As the credentials are personal, if a new account must be created, please refer to your Team Leader or Manager.

Important!

The users need to **log out** before closing the window; otherwise, their account will be locked for a few hours. That means that the agents should log out instead of just clicking on the "X" button on the tab.

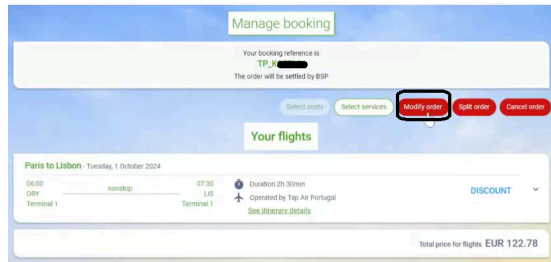

Step 5

Solution

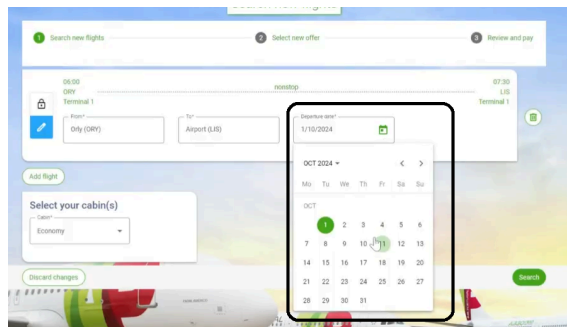

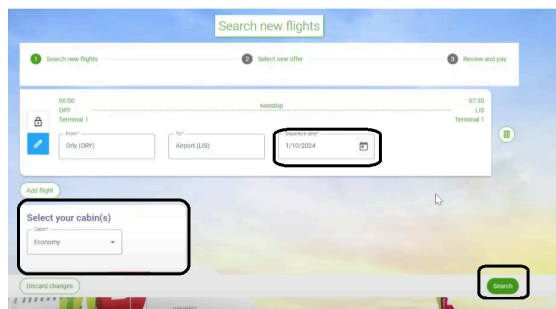

Parent step: 1

Rebooking

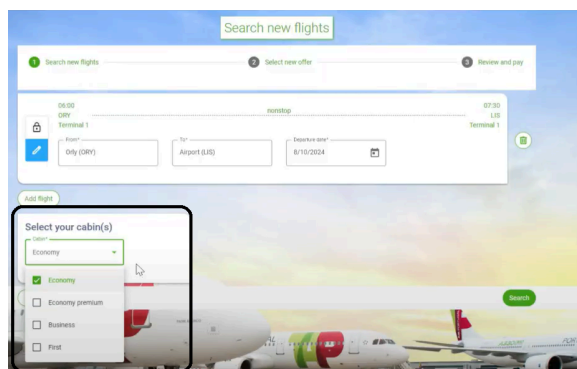

- Retrieve the PNR.
- Click on “Modify order”:

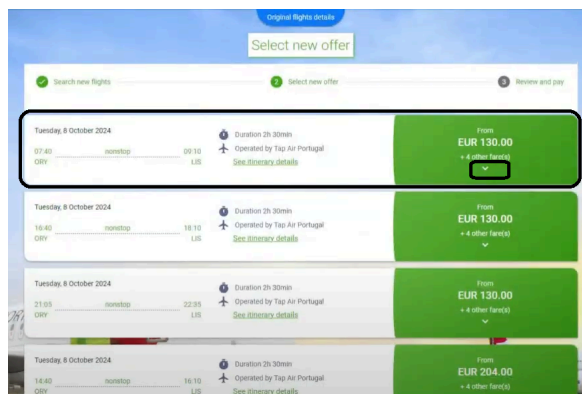

- Click on the calendar to select the new preferred date from the passenger.

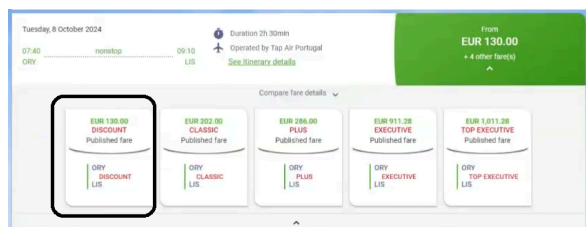

- The cabin fare will be auto-filled according to original booking.

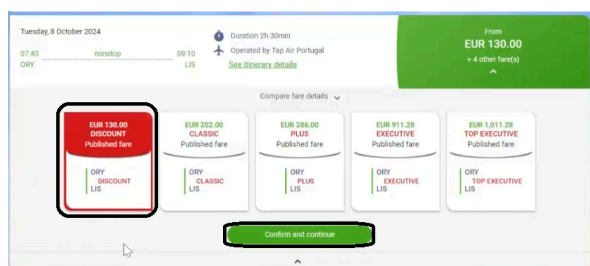

- Click on the expansion arrow to see the exact fare that needs to be selected:

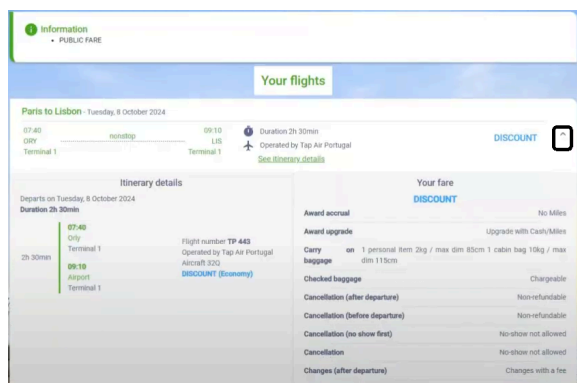

- For example, "Discount" will be selected as per the original order's fare type.

- The fare type will be in red once clicked. Then click on "Confirm and continue":

- You will be redirected to the main page. You may click on the arrow next to "Discount" (as per this example) to check the new fare rules of the order that is about to change.

- In order to inform the passenger for the rebooking cost scroll down and click on "Price details".

If customers have bought the "Flexible ticket" service, they will only need to pay us the fare/tax difference (not the penalty), and after the customer's payment (in case there is a fare/tax difference), we will pay the entire amount on TAP Portal (along with the airline penalty). Therefore please check the cost separately if customers have Flexible tickets and exclude the Penalty.

- On "Receipts" you can find the new tickets.
- Once the rebooking is confirmed, proceed with the rest actions in Edvin as per our normal routines as per this Shelf page: [Sync Trip button](#), under customer trip field.
If this is not possible, use the old routine: Send email confirmation to customer from Edvin. Use template titled " External portal booking details " located under folder First Line-> Other ,and Register an Errand.

If the passenger refuses the change, you may select "**Discard changes**" located at the bottom of the page.

Step 6

Solution

Parent step: 1

Name correction/Name change

- Always check Edvin's docs to ensure that the correction/change is possible.
- You must always collect a copy of the passport or any other official documentation required from the customer
- Queue to support for your location
- Support needs to contact the airline for further handling.

Step 7

Solution

Parent step: 13

GDPR

Step by step:

- A waiver is needed. Place the order on support.
- Before placing on support, the FL agents always need to inform the passengers that with this type of cancellation (GDPR), we can not guarantee any refund and we also need to give us the confirmation to proceed with the next steps (placing on support to cancel the flights and apply for refund). Thus, the support agents will not have to contact the customer again and inform about it.
- Place the case on support.
- The FL Support agent should always contact TAP to cancel the segments before the nonshow and then proceed with the GDRP process: [Medical/Death/visa rejection refund exceptions](#)

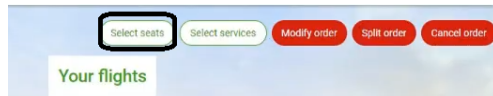

Adding ancillaries and requests

General info:

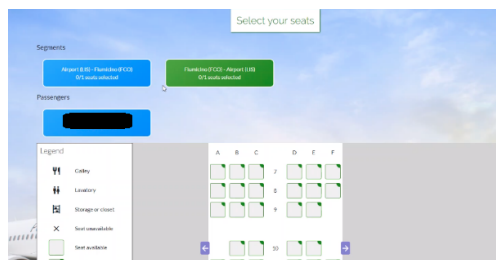

It is not possible to modify ancillaries that have been added to the order.

Seating

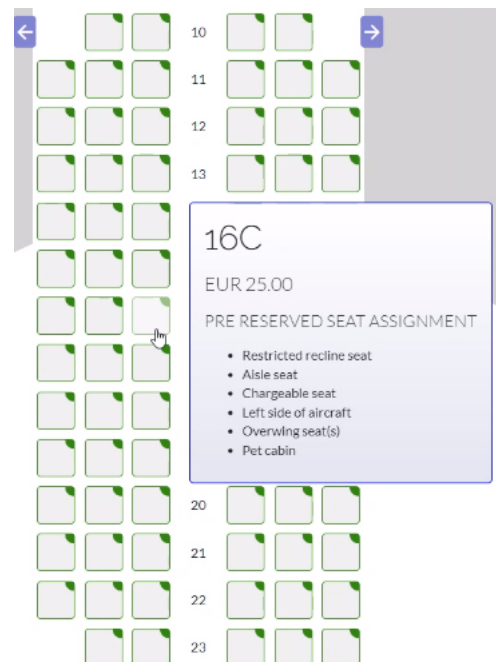

- Click on "Select seats".

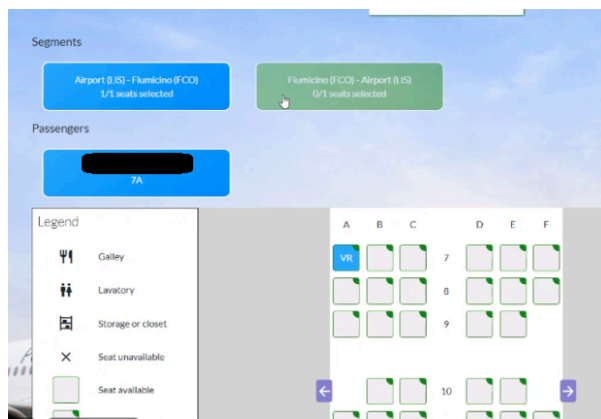

- After that, you can add a seat:

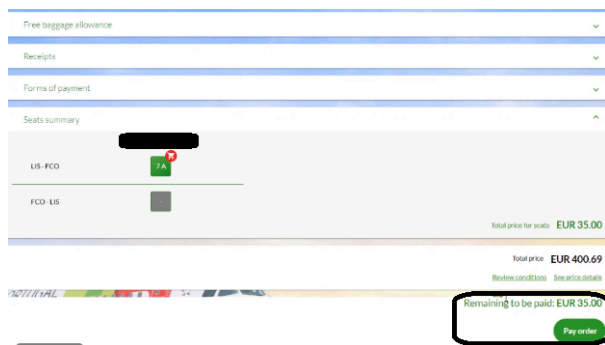

- Inform the passenger of the price of the seat:

- After selecting the preferred seats, proceed with "Confirm".

- Once we receive the payment from the passenger, proceed with the payment in the Portal:

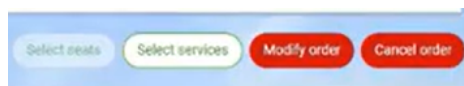

FOP: VAN

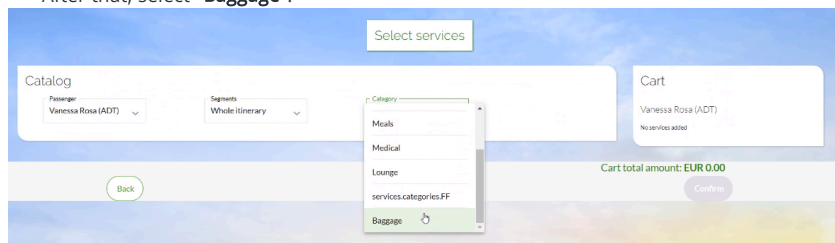

- You may check the EMDs on "Receipts".

