3. Step by step flow for voluntary changes SQ	Step 4
4. Step by step flow for involuntary changes BA	Step 5

Step 2

Solution

Parent step: 1

Overview & FAQ

Overview:

Voluntary and involuntary changes for British Airways booked through Tripstack can now be performed through Edvin without logging in the IAG portal. The same applies for SQ.

Applies for:

- Rebooking for all the passengers
- Bookings **without** ancillaries related with seating and baggage

For all the other scenarios (split pnr and bookings with baggage or seating) the process remains [manual by logging in the IAG portal](#) or [SQ Agent 360 portal - Tripstack](#) for SQ orders.

FAQ (for BA orders):

Can we rebook a booking order that includes ancillaries?	No, the automation works for bookings without ancillaries related to seating and baggage. For all the other scenarios (split pnr and bookings with baggage or seating) the process remains manual by logging in to the IAG portal.
Can we rebook 1 out of X amount of passengers?	No, as the rebooking automation applies to all passengers in the booking.
If the ticket is already partially used or reissued, can we still proceed?	This is supported by BA, however, this cannot be processed via automation. The process remains manual by logging in to the IAG portal.
Is there a time limit on how close to departure you can use it?	No, technically there isn't.
Can we resend the new ticket confirmation to a different e-mail address?	Kindly copy the information from the Communication tab and send it via Edvin's blank template email.
What happens if there is a technical issue and the payment fails? Do we get an option to collect the payment again, does this affect the rebooking, and/or if the rebooking is completed through Edvin and the payment was not successful what will be the next action?	Rebooking won't go through, and the process will have to start over.

Step 3

Solution

Parent step: 1

Step by step flow for voluntary changes BA

1. Always keep in mind the cabin type that the customer has that is shown here :

The screenshot shows a flight itinerary for the route HK - BRU. The table below lists the flights and their details:

	Dep	Date	Time	Arr	Date	Time	Cabin	Class	Status
A5928	ORK	2023-09-04	11:45	LHR	2023-09-04	13:06	Economy	Q	HK
A398	LHR	2023-09-04	16:30	BRU	2023-09-04	18:40	Economy	O	HK

Below the table, there is a section for "rebook this bound" with a "departure date" field. A calendar for September 2023 is displayed, showing the date 4th as selected.

2. Press on the "Rebook" button that can be found in the itinerary section of the "Customer's trip":

The screenshot shows a customer's trip itinerary for two flights: 1: Gothenburg - London and 2: London - Gothenburg. The details for each flight are as follows:

1: GOT - LHR									
Flight	Dep	Date	Time	Arr	Date	Time	Reference	Post sale handling	
→ BA793	GOT	2023-09-07	19:55	LHR	2023-09-07	20:55	VRGR3A	External portal	IAG Rebook

2: LHR - GOT									
Flight	Dep	Date	Time	Arr	Date	Time	Reference	Post sale handling	
→ BA792	LHR	2023-09-10	17:35	GOT	2023-09-10	20:30	VRGR3A	External portal	IAG Rebook

Below the flights, there is a section for "Travelers" with the following details:

#	Name	Type	Date of birth	Total amount
1	Mr KALLE KULA	ADT	1988-10-18	2758.00 SEK

At the bottom, there is a section for "GDS PNR Information".

3. Select which bound you want to rebook:

Rebook Trip

1. GOT – LHR

Flight	Dep	Date	Time	Arr	Date	Time	Class	Status
BA793	GOT	2023-09-07	19:55	LHR	2023-09-07	20:55	V	HK

Rebook this bound

2. LHR – GOT

Flight	Dep	Date	Time	Arr	Date	Time	Class	Status
BA792	LHR	2023-09-10	17:35	GOT	2023-09-10	20:30	L	HK

Rebook this bound

Fare rules

BA792 London Heathrow - Göteborg Landvetter

BA793 Göteborg Landvetter - London Heathrow

11. Inform the customer about the total cost and if they want to proceed then continue with the next steps. If the customer does not want to proceed then you need to close this window and register a regular errand with the info provided to the customer.

12. Select the payment option (always prefer the MOTO option) and click on Next in order to proceed. In case the customer is unable to pay on the spot ,**always** inform them that the offer is valid for a small period of time (max 30 minutes) and if they do not pay on time the price might change.

