Step 2

Solution

Parent step: 1

"Misdirect from FL" Etrack inbox

The **"Misdirect from FL"** inbox in Etrack contains requests that were redirected to Customer Relations mistakenly and should have been handled by First Line originally.

Every time a customer raises a CR contact form that is not considered a valid claim, CR will NOT handle the request and will recategorize the email to First Line for further handling.

These cases should not be redirected to CR again since any further handling must be completed by First Line.

The list of valid CR claims can be found in the link [here](#).

The inbox can be retrieved under the" ETG English" inbox:

Sites:	ETG English
ETG Arabic	8. Customer Relations ▶
ETG Chinese	11. ETG Escalation ▶
ETG English	12. Finance Team
ETG Finnish	14. Misdirect from FL

ETG Korean	21. ONLY for GDPR ▶
ETG Polish	22. Concept pending UK

Step 3

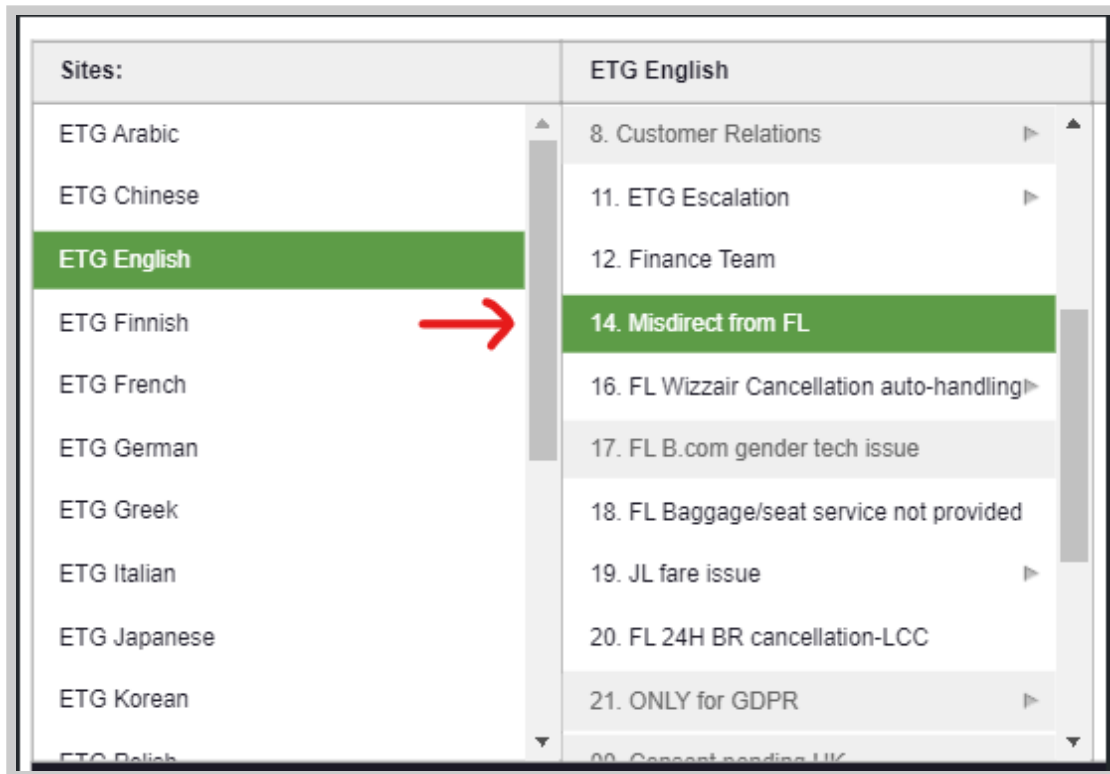

Solution

Parent step: 1

Step-by-step process on how to handle the requests

Below you will find a step-by-step guide on how to handle the task.

1. Filter inbox categories to ETG English Misdirect from FL:

2. Open the emails that are on the first page as those are prioritized for handling.
3. Check if the customer has sent a duplicate email and close it to avoid double work. Read the request received from the customer.
4. Reply to the customer via Etrack using the template. *"Hi <Customers name> Thank you for reaching out to us. We apologize for any inconvenience you may have encountered with your booking."* Proceed with providing information to the customer based on the request.
5. If there is no need for the customer to select between different alternatives and no need to follow up on the case the email should be set as permanently closed. Click "Permanently close case" and "Reply & Close" before sending your reply to the customer. If follow-up is needed mark the case with a flag and click the "Reply & Close" button.
6. Register errand using the channel: CR Escalation.

In the errand note always add the phrase **Do not refer to CR -Not valid claim.**

Always insert the Etrack number and describe the case you handled.

Step 4

Solution

Parent step: 1

Templates in Etrack

For this task, new templates have been created and added in Etrack -**Category 14.**

You should use them whenever you receive a related request from customers.

The below templates are available:

-
- Back from CR opening
- SC complaint and customer blames ETG
- Seating purchased but not received
- Flight delay referring to the EU law.