Baggage

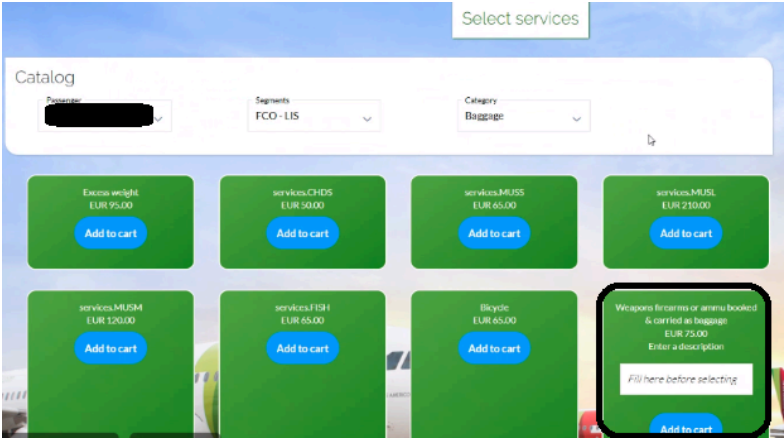

- Click on "Select services".

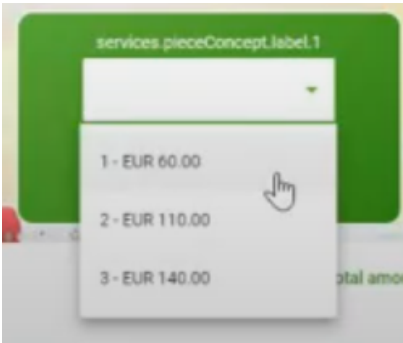

- After that, select "Baggage":

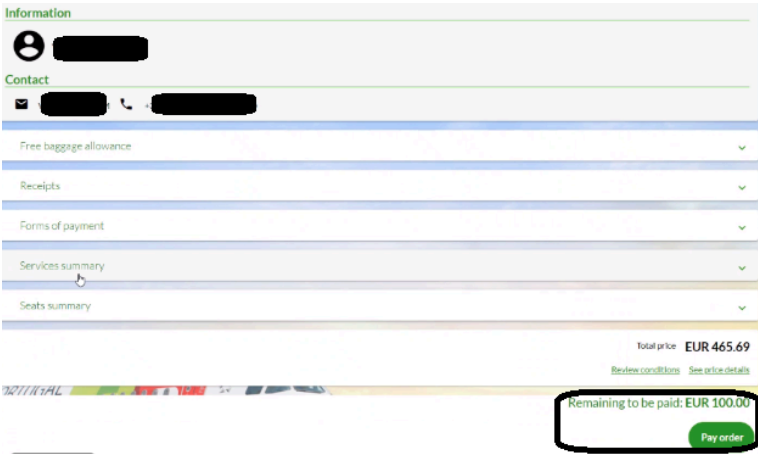

- Scroll to the bottom of the page: "Services.piece Concept.label.1":

- Select the preferred baggage:

- Once we receive the payment from the passenger, proceed with the payment in the Portal:

FOP: VAN

- You may check the EMDs on "Receipts".

Step 9

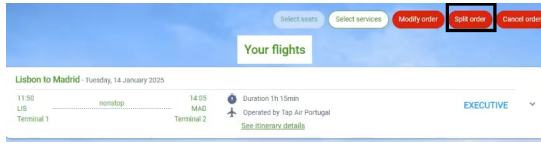

Solution

Parent step: 1

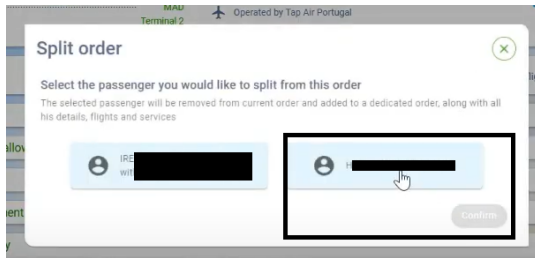

Split pnr

It is possible to split in the TAP portal.

