Closing	Agent to pick the most appropriate closing based on how the call has gone. If you were not able to assist the Customer with their request: "Thank you for calling." If the call has gone well and the Customer's request was fulfilled: "Is there anything else I can assist you with?" Pause and wait for the Customer to respond. "Thank you for calling. Have a nice day/ weekend/ trip/ coming holiday!"
Outbound Call - customer	"Good Day/Hello, my name is [name] and I am calling from [brand] regarding your inquiry (inquiry type) Before we proceed, I would like to inform you that this call is being recorded for quality and training purposes. Are you fine to proceed?" Pause and wait for the Customer to provide consent for recording. Thank you! Am I speaking with [Customer name]? *Silence cannot be interpreted as consent; repeat the script until the customer responds.
Outbound call - airline	"Good morning/afternoon/evening, I'm <name> calling from <brand> regarding an issue with a mutual customer. Before sharing the record locator/order number/PNR, I would like to inform you that this call is being recorded for quality and training purposes." <i>*If the airline does not agree to record the call, you always need to stop the recording.*</i>

Escalation Requests	
Category	Phrases & Actions
Supervisors being asked for	"<customer_name>, I understand you would like to speak with a supervisor, but rest assured that I have the authority to address your questions and make informed decisions. I want to provide you with accurate information and avoid any unnecessary waiting time. Furthermore, my response will be the same as what you would hear from a supervisor. Let me help you with your request. Thank you. May I have your order number to further proceed with your request?" If YES: "Please let me know your order number to proceed further. " If the customer insists on a supervisor: (A): Get a supervisor. *If the supervisor is not available: "My supervisor is currently busy on another call but I can arrange a callback within 24 hours. May I get your contact number, please?"

Cancellation & Refund	
Category	Phrases & Actions
Booking canceled due to operational reasons	<customer_name>, we sincerely apologize for any inconvenience caused by the cancellation of your flight. We have two options available to assist you: we can either book you on an alternate flight, or we can initiate a refund in accordance with the airline's guidelines.
Refund time frame (to be communicated to customers always)	Refund timelines can vary, but we're here to ensure a smooth process! On average, it takes them 5 business days to process these, and once we receive those funds, our internal processing takes about 6 days. This means you can expect to see your refund within 10-15 business days. We're committed to transparency and will keep you informed every step of the way.
My friend, who booked with another agency already got their refund, when will I get mine?	We are handling requests in the order they were received, however, other factors can influence waiting time and outcomes, such as if and how long it takes to retrieve funds from the airline. We assure you we are doing our best to help all our customers. In the meantime, remember, that you can check the status of your refund at any time by logging in to My Portal using your email address and order number.
Can you call the airline to prioritize MY refund?	We completely understand your concern; however, we don't have control over the airlines' prioritization process. Our only course of action is to wait for the airline to finalize our request. We truly appreciate your patience during this time.
Complaint due to refund delay (refund process longer than 15 business days)	We totally get how frustrating it can be when things take longer than expected, and we're really sorry if this delay has caused any inconvenience to you. Rest assured, we're doing all we can to speed up this refund process. Normally, once we get the go-ahead from the airline, we aim to sort it out within about 6 days. But sometimes, delays beyond our control can be caused. Just a heads up, any extra delay might not be our fault—sometimes it's down to how quickly your bank processes the refund once we've sent it over. Thanks for bearing with us while we get this sorted. We genuinely appreciate your patience and understanding during this time. If you've got any other questions or need a hand with anything else, just let us know. We're here to help!
Refund delay and the customer is not listening after several attempts	I understand your frustration, and I want to assure you that I have provided you with all the information available to us at this time. We are making every effort to speed up your refund process and resolve your issue. Rest assured that we will promptly update you as soon as we have any new information regarding your case. I have to close this call now. Thank you for your understanding.

Service fees	
Category	Phrases & Actions
What if I do not want to pay the service fee?	If you choose not to pay our service fee, I won't be able to provide further assistance with your request. Our fee covers the handling of your case directly, saving you the trouble of contacting the airline separately.
