Solution

Parent step: 1

Cancellation

The claim task has been moved to the SL team as of November 5, 2024.

General rules

Cancellation reason	Travelfusion	Tripstack
Void/24h rule	No	No
Dupe	Refer to the airline	Refer to the airline
GDPR	Refer to the airline	Refer to the airline
Refund according to fare rules (Voluntary)	Refer to the airline ***Not allowed to offer credit according to fare rules.	Cash refund: Refer to the airline Credit: If you cancel on the airline's website the customer will receive credit according to fare rules (cannot be converted to cash refund)
Schedule Change	Yes	Yes

Refund according to fare rules (Voluntary)

- For Travelfusion bookings, always refer the customer to contact the airline. You should NOT cancel on the airline's website.
- For Tripstack bookings, you need to ask the customer if he/she wishes for a cash refund or a credit for future use.
If the customer chooses credit for future use, please follow the "[LCC General Guidelines - Voucher/Credit](#)" guidelines.

IMPORTANT

In case the airline has requested the customer the last 4 digits of the card used for the booking in order to process the refund, you are allowed to provide the last 4 digits ONLY of our VAN.

Do not offer this information proactively to the customer. Only if the customer asks for it after the airline's request. This does not apply for TFPay.

- **The customer has a Tripstack booking and wishes for a cash refund:** You should refer the customer to contact the airline directly.
- **The customer has a Tripstack booking and wishes for a credit for future use:** Follow the steps below:
*****REMEMBER*** The customer should contact us to use the credit for a new booking. See the section "[How to use the voucher for rebooking the customer](#)".**
(**Note:** For cases where the airline provides credit/vouchers instead of cash refunds, please refer to the [LCC General Guidelines - Voucher/Credit](#) for detailed instructions on how to handle such cases.)

Attention! - In order to make sure which of the steps you need to follow, please follow the guidelines as mentioned [here](#), where the exceptions and the rest of the general handling are mentioned.

1. Open Wizzair's website and click on CHECK-IN & BOOKINGS. Insert the customer's last name and the PNR as shown in Edvin.

Find booking

09:45

Step 6

Solution

Parent step: 2

Cannot find the initial PNR details

There have been certain occasions where Wizzair has assisted the customer for rebooking, cancellation, etc. and only a portion of customers confirm to proceed. This results in having limited information on the original PNRs.

In case you are unable to find the inbound flight in round-trip tickets or a missing passenger from the original PNR with Wizzair (W6, W9, 5W, W4), please retrieve the booking on Wizzair's website and find, if any new PNR (split) has been created by the airline, through the "My bookings" section.

Step 7

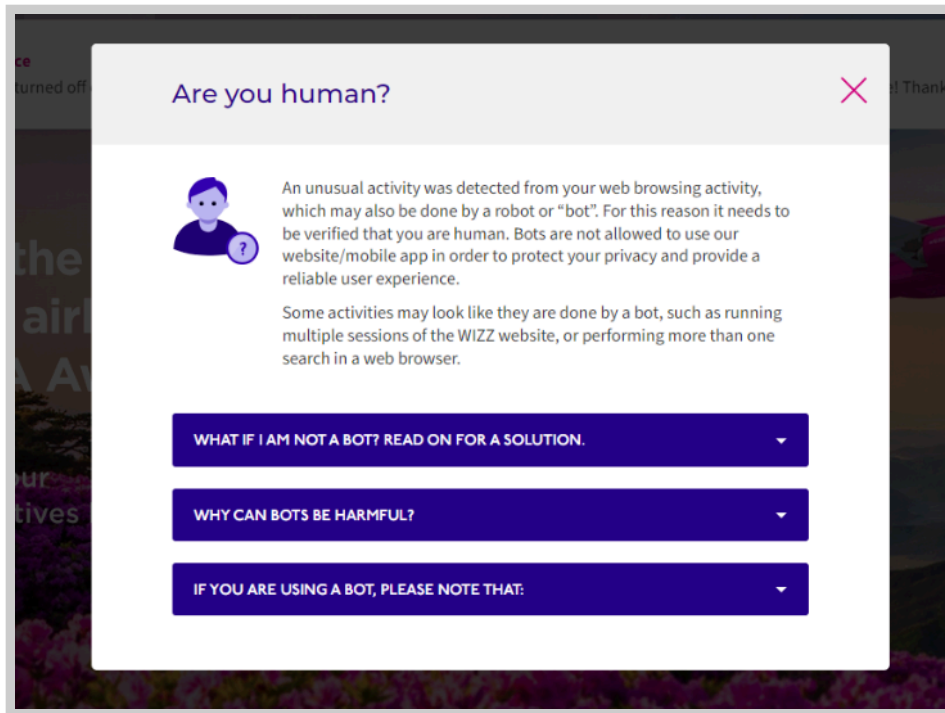

Solution

Parent step: 2

WizzAir Bot Verification

It has been reported that at many instances, agents are unable to finalize actions on Wizzair's website due to their bot verification pop-up.

The pop-up appears quite randomly so unfortunately, there is no workaround so that we can prevent it from appearing.

In such cases you can follow one or more of the options below:

- Click on "X", on the top right corner of the pop-up and continue with the requests. There have been occasions where it was possible to proceed further.
- Before you start retrieving any booking, delete the cookies from the browser and try again.
- Try retrieving the website and the PNR through "incognito mode".

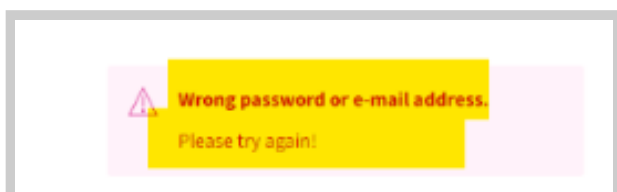

Step 8

Solution

[Parent step: 2](#)

Cannot retrieve the PNR on the airline's website

There have been instances where it is not possible to retrieve the PNR on the airline's website, by using the PNR and the email address that can be found on the LCC tab. Even though the details provided seem to be correct, we get the error message "Wrong password or e-mail address. Please try again!".

Before you start retrieving any booking, delete the cookies from the browser and also in case the booking cannot be retrieved using PNR and pax surname, first retrieve the account (Login) and then use "Find bookings".

SHOW DETAILS					
END BOOKING					

Step 9

Solution

Parent step: 2

Wizzair asking for CC details (Voluntary cancellation)

For bookings with Wizzair (W6, W9, 5W, W4), when it comes to voluntary cancellation, we are unable to claim a refund according to the fare rules, so we refer the customer to check the request directly with the carrier. In most, if not all, cases, Wizzair will request that the customer confirm some payment details as security verification. Since we are the ones behind the payment, the customer eventually calls us back in order to get the relevant information.

VAN

When the payment to the airline has been completed using VAN, open in Edvin in the "VAN" tab and then the "Virtual Cards" tab.

Cancel cards

If only 1 VAN has been created for the specific order you may go ahead and provide them **ONLY** with the last four digits of the card and the card type, if requested.

If more than 1 VANs have been created for the order (possible for multi, VI orders, etc.), open each VAN one by one until you find the one that was charged to Wizzair and again provide to the customer **ONLY** the last four digits of the card and the card type, if requested.

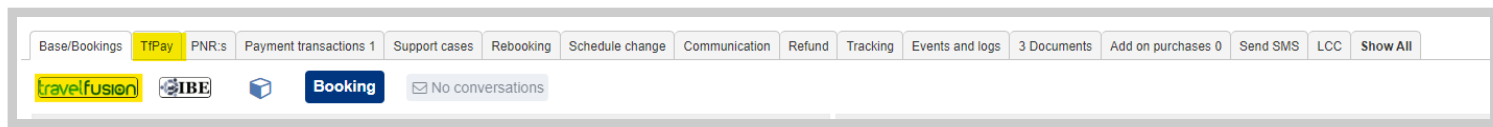

TFPay

When the payment to the airline has been completed using TFPay, the PNR will always be issued through Travelfusion. It is not possible to check the 4 last digits and the card type for this scenario through Edvin.

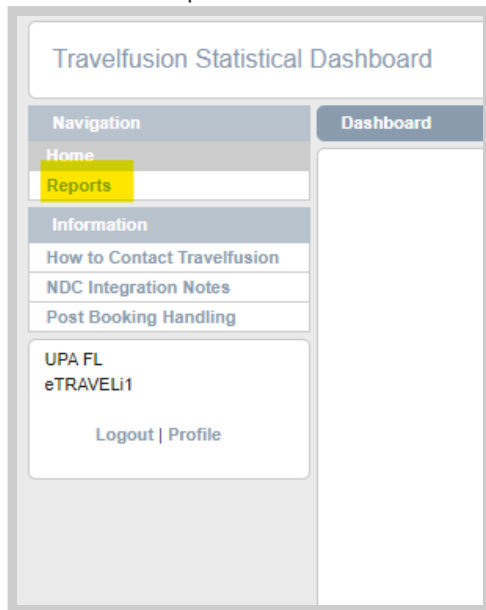

For Inhouse agents:

The process below refers only to the teams that have account for ATH, UPA, BOM/PNQ.

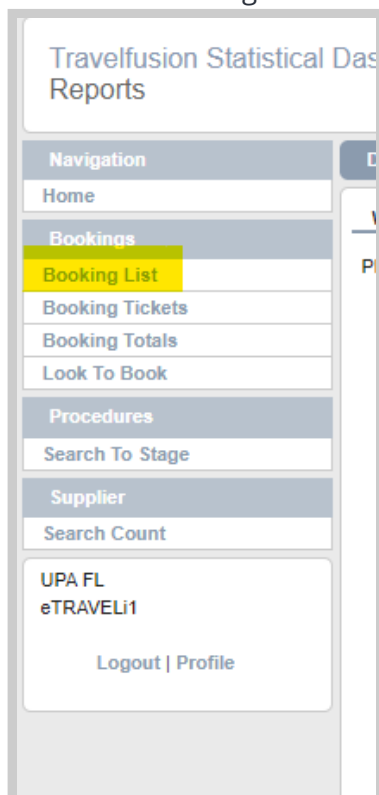

1. Check in Edvin and confirm that the Wizzair PNR for which the customer is requesting voluntary refund is issued through Travelfusion and the payment method to the carrier is through TFPay.

2. Once the above is confirmed, go to Edvin Docs and find the details to login to TF Reports.
3. Click on "Reports".

4. Click on "Booking List".

5. Retrieve the PNR through "Supplier PNR / TF Reference (Comma separated for multiple)".

Dashboard > Reports > Booking List

For Outsourcing agents:

1. Escalate via OUT service desk.
2. IH agent responsible for the OUT support will take the relevant actions and provide the relevant information.

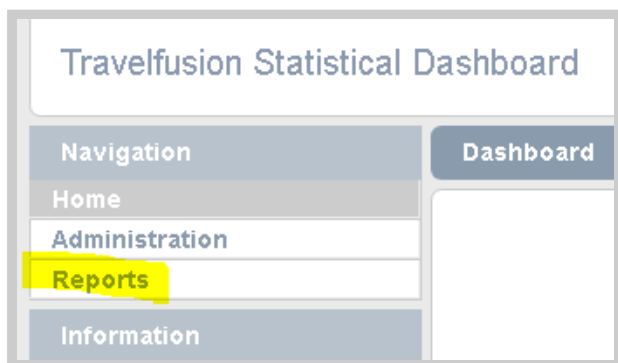

Step 10

 Solution

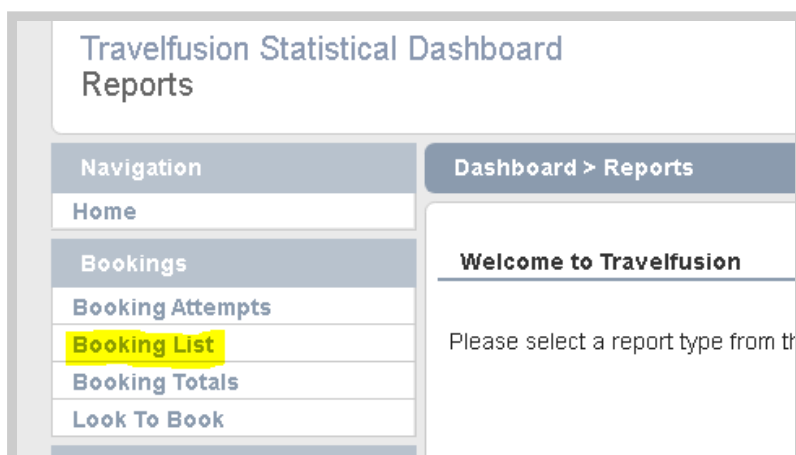

Parent step: 4

Travelfusion

- Log into [TF reports](#)
- Click on Reports in the left corner

- Click on Booking list

- Insert the PNR from Edwin in Supplier PNR / TF Reference field and click on enter or Run Report