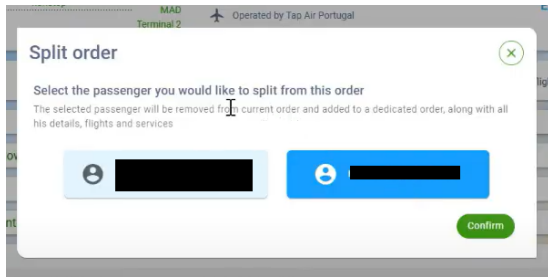

1. Retrieve the PNR.
2. Click on "Split order"

3. Click on the customer's name that is about to be divided:

4. Once customer confirms the Split, then continue by pressing the name and click on "Confirm":

**** Always link the new split pnr in Edvin ****

Step 10

Solution

Parent step: 13

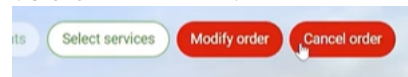

Void

FOR VOID OF THE ENTIRE ORDER USE AUTOMATION, STEP BY STEP [HERE](#).

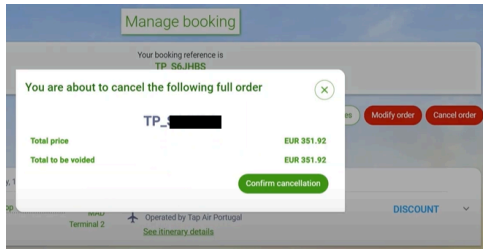

OTHERWISE, PROCEED MANUALLY AS PER STEP BY STEP BELOW:

Steps:

1. Click on "Cancel Order":

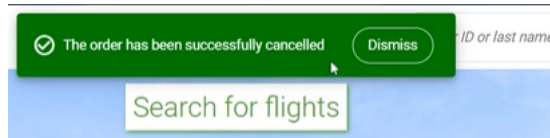

2. If the customer confirms the void, then select "Confirm cancellation" so that the tickets will be refunded and air segments will be removed at once.

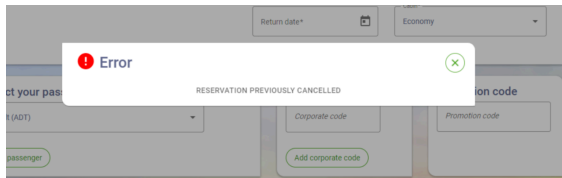

Note: If the ticket is issued on the same day it will be voided without showing any other message before. The ancillaries will be automatically cancelled.

NOTE: If our fee is higher than the refundable amount, and the customer confirms the cancellation, the agent should still cancel and refund in the portal, as the refunded amount goes to ETG, and shall not be in the queue for the refund to the customer. Do **NOT** "Modify order" in such a scenario, as no refund to the customer. Instead, press "**Cancel Order**" with the reason "**Ticket rules - no refund to customer**".

3. Once you proceed with the cancellation, the below pop-up message will appear : "**The order has been successfully cancelled**".

Note: If you try to retrieve a cancelled Order it is not possible. The below pop-up message will appear: "**Reservation previously cancelled**"

4. Go to Edvin, "**Modify Order**" with the reason "**VOID**" and in the "**Other info to BO**" box add a note to the message that appeared (PNR has been successfully canceled) along with the ticket numbers and send cancellation confirmation using the cancellation template from Edvin (CXL conf. - flight void/24h).

Step 11

Solution

Parent step: 13

Fare Rules

For cancellation as per fare rules/taxes of the entire order please use Automation, step by step [here](#).

Otherwise, proceed manually as per step by step below.

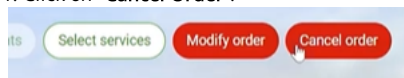

The claim task has been moved to the SL team as of November 5, 2024.

