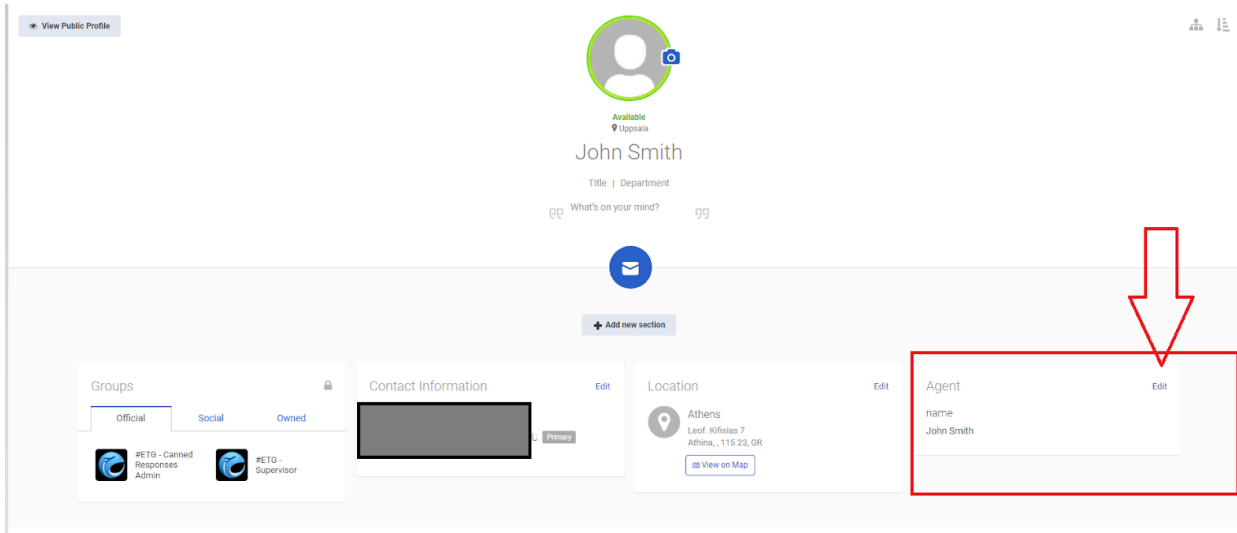

2. Click on the photo of your profile as shown below.

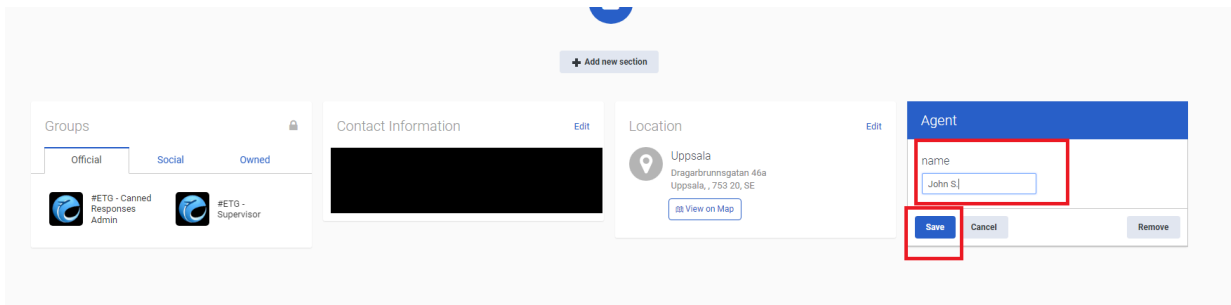

3. From the edit mode in your profile, click **Add new section**.

4. In the new **Agent** section click **Edit**.

5. In the **name** box, type your whole First Name and the first initial of your Surname with a dot.
For example, John Smith = John S. Click the **Save** button.