13. When the payment link is created a new page will appear:

- a. If the customer can not pay on the spot press on "Postpone rebooking" and when the payment link is received it will end up to a support agent . The support agent needs to make the steps from the beginning in order to complete the rebooking based on the previous register errand.
- b. If you have the customer on phone or chat and they inform you that the payment is completed you can press the "Refresh" button and if the payment was successful the status will change as per below:

14. Confirm rebooking and press on "Confirm" to reissue the ticket:

11. Inform the customer about the total cost and if they want to proceed then continue with the next steps. If the customer does not want to proceed then you need to close this window and register a regular errand with the info provided to the customer.

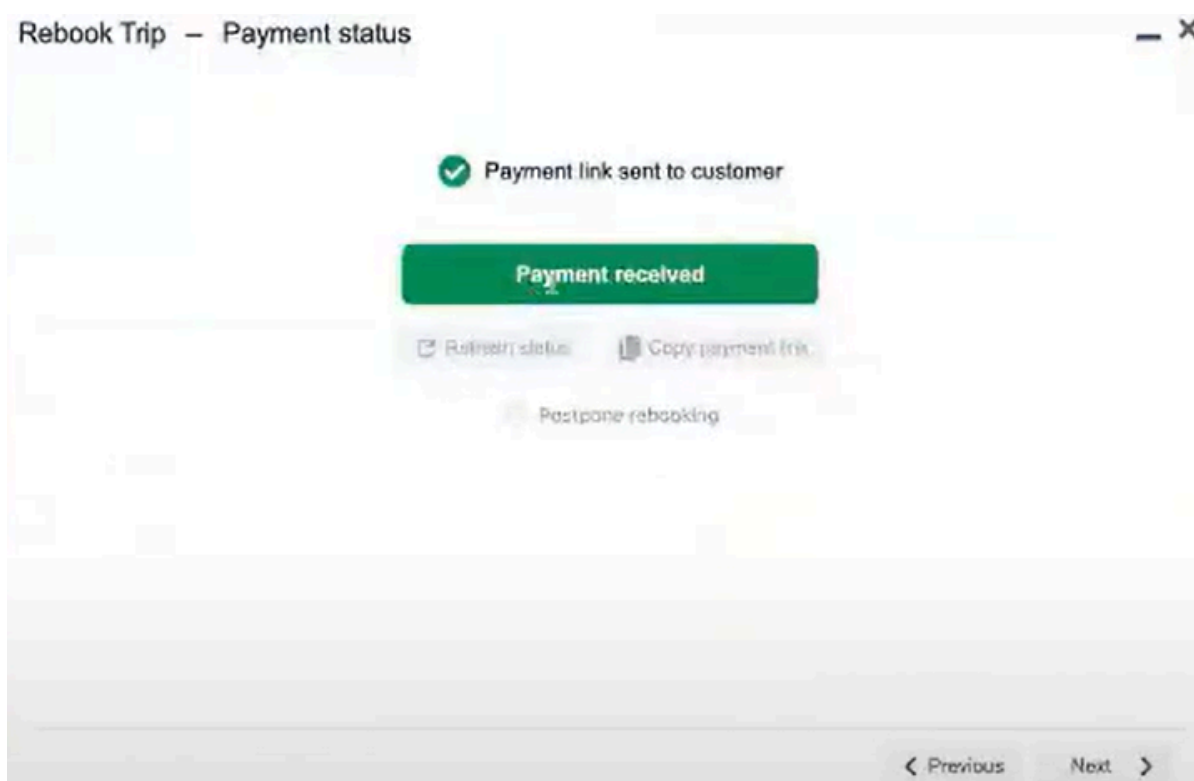

12. Select the payment option (always prefer the MOTO option) and click on Next to proceed. In case the customer is unable to pay on the spot , always inform them that the offer is valid for a small period (max 30 minutes) and if they do not pay on time the price might change.