Handling Based on Original Travel Time:

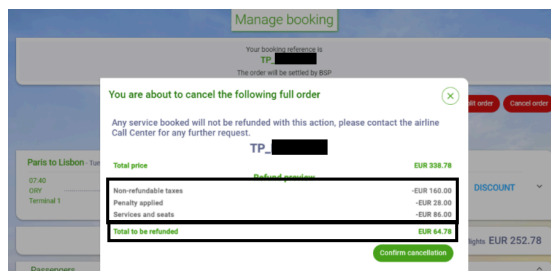

- If Original Travel is **more than 4 Hours**:
- Inform customer about the Penalty and if the customer confirms the cancellation, click on "Modify" button accordingly (automation will work if it is available), SL will continue and cancel the order in the Portal.
- If Original Travel is **within or Less than 4 Hours**:
Follow the standard refund routine as usual.

Steps:

1. Click on "**Cancel Order**":

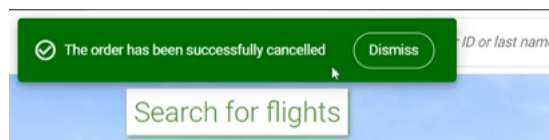

2. If the customer confirms the cancellation, then select "**Confirm cancellation**" so that the tickets will be refunded and air segments will be removed at once.

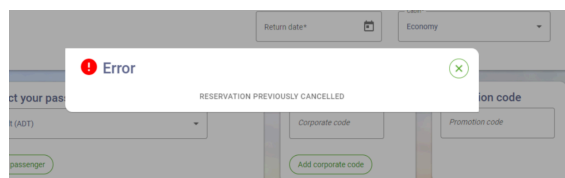

NOTE: If our fee is higher than the refundable amount, and the customer confirms the cancellation, the agent should still cancel and refund in the portal, as the refunded amount goes to ETG, and shall not be in the queue for the refund to the customer. Do **NOT** "Modify order" in such a scenario, as no refund to the customer. Instead, press "**Cancel Order**" with the reason "**Ticket rules - no refund to customer**".

3. Once you proceed with the cancellation, the below pop-up message will appear : "**The order has been successfully cancelled**".

Note: If you try to retrieve a cancelled Order it is not be possible. The below pop-up message will appear: "**Reservation previously cancelled**"

4. Go to Edvin, "**Modify Order**" with the reason "**Fare Rules**" and in the "**Other info to BO**" box add a note to the message that appeared (PNR has been successfully canceled) along with the ticket numbers and send cancellation confirmation using the cancellation template from Edvin (CXL conf - fare tkt rules 9.A).

Partially used tickets:

The refund flow is automated for partially used tickets. The system will show any refundable amount. This applies only to refundable fares.

Please keep in mind the ETG fees (if applicable).

For non-refundable fares, it will only be possible to cancel the booking but with no refund.

Step 13

Parent step: 1

Cancellation and refund

The claim task has been moved to the SL team as of November 5, 2024.

Handling Based on Original Travel Time:

- If Original Travel is **more than 4 Hours**:

- Inform customer about the Penalty and if the customer confirms the cancellation, click on "Modify" button accordingly (automation will work if it is available), SL will continue and cancel the order in the Portal.

- If Original Travel is **within or Less than 4 Hours:**
Follow the standard refund routine as usual.

FL team will continue to:

- Handle urgent cases (clarification above)
- Void
- Check Rules and inform customers
- Placing on Support in case anything requires YY contact
- Modify button (Automation will work - if it is available)
- Send cancellation confirmation email

Step 14

Solution

Parent step: 16

Force Majeure

FORCE MAJEURE:

We are never allowed to refer the customer to the airline

Agents on phone:

- Always check travel alert page for info
- Queue booking to your support, if FCR is not possible.
- Add info what customer is requesting in Edvin, refund, alternative flights etc.

Support:

Always check of PNR history in Amadeus Altea NDC

Involuntary rebooking:

We have to call TAP to get new alternatives and also for involuntary reissues.

It's important to inform that it is an NDC booking, as they have special agents handling these bookings.

Involuntary cancellation:

NOTE: *FL or SC agent can confirm the cancellation with the customer and inform that we will apply for the refund, no guarantees as per usual routine.*

Procedure for Handling Involuntary Refunds

1. Document Verification in Edvin: The FL/SC agent is responsible for reviewing Edvin's documents to ensure that an involuntary refund is authorized in accordance with policy guidelines.
2. Deadline Check
 - Verify if there are any specific deadlines associated with processing this refund.
 - If yes, and it is close to the deadline as per airline policy, or SSR, or guide (*within 4 hours of the deadline*), then the agent should **prioritize the refund and manually handle the refund.**
 - If no deadlines are indicated, proceed with the following steps:
3. Handling Based on Original Travel Time:
 - If Original Travel is **More than 4 Hours:**
 1. Update the Modify button accordingly, allowing SL to assume the case.
 2. Ensure any applicable waiver codes are documented clearly in the errands.

- If Original Travel is **Within or Less than 4 Hours:**
Follow the manual handling refund routine and handle it.

Manual refund handling

- FL agent queue booking to FL or SC Support with cancellation reason
- Support agent check if we can proceed with refund via Amadeus Altea NDC
- Support agent calls the airline TA to cancel itinerary/flight segments.
- Support agent will then queue the booking to SL using modify order and SL will then apply for the refund.

Refund RA through BSP link:

If you are unable to refund, you need to call the airline. If the airline informs you need to send a refund application via BSP link - queue the booking through modify order to BO with all relevant information: passenger, ticket number, refund reason etc.

TAP (via TS)

General guidelines

- Schedule change notifications
 - send via TS API to Edvin/ SC Workmode
 - placed on Amadeus Altea NDC
- We handle all schedule changes that occurred up to 24 hours from departure from Edvin Workmode, but agents should always check and remove it from any other queue.
- Handling flow: Can be checked from [SC Description](#) [Manual handling](#).

Phone, email or chat agent flow

If customer, contact us for rebooking or refund due to schedule change, and there is no information under Edvin OTRS tab:

1. Open the booking via Amadeus Altea NDC
2. Check if there is a schedule change:

If yes, Place the Order on the support queue using the [Register Errand- Send to support](#) function

IRREGULARITY AND SCHEDULE CHANGE PROCEDURES

- If the passenger has been placed on an alternative flight by TAP, he can make a free amendment to another flight/connecting flight he considers acceptable – any additional change will be subject to fare conditions.
- If the passenger has not been placed on another flight by TAP, the passenger can choose for free and only once a flight/connecting flight that he considers acceptable – any additional change will be subject to fare conditions.
- Note: The travel agent is required to notify all ticketed and confirmed passengers of any schedule change or flight cancellation immediately after receiving notice. This free booking change must be processed within 10 days after the schedule change (UN/TK sent to the PNR). Any rebooking made or requested after the period of 10 days of the schedule change may be considered a voluntary booking change, according to fare conditions.
- Changes of origin and/or destination for regular schedule changes are not allowed. In case of an exceptional situation, for example, the closure of the airport, etc., specific rules shall apply and will be divulged by TAP.

ALTERNATIVES THAT AGENCIES MAY OFFER TO PASSENGERS

- a) Schedule change or flight cancellation takes place more than one day prior to the scheduled departure time of the first affected flight
 - Rebooking for a TP flight (flight number TP, operated by TP)
 - Rebook in the same RBD of the original ticket, within the validity of the same.
 - If original booking class is not available, agent must rebook in the lowest available RBD within the same cabin. Please refer to the involuntary procedures available on www.tapagents.com
 - If necessary to change the departure date, the new departure date must be within 3 days before or after the original flight date.
 - If no alternative TP operated flight is available, you can rebook to a TP marketing flight (TP flight number but operated by another airline) following the same rules described above.
 - If no TP operated flight nor TP marketing flight is available, or if passenger doesn't accept the alternatives offered, you must always contact TAP.
- b) Schedule change or flight cancellation takes place one day or less prior to the scheduled departure time of the first affected flight
 - You must always contact TAP before taking any action over the pnr or the ticket.

24H Rule Cancellation

General info:

The EMDs are not refundable, but if cancelled up to 24h after issuance TAP allows the refund of tickets and associated EMDs with a single refund fee/cancellation penalty for both documents (ticket & EMD), so the fare rules are not applied only for this type of refund.

Penalty for the 24H rule:

- European Flights: EUR30.00 (USD30.00/CAD 50.00)
- Intercontinental Flights: EUR45.00 (USD45.00 /CAD 65.00)
- Non-application of this cancellation fee on direct ticket refunds within 24 hours of date of issue will result in an ADM.
- This fee is not applicable on refunds of tickets with fully refundable fares.
- This 24h rule only applies to tickets; cancellations of EMD's alone follow the applicable rules (most are non-refundable).
- Only one fee is applied to a ticket and it's associated EMDs.
- The 24-hour refund rule /grace period) only applies to tickets where the passenger has not been No-show!

- Other rules may apply, due to the legal imposition of certain countries, namely: BRAZIL, ISRAEL.

Due to legal restrictions enforced by DOT (USA) and CTA (Canada): - refund requests made within 24 hours and for tickets issued up to 7 days before the travel, this administrative fee is exempted; - refund requests made within 24 hours and for tickets issued within 7 days before the travel, the correspondent fee will be charged.

*You can click on "Cancel order" to verify the amount eligible for a refund (without proceeding with the cancellation before the customer's confirmation).

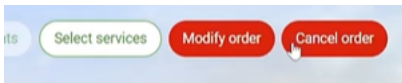

The claim task has been moved to the SL team as of November 5, 2024.

Handling Based on Original Travel Time:

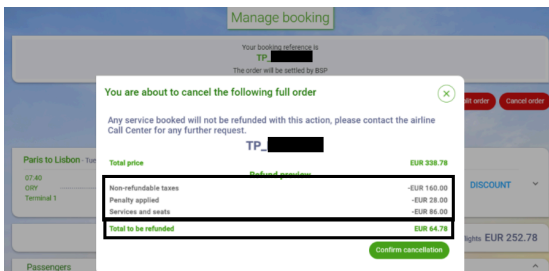

- If Original Travel is **more than 4 Hours**:
- Inform customer about the Penalty and if the customer confirms the cancellation, click on "Modify" button accordingly, SL will continue and cancel the order in the Portal.
- If Original Travel is **within or Less than 4 Hours**:
Follow the standard refund routine as usual.

Steps:

1. Click on "Cancel Order":

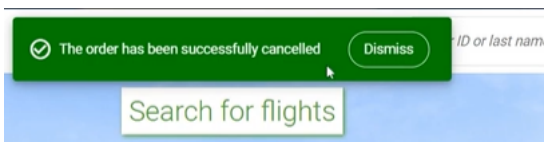

2. If the customer confirms the cancellation, then select "Confirm cancellation" so that the tickets will be refunded and air segments will be removed at once.

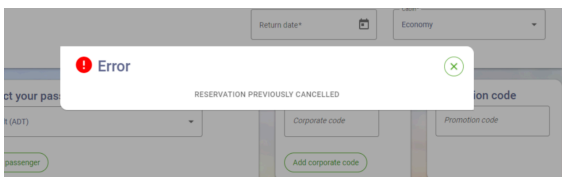

NOTE: If our fee is higher than the refundable amount, and the customer confirms the cancellation, the agent should still cancel and refund in the portal, as the refunded amount goes to ETG, and shall not be in the queue for the refund to the customer. Do **NOT** "Modify order" in such a scenario, as no refund to the customer. Instead, press "Cancel Order" with the reason "Ticket rules - no refund to customer".

3. Once you proceed with the cancellation, the below pop-up message will appear : "The order has been successfully cancelled".

Note: If you try to retrieve a cancelled Order it is not be possible. The below pop-up message will appear: "Reservation previously cancelled"

4. Go to Edvin, "Modify Order" with the reason "24h airline rule" and in the "Other info to BO" box add a note to the message that appeared (PNR has been successfully canceled) along with the ticket numbers and send cancellation confirmation using the cancellation template from Edvin (CXL conf. - flight void/24h 15.A).