Step 3

Solution

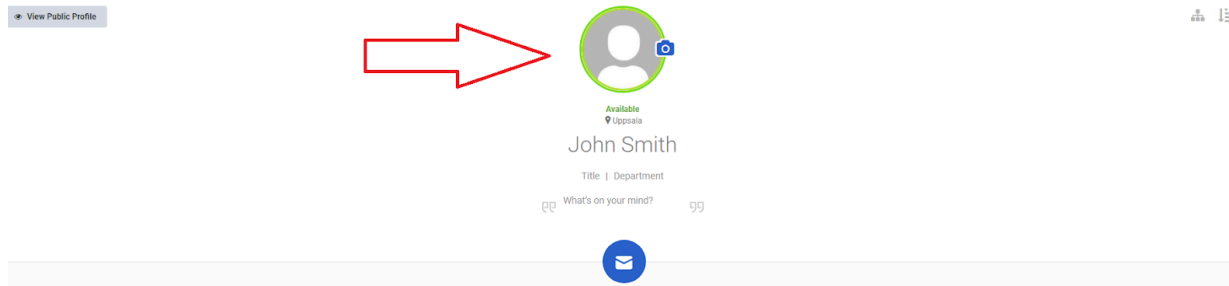

Parent step: 1

Genesys Profile photo

In Genesys, you are **not allowed** to have a profile photo in the **"Agent Image" tab**.

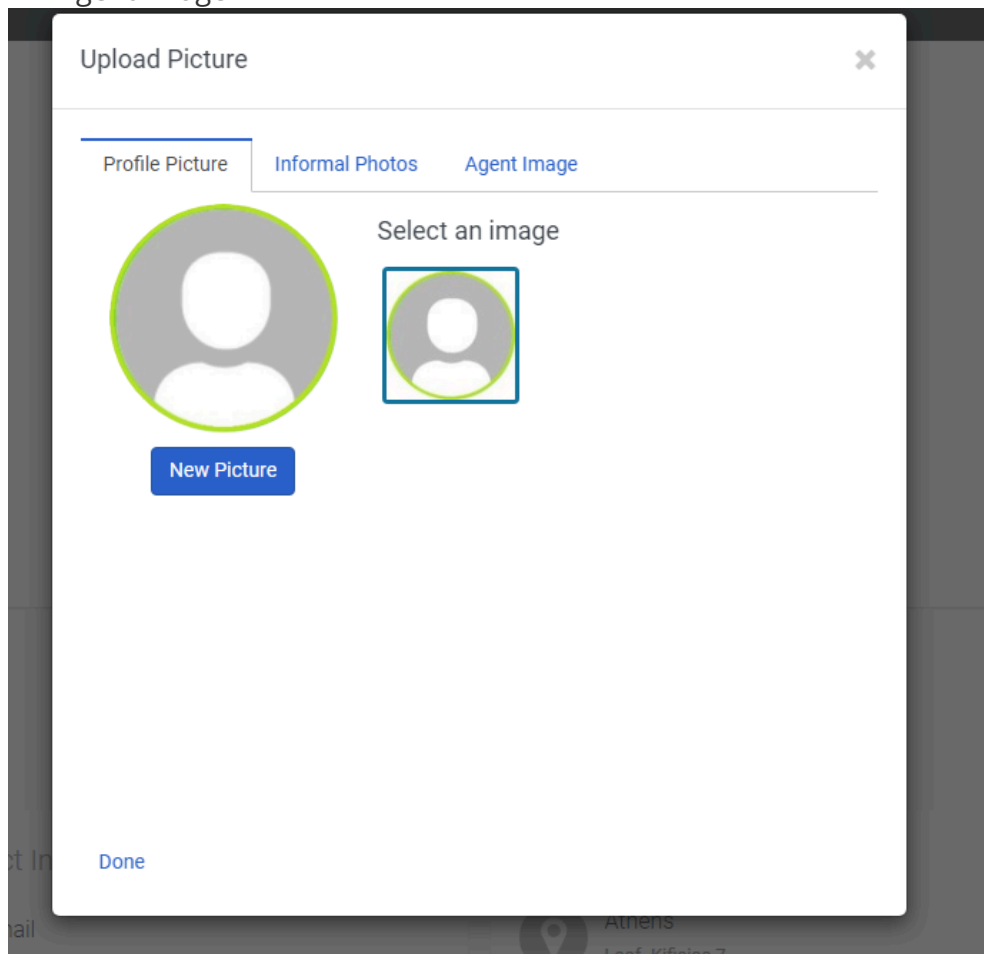

Follow the below guidelines to ensure you are compliant with the internal requirements.

After accessing your profile in Genesys click on the icon shown below.

The option to upload a feature will be shown below. You have the capability to upload a photo into three different sections.