13. When the payment link is created a new page will appear:

a. If the customer can not pay on the spot press on **"Postpone rebooking"** and when the payment link is received it will end up to a support agent. The support agent needs to make the steps from the beginning to complete the rebooking based on the previous register's errand.

b. If you have the customer on phone or chat and they inform you that the payment is completed you can press the **"Refresh"** button and if the payment was successful the status will change as per below:

14. Press "Next", copy from the clipboard the amount (total airline's cost that needs to be paid for the rebooking) and minimize the window:

Rebook Trip – Confirm

  systemId       = 79
}
```

Solution:

In both case scenarios, please do not log in to the portal, place the case on support, and the support agent will reach out to the airline company for assistance.

Step 5

Solution

Parent step: 1

Step by step flow for involuntary changes BA

The involuntary changes for British Airways booked through Tripstack can now be performed through Edvin without logging in to the IAG portal.

How the feature is working?

- Open Edvin
- Go to the “Customer Trip”
- Check that it is BA airline issued via IAG portal
- Click on “Rebook”

- The page where we are “Awaiting customer payment” will pop up.

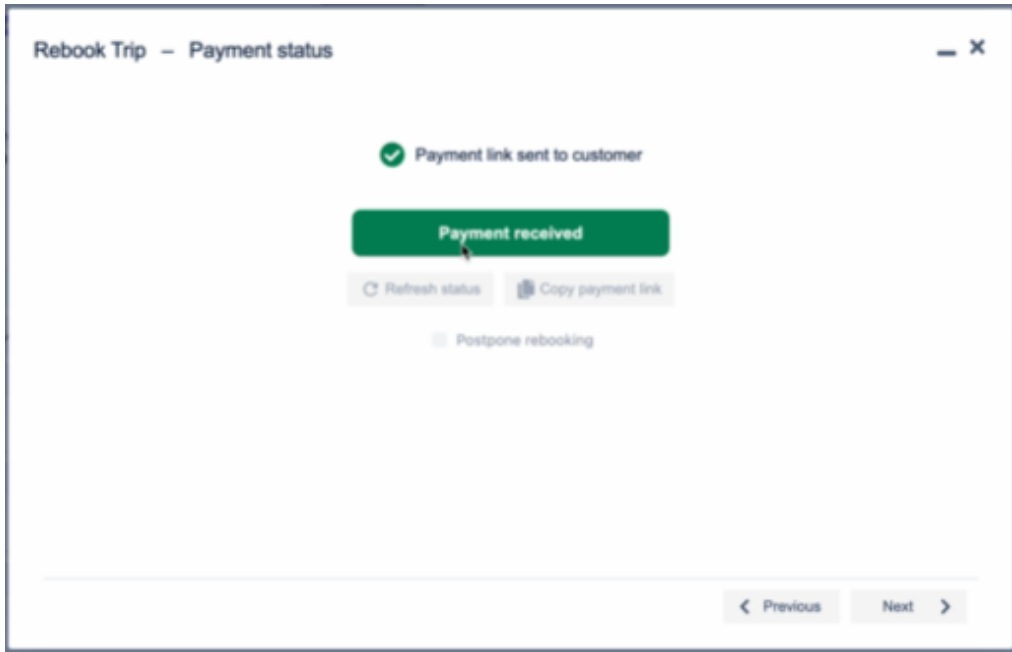

- a. If the customer can not pay on the spot press on "Postpone rebooking" and when the payment link is received it will end up to a support agent.
The support agent needs to make the steps from the beginning in order to complete the rebooking based on the previous register errand.
- b. If you have the customer on phone or chat, and they inform you that the payment is completed you can press the "Refresh" button and if the payment was successful the status will change as per below:

Here is an example of the email that will be sent to the customer:

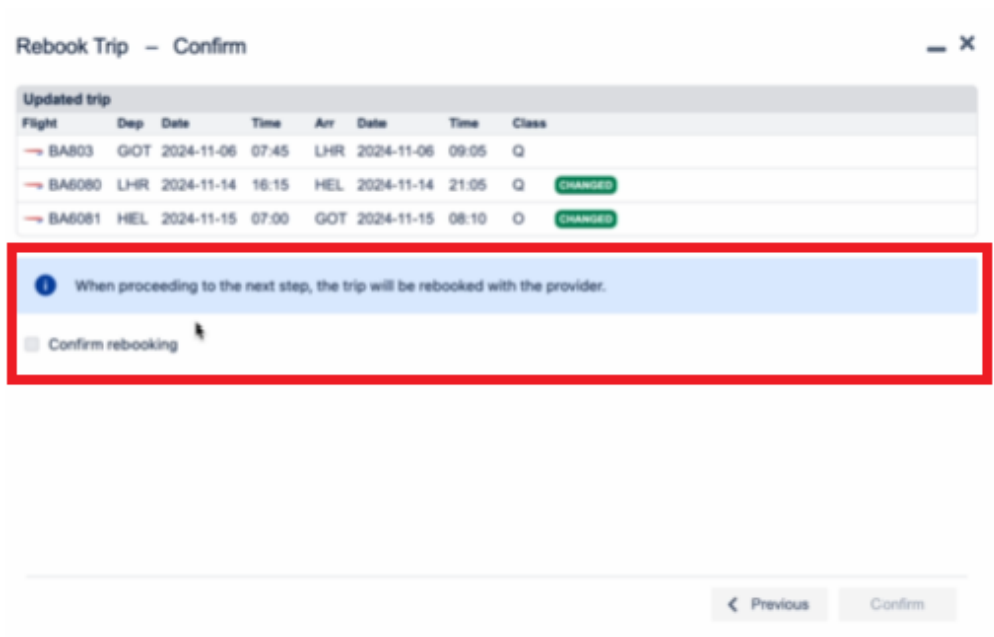

Note that the new flights are going to be bold.

- Once the payment is received, the system will identify it and present it:

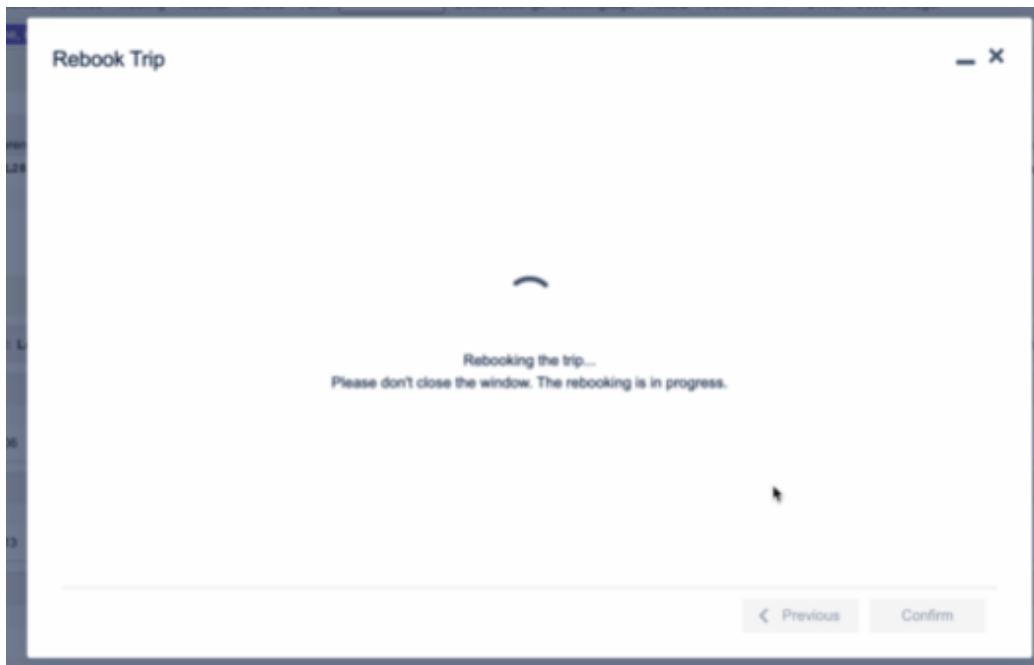

Then the rebooking flow, will be resumed on the step it was paused and request for a confirmation of the rebooking:

ATTENTION

At this stage, the system will contact the airline to confirm the flights, it might take some time. Do NOT close the window and wait for any messages:

Once we got the confirmation from the carrier, then the system will present the new updates:

Our next steps should be to notify our accounting system D365 with the new ticket number and updates:
