

Step by Step Instructions - RL Jira due to Other

Here you will find step by step instructions on how to handle a retail loss due to 'Other'

1. ? 'Other' error Jira
2. ✓ FL Agent | Part 1 & 2
3. ✓ Manager/SV

Step 1 - Starting point

Question

No linked steps

'Other' error Jira

'Other' issue type should be used when authorization needed for a reason code from the manager or supervisor and the case does not fall under "Human Error", "Technical Error", "SV Callback", "Goodwill", "Goodwill - Fee Waiver".

1. FL Agent

Step 2

2. Manager/SV

Step 3

Step 2

Solution

Parent step: 1

FL Agent | Part 1 & 2

Part 1:

1. Send case for the escalation to your manager/SV

1. Go to [Jira](#) and click [Create]
2. Submit information as below:
 1. **Project:** Retail loss (RL)
 2. **Type:** Other
 3. **Reporter's Location:** Select your location from the drop-down menu
 4. **Description:** Describe the situation (2-3 sentence)
 5. **Priority:** Major or Critical if reason code required and case is urgent
 6. **Order ID:** from Edvin. Make sure to insert the 6-digit Order reference from Edvin, as shown in the screenshot. Do not add the numeric Customer Order Reference or the Booking.com reference

Order	
Customer Order Reference	10 7 
Order ID/Reference	1 5  IN  
D365 Reference	

7. **Assignee:** Assign case to your team lead/manager (*Inhouse agents will keep it empty*)
8. Click **[Create]**

2. Add Jira Nr to Edvin errand

Once the Manager/SV has picked up your issue and worked on it, they will assign it back to you. From there you are to then continue with the second part of the instructions:

Part 2:

3. Pick up the issue from the respective section of the Jira Dashboard
4. Review the comment from TL
5. Handle the case accordingly
6. Change issue status to **"Done"**. **ATTENTION:** This Step is important in order to signify that the RL Jira has been resolved and it can be reviewed by the Quality team. Do not forget it!

Note:

- If you are not able to handle assigned to you cases until the end of your shift => change issue status to **"Abandoned"**
- If you was assigned to the case where reason code approval was requested and issue status is **"Abandoned"**:
 - Check comments in a Jira for a guidelines from the manager
 - Inform PAX
 - Handle the case accordingly
 - Change issue status to **"Done"**

Step 3

Solution

Parent step: 1

Manager/SV

1. Pick up the issue from the respective section of the **Retail loss Jira Dashboard**
2. Change Jira status to **"Under Review"**
3. Assign a case to yourself (*Only for IN in-house*)
4. Review the case
5. Select **"Approve"** or **"Reject"** to change the status of the issue and fill in all the fields that will appear in the popup:
 1. **Estimated Cost:** in EUR
 2. **Decision maker:** Name of the person who took a decision
 3. **Reason code:** Select from the drop-down menu
 4. **Discount code:** Change to "Yes" if the discount code was issued (default value is "No")
 5. **Resolution note:** short summary (conclusion) from your review
6. If a **Discount code** was issued, send an email to the customer and close the Issue. Otherwise:
7. Assign the issue to the agent who reported it to you and add a comment with the next steps
8. Register errand in Edvin with a reason code if needed
