Step 3

Question

Parent step: 7

Other Tasks of OUT FL Support

New Question

- | | |
|-------------------|---------|
| 1. Daily report | Step 20 |
| 2. Monthly report | Step 22 |

Step 4

Question

Parent step: 7

How to escalate cases

New Question

1. Escalation via Email

Step 25

2. Other ways to escalate cases

Step 26

Step 5

Solution

No linked steps

FL Support

FL SUPPORT

- Log in to the Service Desk.
- Check the Urgent cases with priority
- Assign the case to yourself
- Check the request carefully, if the request type chosen by the reporter does not meet the real type of request, the FL Support agent should recategorize it
- Open PNR in Edvin
- Read the errand notes in the booking, before any action, to avoid unnecessary extra work.

Type of Requests

Note: for reporting reasons if the issue is mismatched with the type of request it has to be changed.

Refund has been rejected

Refund Issue

Location

Description

Hi Team,

Please check the refund ha

As per FM policy full refund

PNR : P26J8H

Order Number : L66MXN

Regards,

Kiran

Authority / Reason code

Technical Issue

Fare Hike

Guidelines

Password Reset (for GDS SV/SOD can reset password)

Pending Provider Booking

Update information

Other

Priority

Lowest

Authority / Reason Code: Reason code for a possible charge or waive our assisted fee.

Technical Issue: System Error / Technical Issue.

Fare hike: We have a technical issue with the information not showing clearly when there is a fare hike. The hike will always be there, but the customer should have received a pop-up about the same and got an updated payment page with the new price. This needs to be checked with SO/TL, for a possible charge.

Guidelines: General information about our procedures and guidelines for case handling.

Pending Provider Booking: Booking with status "Pending or Shopping" that needs to be checked with ticketing or LCC agents.

Refund Issue: Refund application status or cancellation procedure.

Update Information: Update / re-phrase guidelines, instructions, blog post.

Other: Need to be changed to the correct category after handling.

- Always write a short and clear errand note.

Register errand using: Channel: **30: FL/SC OUT Support**

Note that you can use **all the register errand that FL has** and if the OUT request is applicable only for OUT Support then please use Category: **49: FL/SC OUT Support:**

Register Errand

Channel ✓

☐ 7. Guidelines | v

- 1. Authority / Reason code
- 2. Tech Support
- 3. Password Reset
- 4. VAN card issuance request
- 5. Update information
- 6. SC Urgent Handling
- 7. Guidelines

irm

Do not forget to mention in your errand notes: On behalf of FL.

Call the passenger if urgent

- If the passenger is busy, try later.
- Add in Labels the market of the order.
- Reply through the Service desk about what you have done to the reporter.
- Close the ticket.

Step 6

Solution

Parent step: 1

GDS login issue

Live date: 24 October 2022

For any GDS login issue, please raise a ticket under the section **GDS login issue**.

ATTENTION

Check the most common login errors under each system, before raising the ticket:

- Amadeus
- Sabre

- Galileo

GDS login issue

1. Advice Shelf pages for your issues; most things you can fix yourselves.
2. Please make sure to always provide:
 - Your sign in details
 - Email address
 - Screenshot of the error message and login page (without screenshots we will not be able to assist correctly)

One case per system please.

Add a screenshot of the error message

Error message (if not chosen in the list above)

For the rest of the login issue, please find instructions below:

- Genesys - IT
- Edvin - ITServiceDesk
- Trisptack - ITServiceDesk
- Travelfusion IBE - ITServiceDesk
- Portal - Agent can do forgot password, if it does not work - ITServiceDesk
- Etrack - Agent can do forgot password, if it does not work - ITServiceDesk
- Payment system - Agent can follow forgot password, if it does not work - ITServiceDesk
- Shelf - Agent can do forgot password, if it does not work - ITServiceDesk

Step 7

Question

Parent step: 1

FL Support

Overview of the task

Outsourcing Support task involves providing support and assistance to our WNS (Pune, Gurgaon, Dalian) and CNX (Cairo, Tbilisi, Mauritius, Ho Chi Minh) FL and Quality team leaders and supervisors. Therefore, the In-house agents assisting with this task need to make sure to always provide professional replies.

Required Skills:

- Critical thinking
- Attention to details
- Take the initiative to ask and explore
- Think out of the box

SLAs:

- Average handling time for each Jira case is 10 minutes
- SLA for handling case - same day for new cases. Your goal is to keep the dashboard clean
- SLA for pending cases - must be finalized within 5 days
- If no update/reply is received - follow up on the case (e.g send a reminder)
- If the reporter has not provided you with a reply, you can close the case once 5 working days pass.

Authorities:

- Open SS Jira
- Authorize Retail Loss up to 150 EUR (more information can be found [here](#))
- Open UEDI Jira

- Ask to update Shelf. However, the OPPR Jira can be raised only by TL or managers.

New Question

1. Service Desk (Step by step guidelines)	Step 2
2. Most common requests - Case scenarios	Step 13
3. Other Tasks of OUT FL Support	Step 3
4. How to escalate cases	Step 4
5. Register Errands	Step 18
6. Cases not handled by OUT FL Support agents	Step 19

Step 8

 Solution

Location

CNX Cairo

Description

Hello Team,

As we could not complete the refund due to backlog on the PL queue, the customer has missed the flight, so we communicated with him and the passenger is okay to get the refund of 270 EUR, approximately the inbound flight, but since the rebooking will incur us the penalty and the difference we tried to minimize the loss.

After making the calculation of the amount that we will be received from the taxes refund we will get the BR taxes of 30.4cad=21 EUR.

So total loss will be 270-21= 249 EUR, please, authorize the RL and send it to SL to proceed with the refund to the passenger.

Regards,

13

1. Assign the case to your name.

2. Change status to In Progress

3. Add Label based on the market of the order provided, for example:

4. Check that the type request is selected correctly:

5. Check that the location of the reporter is selected correctly:

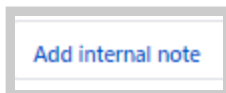

6. Reply to customer - reply to the reporter

CNX: All the Leaders/SOD have an individual account to login connected to their emails. Thus, the agents should use "@" before the name of the reporter, in order for them to be notified once tagged.
WNS: All the Leaders/SOD have shared account under one mailbox, Etraveli.Servicedesk@wns.com. Thus, the reporter will be notified by the system, once the status of the Jira is changed to "Done". NOTE: tag is not working (@) for WNS. The agents will reply as: Dear Team...

7. Add an internal note

The remarks are only visible to the OUT-support team (in-house). The reporters cannot see them.

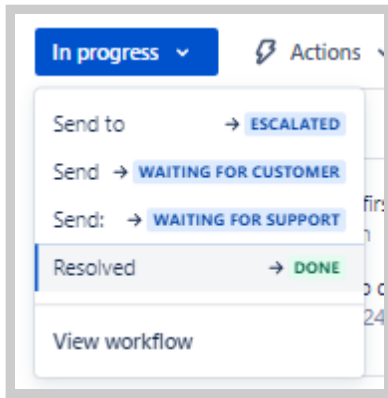

Step 9

Solution

[Parent step: 2](#)

Status of the Jira

The status of the Jira request can be found on the top right side of the case and needs to be changed by the agents handling the request based on the actions that have been taken:

All the statuses are:

- **TO DO** - unhandled case
- **In progress** - handling
- **Escalated** - waiting for an escalation outcome (from the Manager, TL, RL Jira or any Jira)
- **Waiting for support** - waiting reply from the airline, consolidator, or other partner
- **Waiting for customer** - waiting for the reporter's reply
- **Done** - finalized case
- **Reopen** - once handled, but the reporter commented on the same ticket for the same issue.

Step 10

 Solution

Parent step: 2

Type of requests

All the types of requests that are handled by OUT FL Support (In-house) can be found in the following table.

Type of request	Description
Authority / Reason code	Reason code for a possible charge or to waive our service fee
Technical Issue	System Error / Technical Issue
Fare Hike	Fare hike charge that needs to be checked with SOD and then need to insert the reason code
Guidelines	General information about our procedure and guidelines for handling a PNR
Pending Provider Booking	For bookings with the status "Pending or Shopping" that need to be checked with ticketing or LCC agents
Refund Issue	Refund status of BSP or cancellation procedure
Update information	Update / re-phrase guidelines, instructions, blog post
VAN card issuance request	Requests for VAN card issuance due to any technical reasons
Other	Other requests
DO NOT USE - Password Reset	Should not be used by reporters

Step 11

Question

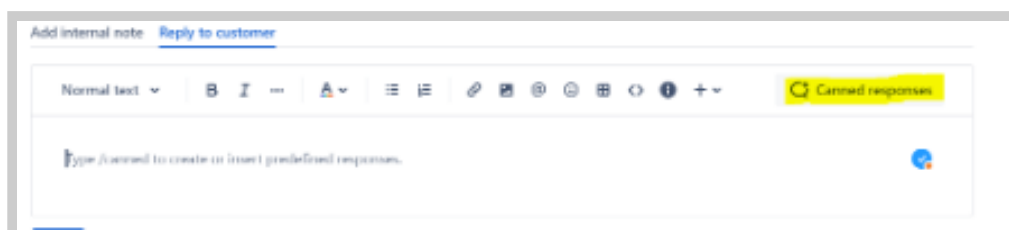

Parent step: 2

Canned responses and templates

The agents have the possibility to create in the Jira interface canned responses in order to reply efficiently and quickly.

The canned responses can be created following the next steps:

1. Press "Reply to the customer"
2. Select "Canned responses":

3. Press "Create New":

 A screenshot of the 'Create New' dialog for canned responses. It features a text input field at the top. At the bottom, there are three buttons: '+ Create new' (blue), 'Cancel' (grey), and 'Insert response' (blue).

4. Add the name of and the template with its text. Example: Refund Case Escalated to SL payouts:

Create canned response

PERSONAL

Name

Enter a unique name for your response

Response

Normal text

B *I* —

Insert variable

use /image to add images, videos and files

Back

Create

5. Click “Create”. You will see your template in the list:

Insert canned response

PERSONAL

6

Global ARN

Cancellation Guarantee Voucher

ARN in PSP

No reply after 5 days

Refund Case Escalated to SL claims

Refund Case Escalated to SL payouts

PERSONAL

Delete

Edit

Name

Refund Case Escalated to SL payouts

Response

Over

Case has been escalated to SL payouts for prioritized handling.

Kind regards,

+ Create new

Cancel

Insert response

6. Select the needed template and click "insert response" to add it to the text window.

New Question

1. Templates

Step 12

Step 12

Solution

Parent step: 11

Templates

The templates in the table below can be inserted in the Jira interface for the OUT FL Support to use as canned responses.

Name	Response
Refund Case Escalated to SL payouts	Dear Team, Case has been escalated to SL payouts for prioritized handling. Kind regards,
Refund Case Escalated to SL claims	Dear Team, The case has been escalated to SL claims team for prioritized handling. Kindly monitor the reservation as well, as related Edwin errands will follow. Kind regards,
No reply after 5 days	Dear Team, Since no reply was received, we consider this case closed. In case resolution is still needed, please create a new case. Kind regards.
ARN in PSP	Dear (add a team for WNS/@ reporter for CNX) Refund is successful and ARN is available in PSP. Kind regards.
Cancellation Guarantee Voucher	Dear (add a team for WNS/@ reporter for CNX) Please follow the link below and if indeed the voucher not working, escalate to the relevant queue for a new voucher to be issued. If not possible to enable the button on the website, then proceed with a fake reservation to check the voucher eligibility. https://etraveligroup.shelf.io/read/b6bde260-74f0-43fc-a886-8e26ad2de43c/?component=auto-suggest&view=gem-page&source=shelf&DTStep=01GNVBV9S7GQ2H9HM2JE9G2V8C#first-opened-step Best regards,

Step 13

 Question

Parent step: 7

Most common requests- Case scenarios

Kindly note that all CNX locations, except for CNX Cairo & CNX Ho Chi Minh, do not have a Support team. Thus, ATH OUT Support agents will have to take over all the cases whenever supplier/ customer contact or any support involvement is required unless simple guidelines like a Shelf page are needed.

New Question

- | | |
|-------------------------------|---------|
| 1. Refund issues | Step 14 |
| 2. Technical issues | Step 15 |
| 3. Authorization/ Retail loss | Step 16 |
| 4. Other common requests | Step 17 |

Step 14

Solution

Parent step: 13

Refund issues

Refund requests usually relate to delayed payout, delayed claims, long-lasting refund cases, wrong refunded amounts, mishandling and ARN.

- If you receive a request for payout, always make sure you check Payout tab, transaction tab, consolidator file if applicable and all SL errand notes.
- We will advise the Outsource TLs to escalate refund delay cases via Edvin using the Label TL Escalation. In case the refund is still pending, we will escalate such cases with high priority via SL-slackroom(Slack channel payout-fl-urgent-communication).
- If we have a long-lasting refund where no amount is located, or no claim was done, escalate the case to SL claims team via Slack channel claim-fl-urgent-communication.
- If the case is not on the refund queue and you do not consider the case urgent, advise the reporter to escalate the case via Etrack contact form.
- For ARN requests refer to [Shelf page](#):

8. Who can access the PSP?

1. In-house (UPA,ATH,IND)

Payment system	Access for Managers	Access for FL Agents
Checkout	Yes	Yes
Yandex	Yes	Only Russian team.
Klarna	Yes	Yes
Ogone	Yes	Yes
Adyen	Yes	Yes

NOTE: Keep in mind that OUT TL/SV does not have access to Paypal, Braintree and Checkout for currency GBP (+4), AED (+3), USD (+1, +6, new dashboard), CAD (+5).

Step 15

Solution

Parent step: 13

Technical issues

- If OUT colleagues report repeating issues, the case needs to be escalated to SS via the respective Jira.
- If OUT colleagues contact us regarding a full refund to the passenger due to a tech error (ex. We did not pay the airline, so the booking was not issued), the case needs to be escalated to the ticketing department using the email address: ticketing.agents.india@etraveligroup.com

How to send an email to the ticketing department

-Email subject: Tech error + order number

-Depending on the request, you can write:

Dear ticketing team,

For order ... the ticket was never issued in PNR ..

There is no charge from the airline to us.

Please assist us to modify the order as" Tech error -Ticket", in order for the passenger to get a full refund.

Best Regards

Step 16

Solution

Parent step: 13

Authorization/ Retail loss

Such cases are caused due to technical issues, mishandling or goodwill. Outsourcing teams cannot add reason code for technical issues, goodwill and human errors made by an agent not from their location (More information on the cases the OUT team Supervisors and Managers can authorize can be found [here](#)). Such cases will be escalated to OUT FL Support team.

RL case needs to be created and finalized by the OUT FL Support agents according to the standard routines. More information can be found in [FL Support](#) and [Retail loss recovery](#) Shelf pages.

The OUT Support agents have the authority to approve Retail Loss up to 150 EUR. However, the TL should decide and advise the agents accordingly.

Step 17

Solution

Parent step: 13

Other common requests

▪ Pending provider bookings

For pending provider orders the agents can email india.failed@etraveligroup.com

▪ Name Shortenings

Handled fully by OUT FL team agents as per standard routines - Useful [Shelf page](#)

▪ Call Listening

In case they are unable to listen to the call, the case needs to be escalated to the relevant queue, for TL or coordinator to listen to it and advise accordingly. OUT FL Support agents do not listen to the calls themselves according to the Shelf page [Request of call listening - Outsourcing](#).

▪ Update Information/Document

When the OUT Support agents receive a case to update Edwin documents or shelf page, they need to create a UEDI Jira for Edwin update requests or escalate to their Team Leader to proceed with OPPr Jira for Shelf update requests.

▪ Repeated Issues/Errors

If the OUT Support agents come across issues that keep being reported, they need to inform the TL and managers via email.

Step 18

Solution

Parent step: 7

Register errands

- When OUT Support agents take over the case to finalize it, they should use the respective **Frontend in Progress /Frontend Finalized** channels. Kindly find errand paths [here](#).
- If the case is not on the support queue, OUT Support agents should get in contact with the Coordinators to place the order on the support queue and they should handle the case as per our routines.
- The 30:FL/SC OUT Support should be used **ONLY** when the agents are providing simple guidelines to the agents.
- Whenever OUT Support agents reply to the customer asking for more information (ex: missing order number) they should use the 30:FL/SC OUT Support channel and as the Type should be **Already Handled** (since there is no action taken)
- The agents should use the respective Errand Template located under the section "OTHER", named "OUT Support":

Template

Select type...