- Profile picture
- Informal Photos
- Agent Image

Under **NO CIRCUMSTANCE** you are allowed to have an uploaded photo in the "Agent Image" tab.

If you have uploaded a photo you must delete it as soon as possible by accessing the "Agent Image" tab.

Click the "Delete image" button and then "Done" as shown below.

Step 4

 Solution

Parent step: 1

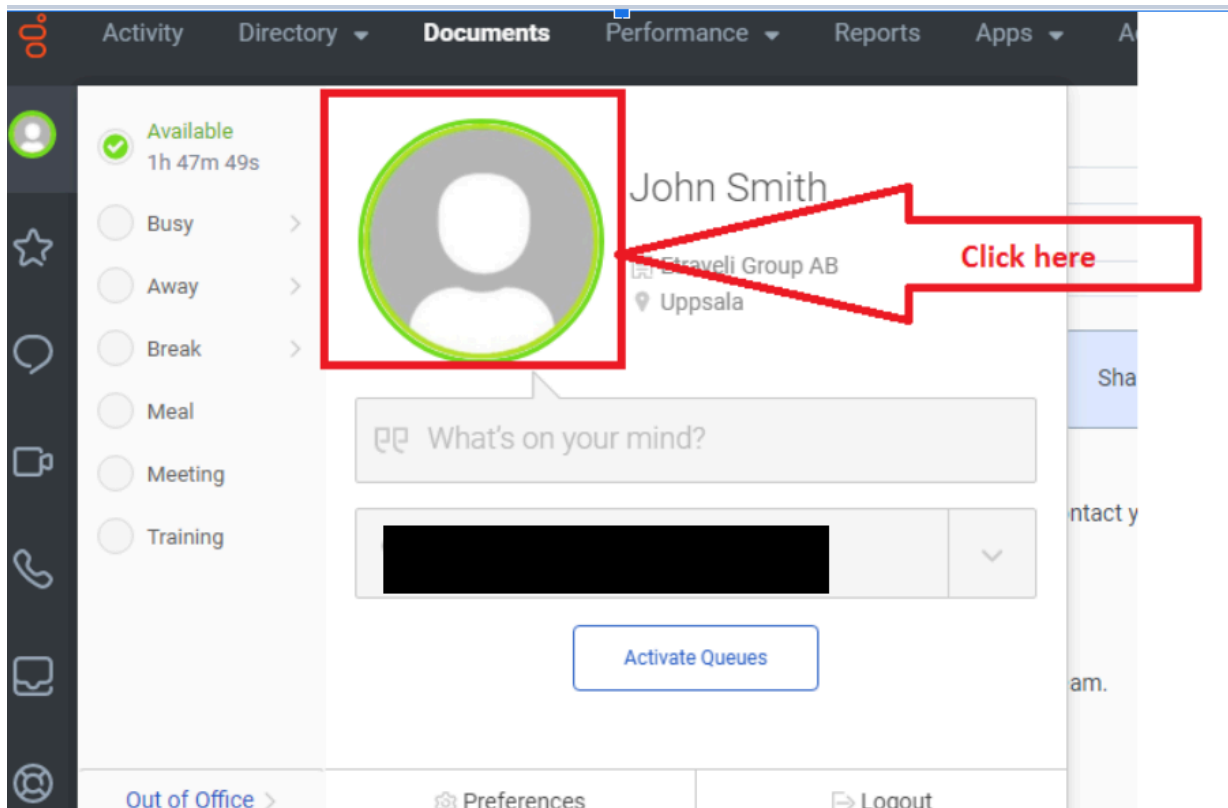

Genesys setup of the location

In order to set up the location in the Genesys profile follow the below steps.

