

Step by Step - RL Jira due to Goodwill Fee Waiver

Here you will find step by step instructions on how to handle a 'Goodwill - Fee Waiver' issue in Jira.

1. ? Goodwill - Fee Waiver Jira
2. ? FL Agent | Part 1 & 2
3. ? Manager/SV

Step 1 - Starting point

Question

No linked steps

"Goodwill - Fee Waiver"

This issue type should be used when authorization is needed for a fee waiver from the manager or supervisor.

Important!

A separate JIRA issue must be created for each Order ID. If you have 2 or more orders which are connected, create separate issues and link them.

Goodwill - Fee Waiver Jira

Please choose from the below menu of options based on your role:

1. FL Agent

Step 2

2. Manager/SV

Step 3

Step 2

Solution

Parent step: 1

FL Agent | Part 1 & 2

For outsource agents:

1. OU agent will have to escalate the case to his/her TL/SOD
2. TL/SOD will have to send the case for approval to ETG:
 - 2.1. Log in Service Desk platform
 - 2.2. Select Outsourcing Support Project
 - 2.3. Select **"Authority/Reason Code"**
 - 2.4. Fills in the template
 - 2.5. Press **[Send]**

Inhouse Part 1:

(For outsource agents those steps will be handled by the Service Desk Support team)

1. Send case for the escalation to your manager/SV

1. Go to [Jira](#)
2. Click **[Create]**
3. Submit information as below:
 1. **Project:** Retail loss (RL)
 2. **Type:** Goodwill - Fee waiver
 3. **Reporter's Location:** Select your location from the drop-down menu
 4. **Description:** Describe the situation (2-3 sentence)
 5. **Priority:** Select based on situation
 6. **Order ID:** from Edvin
 7. **Assignee:** Assign case to your team lead (*IN inhouse agents will keep it empty*)
 8. **Decision maker:** (*Optional*) If the case was already pre-approved by someone from upper management, add the name of this person
9. Click **[Create]**

2. Add Jira Nr to Edvin errand

Once the Manager/SV has picked up your issue and worked on it, they will assign it back to you. From there you are to then continue with the second part of instructions:

For outsource agents:

1. Service Desk Support agent will have to update the ticket in Service Desk platform and informs OU TL/SOD (reporter) for resolution
2. TL/SOD will have to assigns case for handling

Inhouse Part 2:

1. Pick up the issue from the respective section of the Jira Dashboard
2. Review the comment from TL and change issue status to **"Done"**
3. Inform PAX
4. Handle the case accordingly

Note:

- If you are not able to handle the cases assigned to you until the end of your shift => change issue status to **"Abandoned"**
- If you were assigned to the case where reason code approval was requested and issue status is **"Abandoned"**:
 - Check comments in a Jira for guidelines from the manager
 - Change issue status to **"Done"**
 - Inform PAX
 - Handle the case accordingly

Step 3

Solution

Parent step: 1

Manager/SV

1. Pick up the issue from the respective section of the **Retail loss Jira Dashboard**
2. Change Jira status to **"Under review"**
3. Assign a case to yourself **(Only for IN in-house)**
4. Review the case
5. Select **"Approve"** or **"Reject"** to change the status of the issue and fill in all the fields that will appear in the popup:
 1. **Estimated Cost (EUR)**
 2. **Decision maker** (if needed): Name of the person who took a decision
 3. **Resolution note:** Justify your decision => **Keep it short**
 4. **Type of waiving fee:** Add here "Type of waiving fee" (same as [Action] in Reg. errand in Edvin)
 5. **Assign** the issue to the agent who reported it to you and add a comment with the next steps
6. Register errand in Edvin