▼

1. Authority / Reason code

2. Tech Support

3. Password Reset

4. VAN card issuance request

5. Update information

6. SC Urgent Handling

* Please add all mandatory information fields

Action:

A screenshot of a web form element. At the top, it says "Action *" in red. Below it is a dropdown menu with a blue border and a downward arrow icon. The text inside the dropdown is "Select action...". Below the dropdown, there is a list of three options: "1: Information provided", "2: Escalated", and "3: Handled". The first option is highlighted with a light blue background. To the left of the dropdown and the list, there are two small square checkboxes, one above the other.

- **Authority/Reason Code:** Whenever we are receiving a request for a waiver or a loss to be approved and a reason code is needed.
- **Tech support:** Whenever technical/systemic support is needed. It can be regarding systems or even technical errors.
- **Password reset:** Used when the request has to do with any kind of password reset. Some requests regarding TF passwords in Edvin are handled by us and some others regarding personal passwords are not.
- **VAN card issuance request:** VAN creation requests
- **Update information:** Whenever we receive a request to modify/update any kind of information in Edvin or in Shelf (internal procedures).
- **SC urgent handling:** We are not handling SC requests, however, we can use this type of errand when we receive an urgent SC request and we advise the partner to raise the respective SC OUT Jira.

Step 19

Solution

Parent step: 7

Cases not handled by OUT FL Support agents

GDS Login issues

Since October 2022, FL OUT team does not handle GDS Login issues (failed to login, authorization issue). All GDS-related requests must be sent via respective Jira.

If you come across such a request opened to FL OUT team, you must change the assignee to Don't Use (System Support):

Outsourcing Support

Welcome! You can raise a Outsourcing Support request from the options provided.

What can we help you with?

 **GDS login issue**
Before you create a case; check Shelf

1. Advice Shelf pages for your issues; most things you can fix yourselves.
2. Please make sure to always provide:
 - Your sign in details
 - Email address
 - Screenshot of the error message and login page (without screenshots we will not be able to assist correctly)

One case per system please.

ATTENTION

However, OUT SUP agents must handle the requests regarding Amadeus' DNA error as per the guidelines in [Shelf](#).

Portals, Edwin, Etrack, Genesys, PSPs issues

FL OUT team does not handle password reset, account locked, failed to log-in requests.

For such issues, OUT teams must create Jira for their IT team directly.

If you see such requests on FL OUT, inform the reporter that IT Jira must be opened and close the ticket.

Schedule change cases

There is a dedicated team of agents that handle SC Jira requests raised by the Outsourcing teams. The OUT FL Support agents should not handle them.

In case such a SC Jira ends up in FL Support issue type, then the FL agents should recategorize it.

How to recategorize a Jira

1. Click on the FL/SC icon:

[Collapse](#) / [Outsourcing Support](#) / [OUT-38112](#)

order ID: MV9TTZ&MV945R

[Link issue](#) [Add form](#) [Add design](#) [...](#)

WNS raised this request via Portal [View request in portal](#) [Hide details](#)

Type request: Fare Hike

Location: WNS DLC

Description: Hi team,
price change for these 2 orders.
checked the events and logs, pax accepted the price change.
however paxs insisted there was no notification/pop up to inform the change
then it was charged.

2. Select the correct issue type:

[Projects](#) / [Outsourcing Support](#) / [OUT-38112](#)

order ID: MV9TTZ&MV945R

[Link issue](#) [Add form](#) [Add design](#) [...](#)

WNS raised this request via Portal [View request in portal](#) [Hide details](#)

Type request: Fare Hike

Location: WNS DLC

Description: Hi team,

CHANGE ISSUE TYPE

- FL Support
- Email request
- SC Support**
- GDPR
- GDS login issue

3. In the next window, change the type to the desirable:

Move	To
Outsourcing Support	Outsourcing Support (OUT) ?
FL Support	SC Support ?

[Next](#) [Cancel](#)

4. Choose the correct type of request (which can be changed later):

Field Name	Field Value
Type request *	None
CC *	

None
Guidelines
Authority / Reason code
Pending Provider Booking
Refund Issue
Technical Issue
DO NOT USE - Password Reset (for GDS SV/SOD can reset password)
VAN card issuance request
Fare Hike
Update information
Other

5. Confirm the changes and follow the process till it is completed:

▼

Outsourcing Support —

SC Support

The change will affect **1** issue(s) with issue type(s) **FL Support** in project(s) **Outsourcing Support**

Issue Targets	
Target Project	Outsourcing Support
Target Issue Type	SC Support

Updated Fields	New Value
Type of request	Urgent Handling

Step 20

Solution

Parent step: 3

Daily report

The OUT FL Support agents have to send an email with a report of the cases **at the start and the end of the day** to their TLs and Managers. This report includes the number of all the cases, the assigned/pending, and the unhandled ones.

How to make the report

All Open: all open cases on FL OUT can be found under All open - FL queue:

Filter Results: **OUT Sup: All open - FL**

NOTE: make sure you Star it and have List view.

Assigned/Pending: all pending cases. Calculate by deducting all unassigned cases from All open FL cases.

How to send the email

Recipients of the email: the TLs involved and all the OUT FL Support agents. Note: The TLs will forward the email to the Managers involved.

The subject of the email: OUT Support status 22AUG (change the date accordingly)

Body:

- **At the beginning of the day:**

Dear Ilias,

Please find below the current cases on FL OUT Support:

All open: 228

Assigned/Pending: 131

Unassigned: 97

- **At the end of the day:**

Dear Ilias,

Please find below the current cases on FL OUT Support end of the day:

All open: 228

Assigned/Pending: 131

Unassigned: 97

Note: the numbers mentioned above are given for illustrative purposes only and need to be replaced with the ones found according to the "How to make the report" guidelines mentioned on the top of this page.

Step 21

 **Solution**

[Parent step: 22](#)

