FL/SC credentials for TF reports

As of 27 October 2021, FL and SC agents will not have individual accounts to access TF reports portal.

Instead, we have created group accounts per location.

You can find the account information of your location in Edvin documents, under the "System" tab:

The screenshot shows the Edvin documents interface. At the top, there is a horizontal menu with tabs: Base/Bookings, 9/9 VAN:s, PNR:s, Payment transactions 4, Rebooking, Communication, Refund, Product Pricing, Fraud Review, Tracking, Events and logs, and 3 Documents. Below this, there is a filter section with tabs: System, Carrier, Product type, and Show All. Under the 'System' tab, there is a sub-section with tabs: TravelFusion, Amadeus, and Show All. Under the 'TravelFusion' tab, there is a document titled 'TravelFusion reports credentials'. Below this, there is a button labeled '+ Support contact information - TravelFusion reports credentials'.

Update or reset the password:

Location	Actions to take
UPA	1. Escalate to FL Coordinators, they are responsible to reset the password and update it in Edvin Docs from their end.
ATH	
BOM/PNQ	
WNS	1. Ask your Supervisor/Manager to update/reset the password. 2. The Supervisor/Manager needs to send the new password via JIRA to OUT Service Desk, so the Edvin Docs will be updated with the new password.