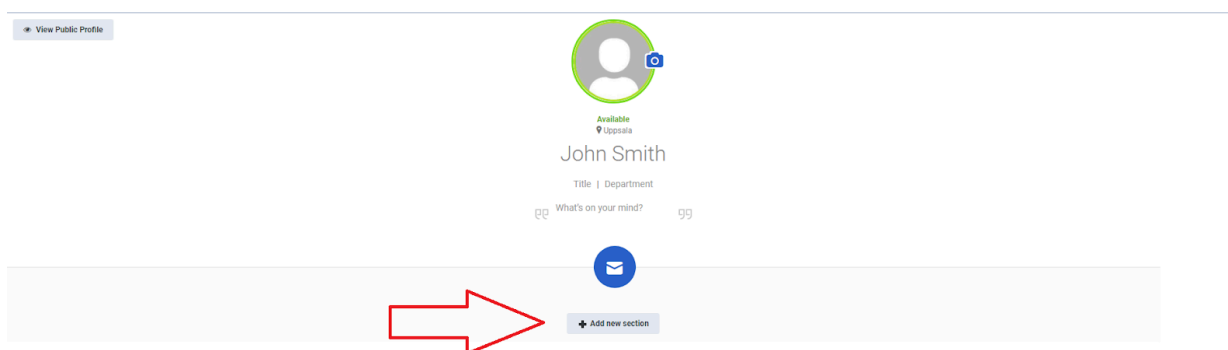

1. Click on the icon on the left bar to access your profile.

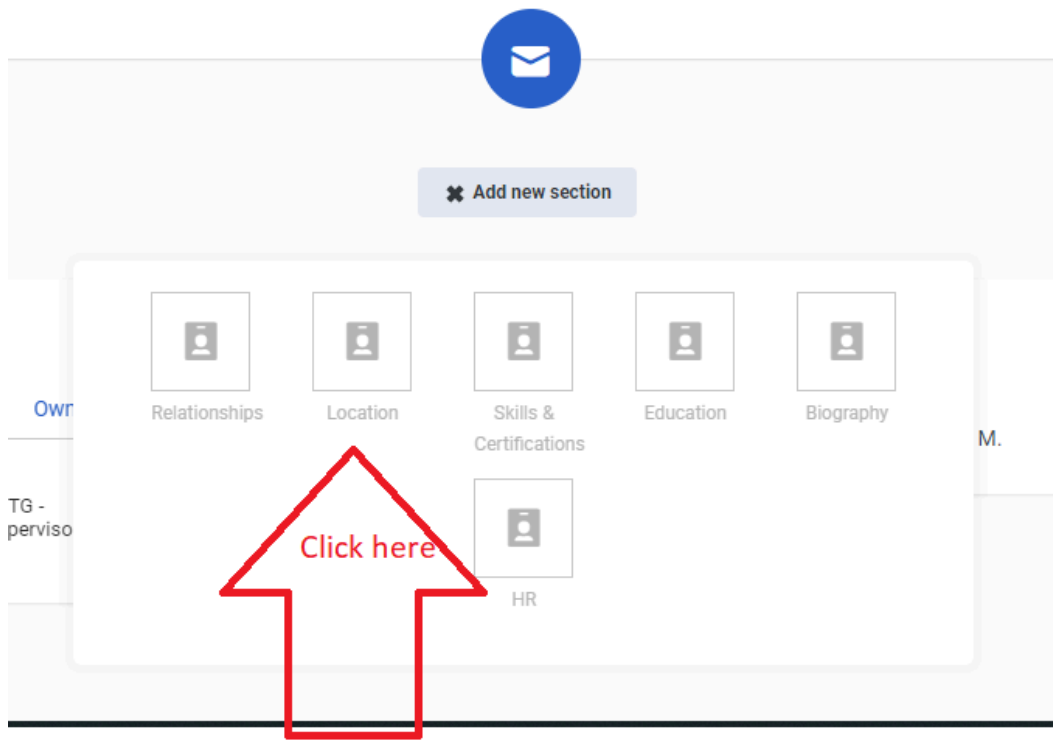

2.Click on the photo of your profile as shown below.