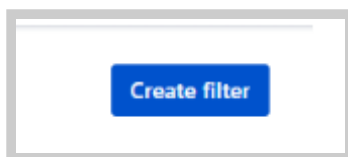

How to create filter for the reporting

Step-by-step guidelines

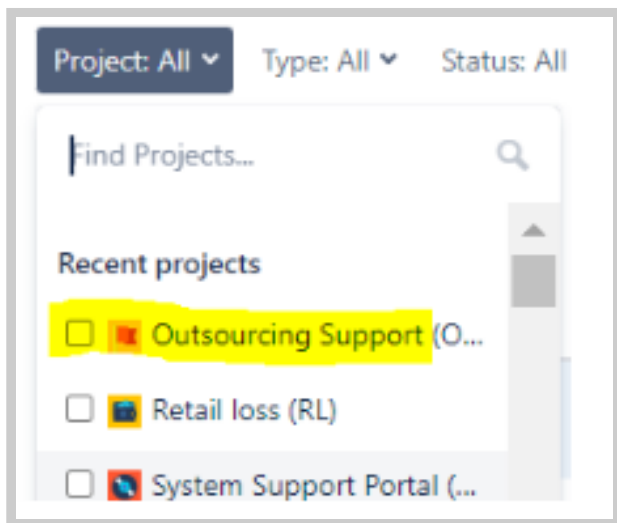

1. Go to "Filters" and select "View all filters":

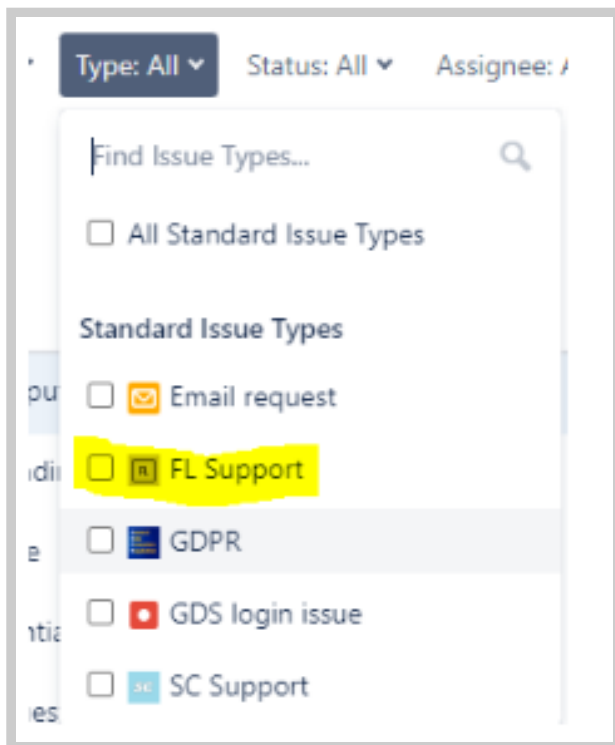

2. Press "Create filter":

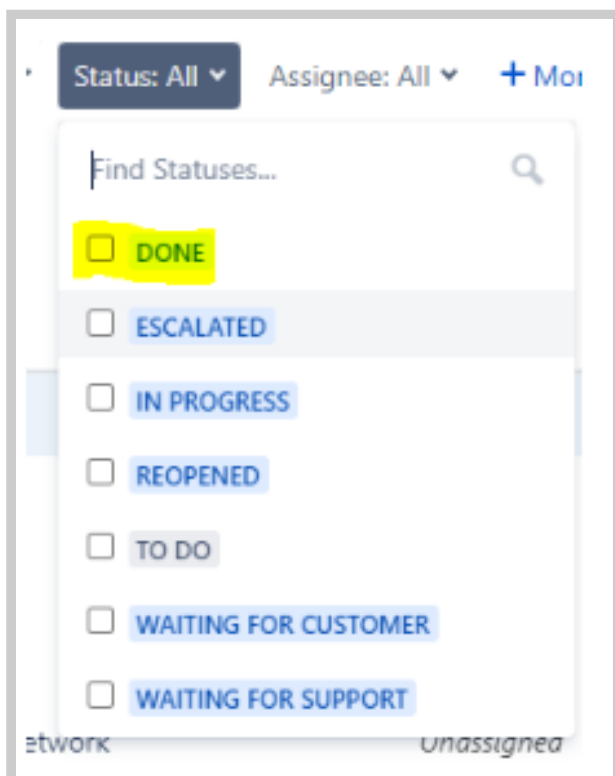

3. Select the Project "Outsourcing Support":

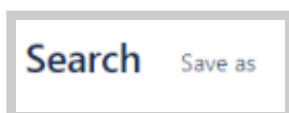

4. Select the Type "FL Support":

5. Select the status "Done":

6. Press "Save as":

7. Star your filter:

ATTENTION

Once the filter is saved, the agents can use it for any future reporting. They do not have to create it again and again.

Step 22

 Question

Parent step: 3

Monthly report

At the beginning of each month, a report of all closed cases for the previous month must be performed.

New Question

- | | |
|---|---------|
| 1. How to create the report | Step 23 |
| 2. How to send the report | Step 24 |
| 3. How to create filter for the reporting | Step 21 |

Step 23

 Solution

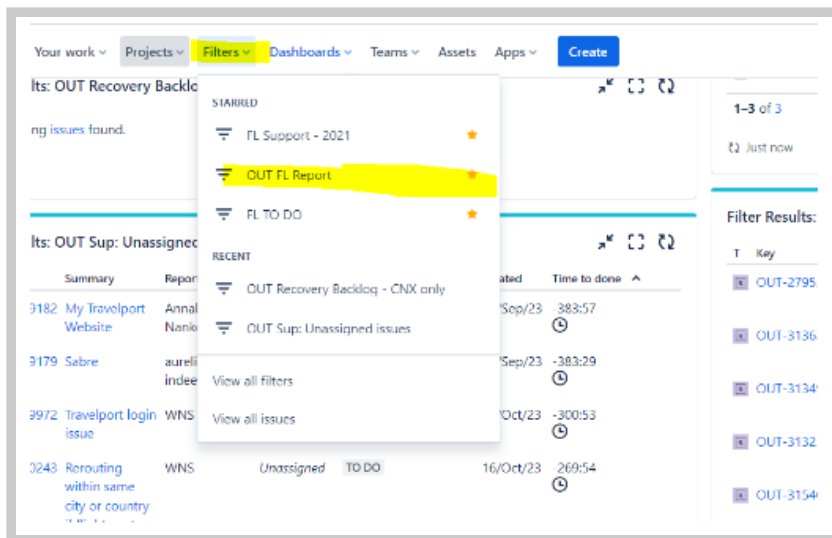

Parent step: 22

How to create the report

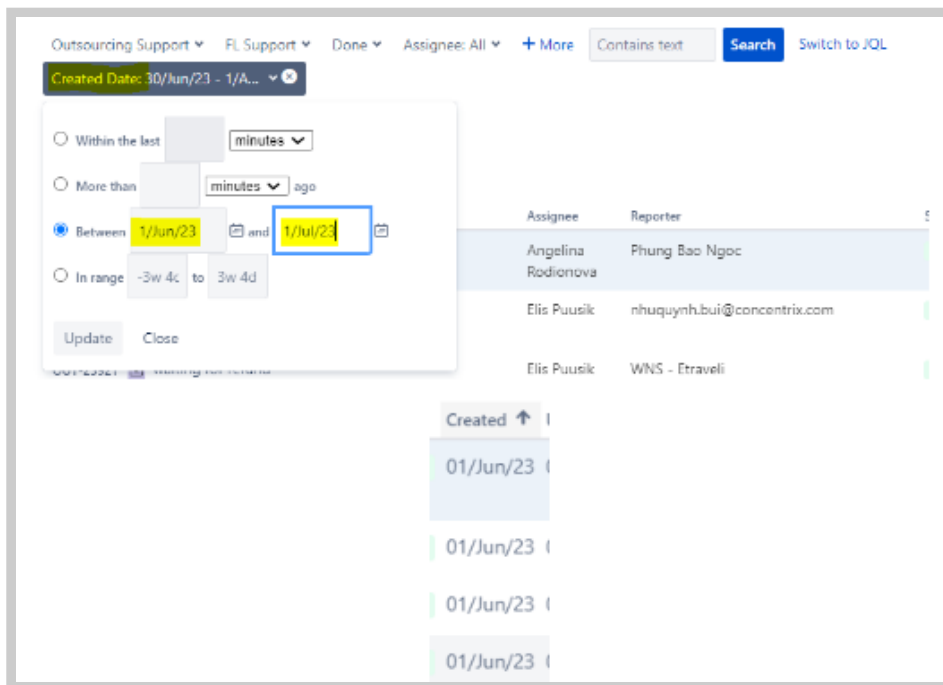

Step by Step guidelines

If you do not have a filter, please follow the instructions on how to create it [here](#).

1. Open filter OUT FL Report:

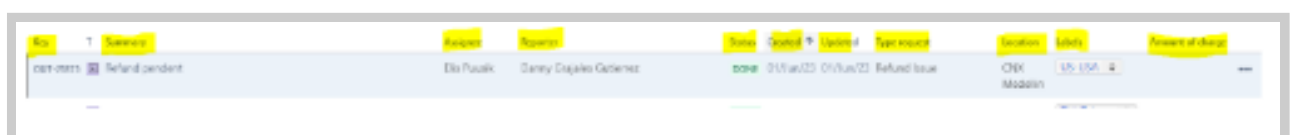

2. Sort by "Created Date":

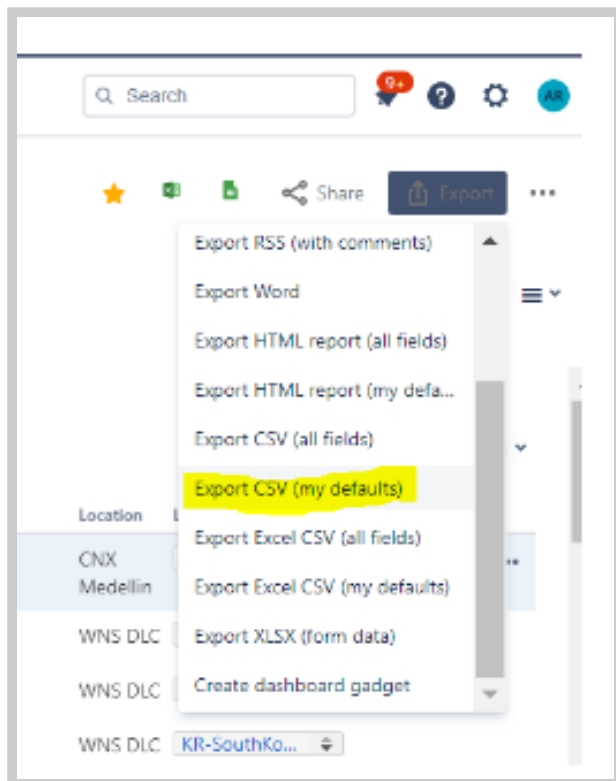

3. Sort column "Created" ascending.

4. Make sure only the following columns are added:

- Key
- Summary
- Assignee
- Reporter,
- Status, Created
- Updated
- Type Request (dropdown)
- Location: Dropdown
- Labels
- Amount of Charge:

5. Press "Export":

6. Export CSV (my defaults)

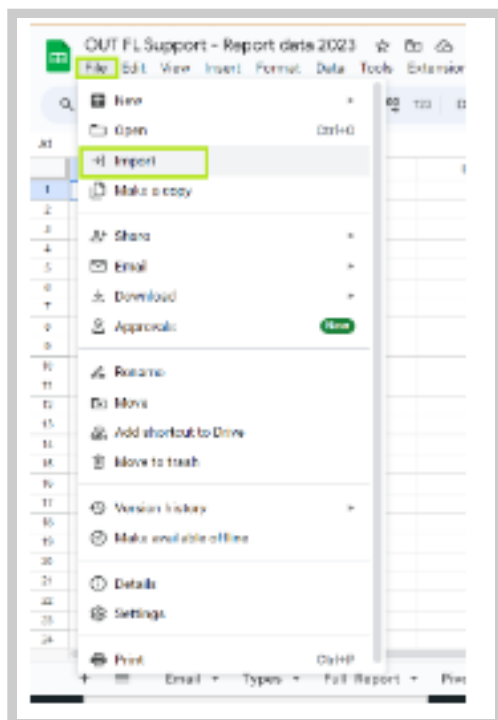

7. A file will be downloaded to the computer

8. Go to the [report file](#)

9. Open the Draft sheet

10. Delete the previous data

11. Press "File" - "Import":

12. Select "Append to current sheet":

13. Delete the columns: "Issue ID", "Assignee ID", "Reported ID", Custom field (Location) - blank ONLY (2 EXIST):

14. Delete the entire first row:

15. Select all the data and copy them to the sheet "Full Report".

16. Find the last entry and paste the data starting with the Jira number column with the command Shift+Ctrl+V:

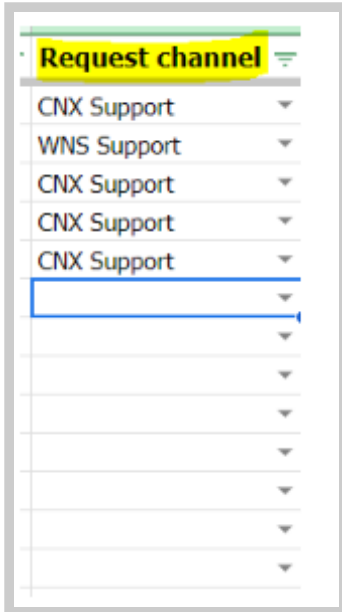

17. Edit column "Status" to have the same style (All has to be blue) - Copy the last blue one Ctrl+Shift+ down - > paste special- format only.

STYLE CHANGE: Jira number, Title of request, Assignee, Reporter, DONE, Created, Updated

18. Edit the format of columns "Created", "Updated". Should be **Day/Month(Abbreviated)/Year** (e.g. 20/Aug/23):

19. Correct any errors in the column "Market":

20. Add weeks to each created date. Go to <https://www.epochconverter.com/weeks/2023> to check which date corresponds to which week.
21. Update the "Request Channel" column using the location channel filter. Eg. All CNX - copy to request drag down and afterward all WNS - copy to request drag down. Once done, "select all" as was before in the location channel:

22. Once all columns are edited and updated, move to sheet **Pivot TTL**.
23. Filter Data by the required Weeks:

2		Fare Hike	
3	Week 26 Total		88
4	Week 27	Refund Issue	31
5		Guidelines	15
6		Technical Issue	14
7		Other	3
8		Authority / Reason code	7
9		Update information	
10		DO NOT USE - Password Reset (for GDS SV/SOD can reset password)	1
11		VAN card issuance request	1
12		Pending Provider Booking	3
13		Fare Hike	1
14	Week 27 Total		76
15	Week 28	Refund Issue	27

+ ≡ Email Types Full Report **Pivot TTL** Pivot CNX Pivot WNS

24. Repeat same for sheet **Pivot CNX** and **Pivot WNS**.
25. Open sheet "**Graphical**".
26. From **Pivot WNS** copy data as per the image:

	A	B
1	Type	Total
2	Refund Issue	951
3	Technical Issue	537
4	Other	269
5	Guidelines	218
6	DO NOT USE - Password Reset (for GDS SV/SOD can reset password)	91
7	Update information	52
8	Authority / Reason code	39
9	Pending Provider Booking	21
10	Fare Hike	21
11	VAN card issuance request	13
12	Grand Total	2212

27. Paste this table to the sheet "Graphical":

1	WNS	
2		
3	WNS Support	
4	Type	Total
5	Authority / Reason code	9
6	DO NOT USE - Password Reset (for GDS SV/SOD can reset password)	6
7	Fare Hike	4
8	Guidelines	50
9	Other	101
10	Pending Provider Booking	5
11	Refund Issue	219
12	Technical Issue	89
13	Update information	18
14	VAN card issuance request	8
15		

28. Repeat for each CNX location.

29. Update the title of each graph.

Step 24

 Solution

Parent step: 22

How to send the report

Step-by-step guidelines

- 1. Go to your personal email.
- 2. Compose a new email for each location (6 in total).
- 3. Send the following email:

Subject: WNS Support Report - July (Weeks 26-31) (all the subjects are mentioned below)

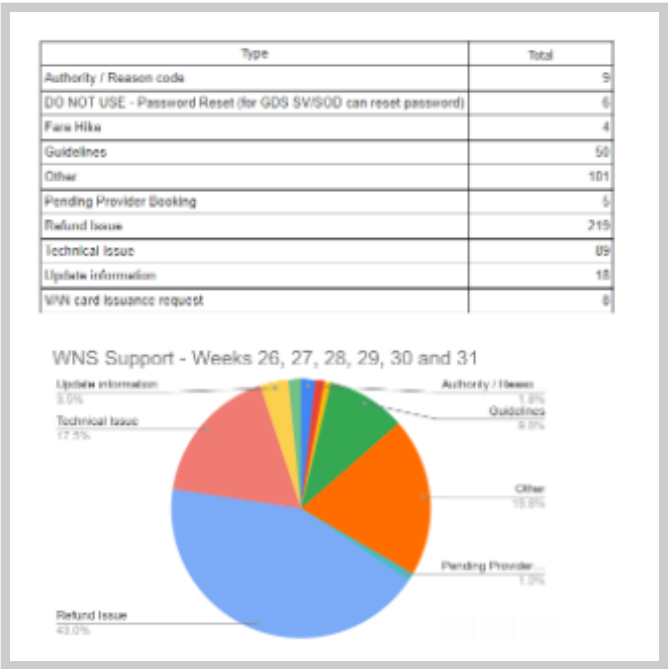

Body:

Dear colleagues,

We would like to share with you our FL OUT report. This report covers the entire of July, with partial Week 26, full weeks 27, 28, 29, 30, and partial week 31.

Below you will find the statistical data table depicting the request of the WNS team/CNX Cairo, Tbilisi, etc., during weeks 26, 27, 28, 29, 30, and 31 (01.07.2023 - 31.07.2023):

(The agent should insert the table and the graph created according to ["How to create the report"](#) here):

(Analyse the data and provide a short explanation of reasons numbers could have increased/decreased.)

For any further clarifications, [mention all the names of your fellow OUT FL Support agents] and I remain at your disposal.

Best regards,

All the Subjects that should be used are:

- WNS Support Report - July (Weeks 26-31)
- CNX Tbilisi Support Report - July (Weeks 26-31)
- CNX Medellin Report - July (Weeks 26-31)
- CNX Cairo Support Report - July (Weeks 26-31)
- CNX Ho Chi Minh Support Report - July (Weeks 26-31)
- CNX Mauritius Report - July (Weeks 26-31)

The month and the weeks should be updated accordingly.

Recipients and POR:

Open the sheet "Email" to find all the needed contacts for the reports or click [here](#).

There are cases that we receive on OUT Support that need clarification from TLs or managers. For such cases, an email from your personal inbox to all involved parties should be sent.

Recipients: outsourcing.support@etraveligroup.com

Subject: [Assistance] - Jira Number - Request

The Team Leaders need to forward the email to the involved Managers **if further escalation is needed**.

Escalation to Finance

Escalation to Finance is needed when a Manual Refund has taken place from our side and the customer is not able to locate the amount.

Recipients:: foteini.grigoropoulou@etraveligroup.com or the whole team finance.banking@etraveligroup.com

CC: outsourcing.support@etraveligroup.com

Subject: [Assistance] - Jira Number - Order Number - Proof of Payment

Body:

Dear Foteini, or Dear Team (when the email is sent to the whole finance department)

Kindly assist to provide the slip of payment for the order XXXXXX, PNR XXXXXX.

Thank you in advance for your assistance.

Step 26

 Solution

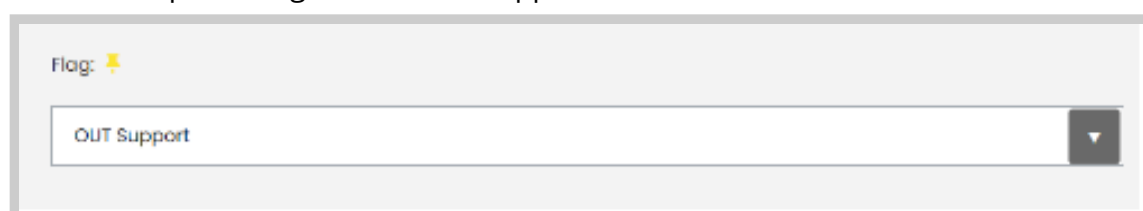

Parent step: 4

Other ways to escalate cases

Escalation to airline, consolidator, PSP

An email to the supplier or other partners has to be sent via Etrack.

- Follow the normal routine for support tasks and [internal escalations](#).
- Add a special flag for the OUT support case:

The screenshot shows a web interface with a label 'Flag:' followed by a yellow pushpin icon. Below it is a dropdown menu with a white background and a grey border. The text 'OUT Support' is visible in the dropdown, and a small grey triangle icon is on the right side of the dropdown box.

Escalation via Slack

This is to be used for urgent escalations to BO (payouts and/or claims) or when OUT FL Support agents need assistance to handle a case.

Needed Slackrooms:

- out-support-team
- payout-fl-urgent-communication
- claim-fl-urgent-communication

Step 27

Solution

Parent step: 3

Monthly meetings

Once per month, the OUT FL team holds a meeting with WNS and CNX.

The agents assigned to the OUT support task rotate monthly regarding the meetings, with each agent responsible for preparing a presentation one week before the meeting and sharing it with the team leader overseeing the task (Spyridoula Berikou). The 1-hour slot should be arranged by the responsible TL to the agent to complete the preparations regarding the presentation.

Schedule:

CNX TBS/VIE/MAU/CAI: 2nd Tuesday of each month - 11:00-12:00 (ATH)

WNS*: 4th Thursday of each month - 17:00-18:00 (ATH)

PoR:

CNX TBS: Beka Margiani beka.margiani@concentrix.com

CNX MAU: Oussama Belkacem Hazem Khammassi oussama.belkacem@concentrix.com

CNX VIE: Nguyen Tuong Vi Tran nguyentuongvi.tran@concentrix.com, Ba Thanh Dao (Parkson) bathanh.dao@concentrix.com & Khoa (SC) truongkhoa.hoang@concentrix.com

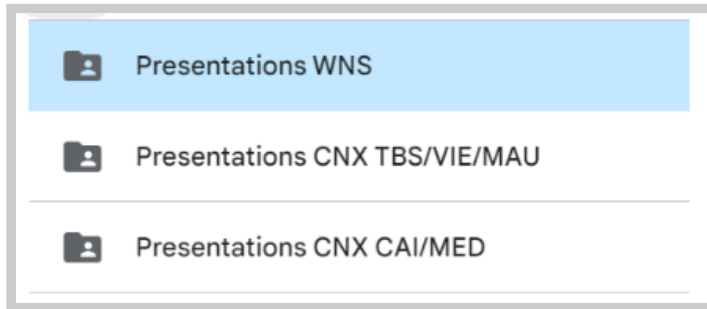

CNX CAI: Ibrahim Elashmawy Soad Elshibawi ibrahim.elashmawy@concentrix.com , soad.elshibawi1@concentrix.com

WNS: amit.dhyani@etraveligroup.com

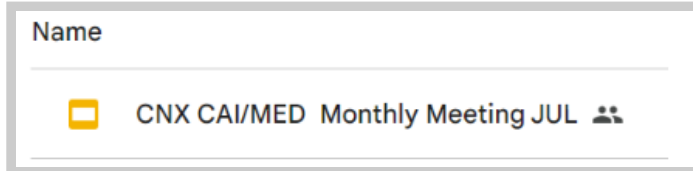

Presentation guidelines

Go to OUT Support Specialist Drive.

1. Select the respective folder based on the OUT team:

2. Open the previous presentation (from the previous month):

3. Make a copy of the presentation:

4. Rename the presentation by updating the month and deleting "Copy Of"
5. Update the agenda and slides
6. Check the previous pending questions to see if any update can be provided

The presentation should include:

- Important updates
- Feedback to OUT SV/TL
- Correction to routines

After the meeting:

Once the meeting is over, download the presentation in PDF and send a follow-up email to the location that you had the meeting with. The recipients are the same that receive the reporting email, so for more information check [here](#).

Subject example: CNX TBS/VIE/MAU Monthly Meeting August (** The OUT team and the month should be adjusted)

Body:

Dear all,

Following our monthly meeting, please find the presentation attached.

For any further clarifications/questions, and I remain at your disposal (add all the OUT SUP agents).

Step 28

Solution

Parent step: 1

SC Support

SC SUPPORT

Purpose of the Channel:

- The purpose of the channels are to notify support SC agents to handle a case that requires immediate action.

Scenarios:

- Passenger is at the airport
- SC has happened more than 24H before departure and passengers have not received any information.
- Urgent assistance is required from In-house agents.

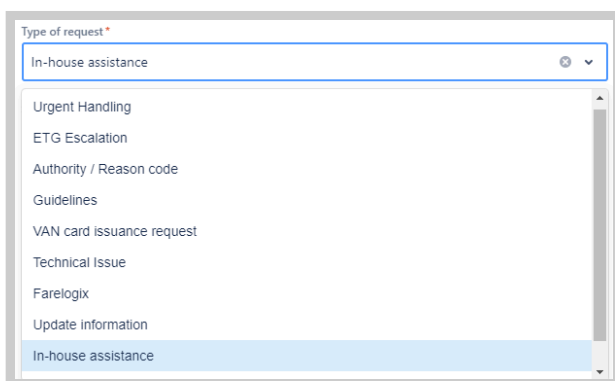

Who will use this channel:

- This channel will be used by **Outsourcing team** when they need to escalate something to the schedule change support team for action.

NOTE: FL agents should transfer the interaction to the correct channel in Genesys based on the guidelines [here](#).

Responsibilities of the sender:

- Apply request through [Service Desk - OUT Support](#)
- The sender should **ALWAYS** insert PNR number or the Jira number, use English only, add relevant note in Edwin, and have as subject: *URGENT departure date + PNR*
- Type of requests:

Type of request *

In-house assistance

- Urgent Handling
- ETG Escalation
- Authority / Reason code
- Guidelines
- VAN card issuance request
- Technical Issue
- Farelogix
- Update Information
- In-house assistance

Responsibilities of Support agents:

- The support agents who are handling the specific market/queue are the **ONLY** ones responsible for taking over the case on their own. Coordinators/TLs/managers will not have any responsibility to monitor

or to take any action to assign such requests.