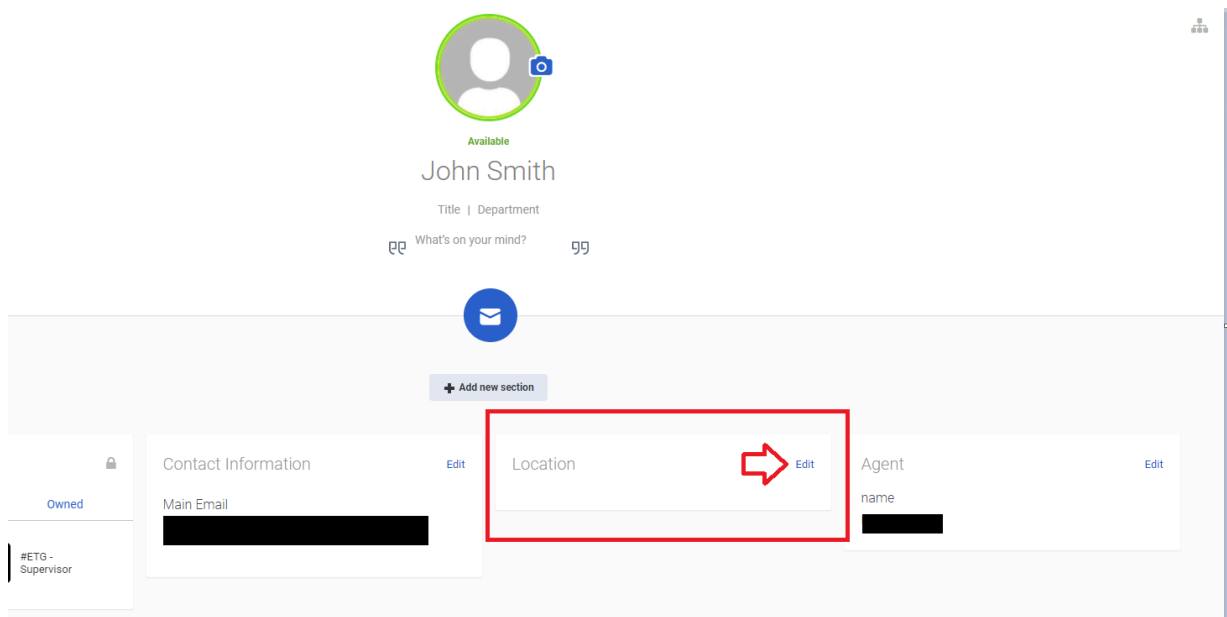

3.From the edit mode in your profile, click **Add new section**.

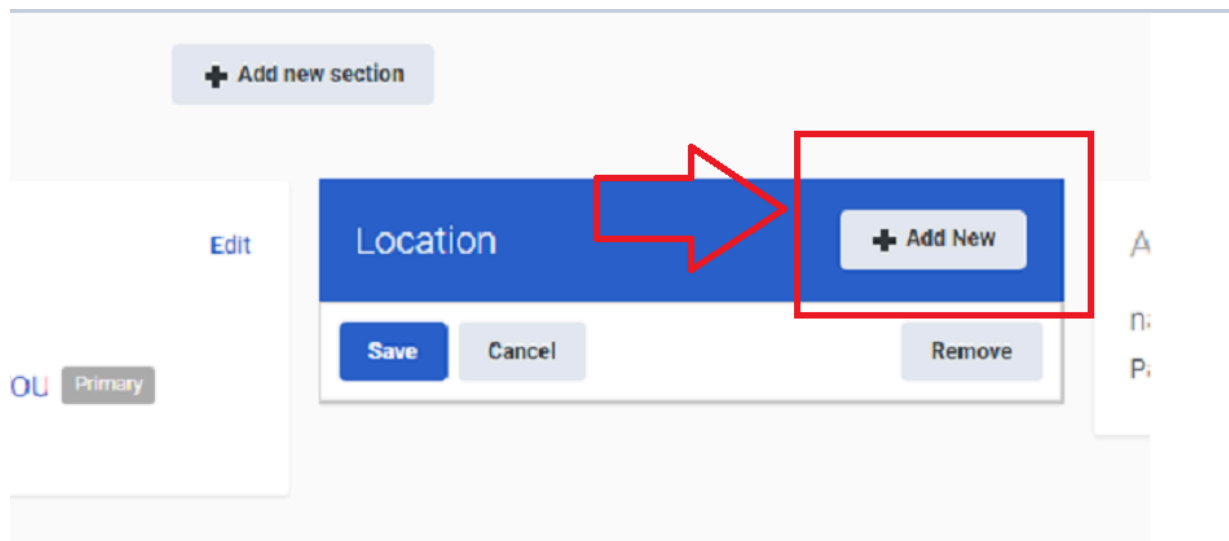

4.You will be presented with the below options. Choose the icon named **Location**.

5. Once you click on the icon, the **Location** tab will appear. Click the **"Edit"** button.

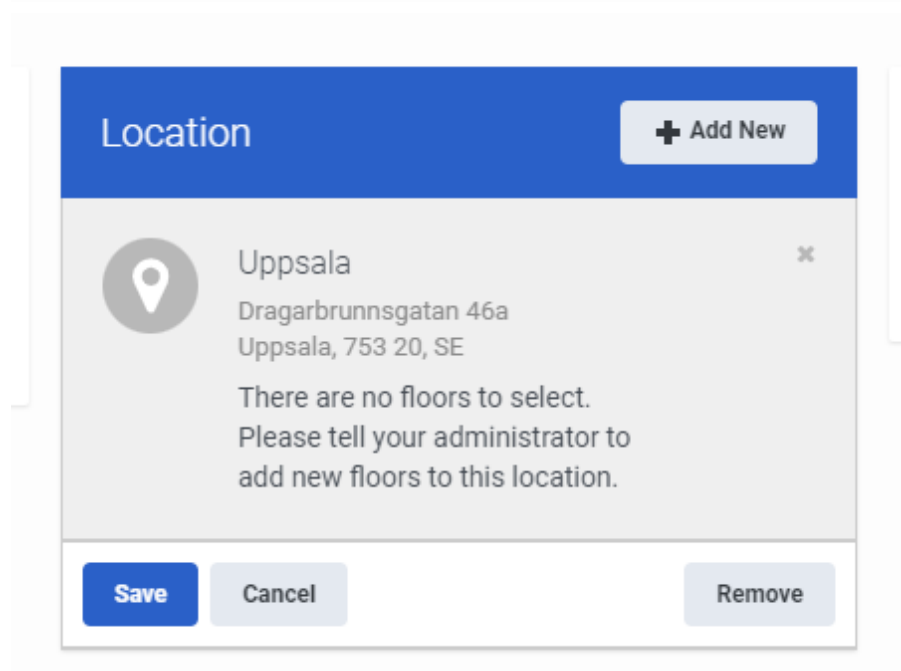

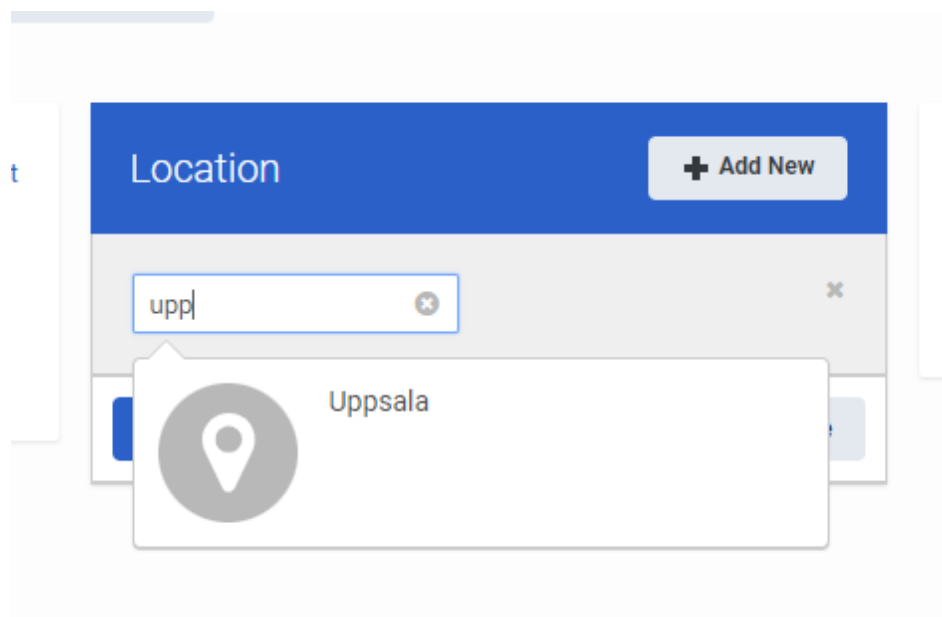

6. Once you click on the **"Edit"** option, click on **"Add New"** button.

7. When the search bar appears, type the city you are located in, for example, Uppsala.

The search bar will automatically show you the compatible location.

Click on the option shown in the drop down menu to automatically insert the whole address.

8. Click the "Save" button as shown below to complete the setup of the location in Genesys.

Location

+ Add New

Uppsala

Dragarbrunnsgatan 46a
Uppsala, 753 20, SE

There are no floors to select.