- If for any reason they cannot handle the case, they should immediately inform the Coordinator/TL/Manager on duty through the thread that the case was sent in order to reassign.

India Support:

1. Name: Outsourcing Support (OUT)

2. Template to use:

-
- Schedule Change Support
- What department are you in?
- What location are you in?
- Edvin Order number
- Passenger Departure Date
- Booking Type
- Air Systems
- Reason for raising this request
- Comments or Notes

1. Who can send to this Jira: Outsourcing team.

2. Operational hours:

Monday - Thursday:

09:00 - 17:00 ATH time (GMT+2)

Friday:

09:00 - 16:00 ATH time (GMT+2)

Outside working hours: Add a qbay prio in the PNR and send it to WNS SC support queue through the GDS.

> Type of the requests in OUT Support

> Travel within 24 hours

Description: When the original travel departure is within 24 hours, and we fail to handle the request on time, so urgent in-house assistance is required.

- Open the PNR in GDS, Portal, or any other possible platform.
- Read the errand notes in the booking, before any action, to avoid unnecessary extra work and instructions from the previous agent
- Remove PNR from other queues before starting handling

- Check the history in the PNR or OTRS
- Handle the PNR according to the manual handling
- Reply to reporter
- Handle the request end to end, if it is necessary, contact the passenger and/or airline on the phone.

Note: If the passenger is over the phone/chat and the department is within 24 hours, the interaction has to be transferred to the respective queue on Genesys.

› VAN card issuance request

Description: When a VAN card issuance is required. OUT partners do not have access to create one.

- Open the PNR in GDS, Portal or any other possible platform.
- Read the errand notes in the booking, before any action, to avoid unnecessary extra work and instructions from the previous agent
- Remove PNR from other queues before starting handling
- Check the history in the PNR or OTRS and make sure that VAN card is required in this case
- Check the amount that VAN card needs to be issued.
- Create a VAN card
- Reply to reporter

› ETG Escalation

Description: Request raised from a specific support task ETG Escalation.

- If there is more than one PNR in the order, check/handle them all
- Identify the airline that owns the ticket
- Check Edvin Documents for SC guidelines of the specific airline
- Follow the SC instructions from the monthly Q
- Handle the request end to end, if it is necessary, contact the passenger on the phone.
- Reply to the reporter of what you have done
- Reply to the airline of what has been done through Etrack
- Close the Jira

› Guidelines

Description: Provide assistance and guidelines about different types of requests, such as Shelf content, Airline policy from Edvin, Password Reset, and/ or Tech Error assistance

- Open the PNR in GDS, Portal or any other possible platform.
- Read the errand notes in the booking, before any action, to avoid unnecessary extra work and instructions from the previous agent
- Check the history in the PNR or OTRS

- Find the relevant information in Shelf, Edvin Documents, etc
- Provide the explanation of the handling the request to the reporter, without handling

➤ Refund Issues

Description: Refund application status or cancellation procedure

- Open the PNR is GDS, Portal or any other possible platform.
- Read the errand notes in the booking, before any action, to avoid unnecessary extra work and instructions from the previous agent
- Check the history in the PNR or OTRS
- Check with SL if an escalation is required or not
- Reply to the reporter of what you have done

➤ Update Information

Description: Redirect the request to another department about different types of requests, such as Shelf content or Airline policy from Edvin to be updated, Tech Error which might affect different departments

- Open the PNR is GDS, Portal or any other possible platform.
- Read the errand notes in the booking, before any action, to avoid unnecessary extra work and instructions from the previous agent
- Check the history in the PNR or OTRS
- Find the relevant information in Shelf, Edvin Documents, etc
- Make sure that the information is misleading or requires updates
- Raise a Jira for updates to the correct department (UED, OP, SS, etc)
- Wait for the updates to be done
- Reply to the reporter that the information is updated

➤ Mishandling

Description: When an internal mishandling occurs and in-house assistance for resolution is required.

- Read the errand notes in the booking, before any action, to avoid unnecessary extra work
- Open the PNR is GDS, Portal or any other possible platform
- Check the history in the PNR
- If there is more than one PNR in the order, check/handle them all
- Identify the airline that owns the ticket
- Check Edvin Documents for SC guidelines of the specific airline
- Follow the SC instructions from the monthly Q
- Find the best possible solution for the case (for example, contact the airline to restore the seats, request a full refund exceptionally, request a second reissue with minimum cost, etc)

- Calculate the charge, if any
- Send escalation to the Manager for authorization of the charge
- When a response is received, proceed accordingly. If there is no charge, skip the above steps and handle the request end to end, if it is necessary, contact the passenger or/and the airline on the phone.
- Handle the request end to end, if it is necessary, contact the passenger or/and the airline on the phone.

➤ Authority/ Reason code

Description: Provide authorization to proceed with an internal or airline flow and/or policy or reason code for an error is required.

- Open the PNR in GDS, Portal or any other possible platform
- Check the history in the PNR
- If there is more than one PNR in the order, check/handle them all
- Identify the airline that owns the ticket
- Check Edvin Documents for SC guidelines of the specific airline
- Follow the SC instructions from the monthly Q
- Find the best possible solution for the case
- Calculate the charge
- Send escalation to the Manager for authorization of the charge
- When a response is received, proceed accordingly. If there is no charge, skip the above steps and handle the request end to end, if it is necessary, contact the passenger or/and the airline on the phone.
- Handle the request end to end, if it is necessary, contact the passenger on the phone. If there is a charge, add the charge amount (always in EUR) to the "Amount of charge" field

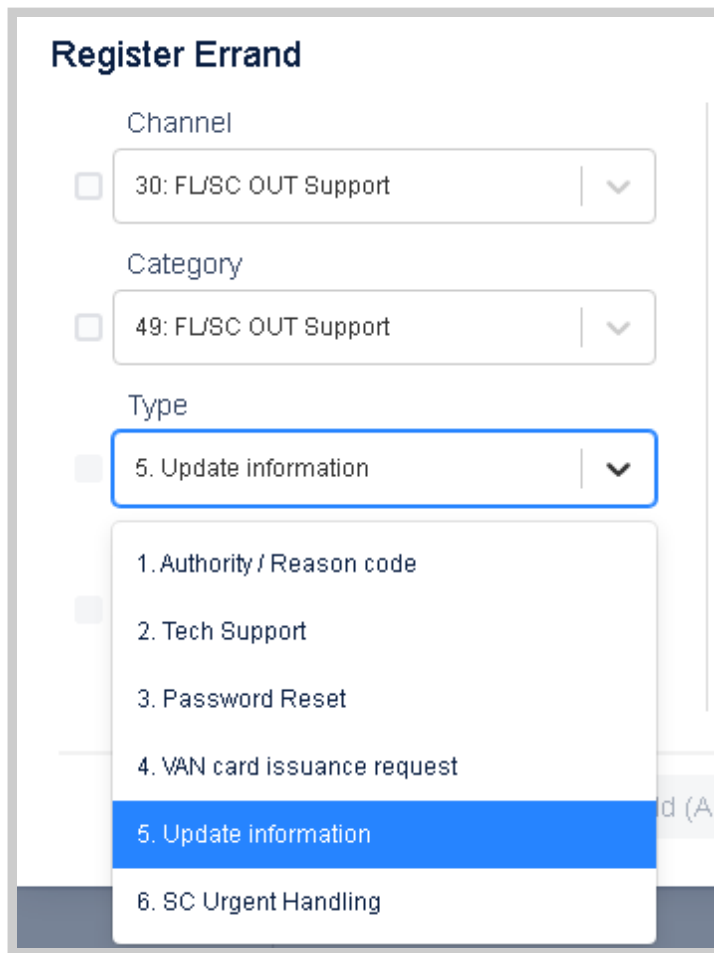

➤ Farelogix

Description: All types of requests related to the Farelogix or any other portal queries

➤ Register errand for OUT Support

Register errand using: Channel:_30: FL/SC OUT Support

Note that you can use **all the register errand that SC has** and if the OUT request is applicable only for OUT Support then please use Category: **49: FL/SC OUT Support**:

The screenshot shows a 'Register Errand' form with three dropdown menus. The 'Channel' dropdown is set to '30: FL/SC OUT Support'. The 'Category' dropdown is set to '49: FL/SC OUT Support'. The 'Type' dropdown is open, showing a list of options: '1. Authority / Reason code', '2. Tech Support', '3. Password Reset', '4. VAN card issuance request', '5. Update information' (which is highlighted in blue), and '6. SC Urgent Handling'.

Updated May 29, 2021, 1:47 PM

Configure

1. Status of handling request:
 - i. TO DO - Unhandled
 - ii. In progress - Handling
 - iii. Waiting for the customer - Waiting for the reporter's reply
 - iv. Waiting for support - Waiting for IT / SS / YY / Consolidator etc
 - v. Escalated - Waiting for escalation outcome
 - vi. Reopened - Once handled, but reporter commented on the same ticket for the same issue.
 - vii. Done - Successfully handled
2. LABELS - Choose the country market of the PNR (NZ-NewZealand).
3. Assignee - Agent who is currently responsible for the particular ticket.
4. Amount of charge - In case of mishandling or error, approved charge. Always in EUR.
5. Reply to customer - Reply to reporter.

CNX: All the Leaders have an individual account to log in connected to their emails. Thus, we should use "@" before the name of the reporter, in order for him/her to be notified once tagged.

WNS: One shared account for the Leaders/ SOD that needs to log in and one mailbox Etraveli.Servicedesk@wns.com . Thus, the reporter will be notified by the system, once the status of the ticket is changed to "Done".

Please note that the tag is not working (@).

6. Add internal note - Remarks only visible to the OUT-support team. NOT visible to reporters.

Step 30

Solution

Parent step: 1

Reporting

Reporting

How to transfer the info to Excel:

1. Go to Filters
2. Choose the type of requests (SC or FL)
3. Choose only "DONE" cases
4. Choose Assignee: All
5. Status category changed date

Note: Use the period you wish to have report for

EXCEL

1. Show all the needed information from Filters.

2. Copy and paste the information to [the file](#), in the sheet "Draft":

	Week	Request channel	Jira number	Title of request	Assignee	Reporter	Status	Created	Updated
2	Week 17	CNX Support	OUT-947	LSMOKN	Galini Triantafillou	Reham Shendy	DONE	02/May/21	05/May/21
3	Week 17	SC Support	OUT-948	Trip Stack booking - GYCKK - Link not working	Galini Triantafillou	WNS - Etraveli	DONE	02/May/21	04/May/21
4	Week 17	WNS Support	OUT-949	No Refund received - KRASGX	Galini Triantafillou	WNS - Etraveli	DONE	02/May/21	04/May/21
5									
6		WNS Support							
7		SC Support							
8		Etrack Support							
9		CNX Support							
10									
11									

3. Then from Draft, paste values only of the required info to sheet full report.

4. Choose the week of the request (you can find [here week numbers](#))

5. Choose the channel of the request.

6. Copy and paste values only of the type, market, and our charge (if any) from the Draft sheet, NOTE: The location has to be changed manually:

J	K	L	M	N	O	P
RHT	AHT	Type	Location	Market	Our charge EUR	Notes
		Technical Issue	WNS	US-USA		
		Other	WNS	JP-Japan		
		Fare Hike	WNS	AE-UnitedArabEmira	204	
		Refund Issue	WNS	US-USA		
		Guidelines	CNX	FR-France		
		Fare Hike	WNS	JP-Japan	535	
		Technical Issue	WNS	US-USA		
		Fare Hike	CNX	BR-Brazil	235	
		Technical Issue	WNS	IT-Italy		
		Refund Issue	WNS	DE-Germany		
		Refund Issue	WNS	CA-Canada		
		Technical Issue	WNS	NL-Netherlands		
		Refund Issue	CNX	FR-France		
		Authority / Reason code	CNX	DE-Germany	238	

7. From the sheet "Full report", there were several pivots created for a fast and easy way to visualize the required information:

Pivot CNX	Pivot WNS	Graphical	Pivot SC	Pivot SC total
-----------	-----------	-----------	----------	----------------

- Pivot CNX - Appear info for CNX requests
- Pivot WNS - Appear info from WNS requests
- Pivot SC - Appear info for SC requests from all the locations
- Graphical - more information will follow, how to update and create
- Pivot SC total - General picture of all the locations regarding SC requests

8. Do not forget to choose the correct weeks in each pivot separately:

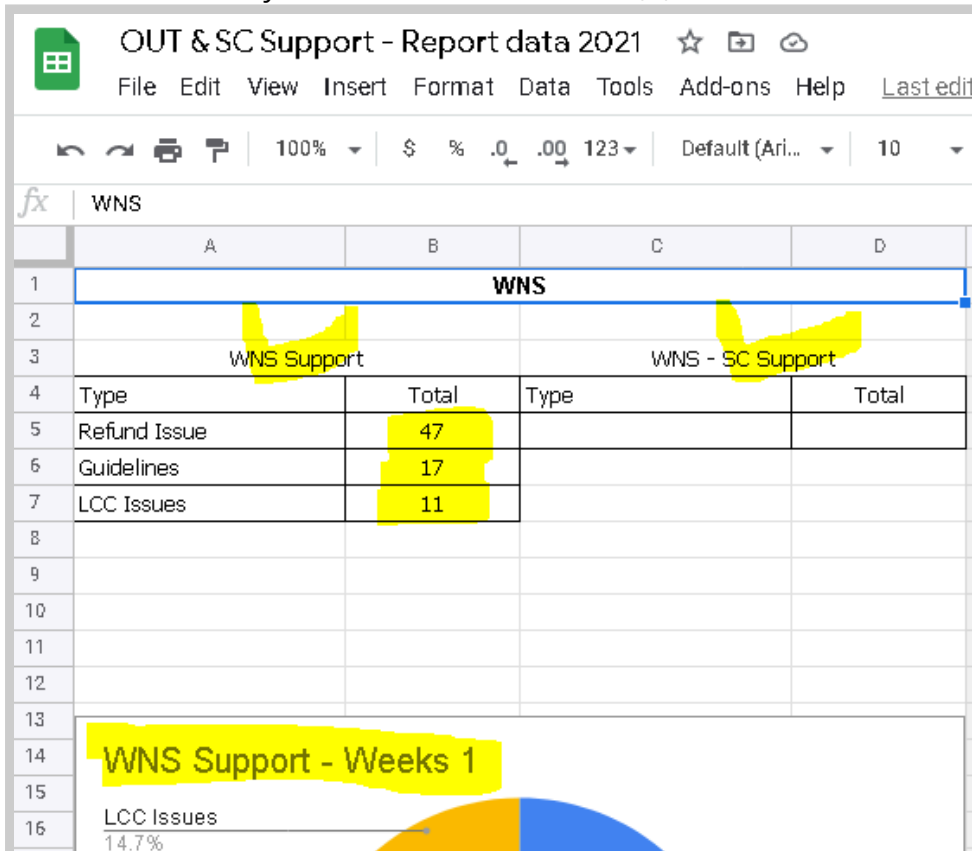

COUNTA of Jira number Type	Week					
	Week 14	Week 15	Week 16	Week 17	Grand Total	
Authority / Reason code			4	3	3	10
Fare Hike	5			4	4	13
Guidelines	5	2	1		2	10
Other				3		1
Password Reset		4		3	3	10
Refund Issue	17	22	15	8		62
Technical Issue	6	5	3	5		19
Update information			1			1
Grand Total	33	37	31	25		126

How to create graphical

1. Go to excel OUT and SC Support
2. Open the sheet "Full report"
3. Create a filter and choose:
 - a. Week
 - b. Channel
 - c. Type, to see the total amount:

[illegible]

4. Insert the total that you found in Sheet "Week 1,2, etc":

5. Do that for all the channels/offices/types.

Then you will need to create a total data for SC request as per offices, having already created the above, copy the information from SC Support as per office and paste it to Sheet "Week 1 - SC Total":