The screenshot shows the 'Booking List' report configuration page. The left-hand navigation menu includes: Home, Bookings, Booking Attempts, Booking List (highlighted in yellow), Booking Totals, and Look To Book. The main content area displays the 'Booking List' report configuration form. The form includes fields for 'Supplier PNR / TF Reference (Comma separated for multiple)' (containing 'XXXXXX'), 'Passenger name', and 'Contact Email' (containing 'user@example.com'). There are checkboxes for 'Also include hidden statuses (BookingNotLaunched, BookingSuperseded)' and 'Fake bookings only'. A section titled 'Extra Columns' contains checkboxes for 'Display E-Mail', 'Display Tickets (Where applicable)', 'Show Fare Code Price Indicator', 'Show Airline IATA', 'Show Agent IATA', 'Show tfAir Vendor', 'Show Payment Method', and 'Show If Booking Contains Luggage'. A 'Date Type' section has radio buttons for 'Creation Date' (selected), 'Depart Date', 'Return Date', and 'Outward or Return Date'. A 'Date Selection (UTC)' section has two date pickers: 'Start Date' (2021-07-13 00:00) and 'End Date' (2021-07-13 11:00). The 'Run Report' button is highlighted in yellow.

- You will be able to collect the details from the fields below:

Vendor: wizzairxml	
WizzAir Credentials	
Username	[REDACTED]
Password	[REDACTED]
Supplier Parameters	

If you can't find the credentials under Travelfusion reports please send an email to: bsm@travelfusion.com

DO NOT GIVE ACCOUNT INFO TO CUSTOMER!

After payment of a new booking, W6 seems to have some technical issues on the site, and you might get an error message saying 'Not Found.' but usually the payment has been confirmed.

If you get the error message, sing in with the credentials and you will get all made bookings. Your booking should be there on top.

Step 11

 **Solution**

No linked steps

Cancellation (OLD)

- **Void:** No
- **Refund due to dupe:** Please refer the customer to contact the airline.

Voluntary refund:

Passengers should call the airline. If we cancel with the below guidelines for a voluntary reason, then it is **not** possible to convert vouchers to cash refunds.

ONLY FOR TRIPSTACK: On the other hand, you can offer to the customer voluntary cancellation, but it will be a voucher and not a cash refund. Then he will need to rebook using his voucher with us (as the customer has no credentials of the account and we should **NEVER** give these details to the customer)

For bookings made through Travelfusion, you should NOT offer to the customer the credit option.

*****IMPORTANT*****

In case the airline has requested the customer the last 4 digits of the card used for the booking in order to process the refund, you are allowed to provide the **last 4 digits ONLY of our VAN.**

Do not offer this information proactively to the customer. Only if the customer asks for it after the airline's request. This does not apply for TFPay.

For involuntary refund due to SC/FM

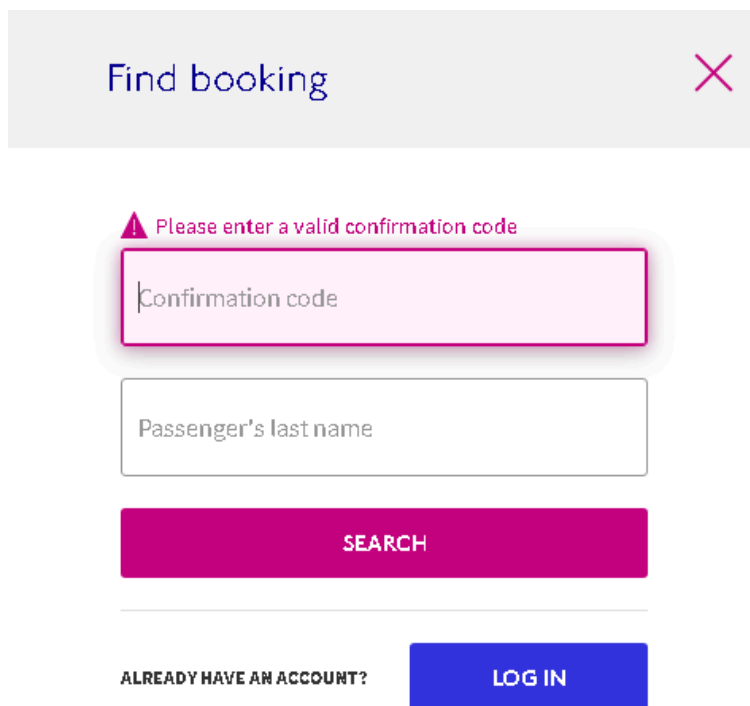

1. Once the customer calls and you verify through the "Manage my booking" that a full refund is possible, you inform the customer about our fee and the bank account details required (see at the end of the page).
2. If the customer confirms cancellation, cancel the booking on the airline's website and then charge the customer our fee (Refund handling fee) and send the email to the customer through Etrack to request the bank account details (even if the customer contacted us via chat, you should still send an email).
3. If the customer will not proceed with the payment then we will not apply the form "WIZZ CREDIT CONVERSION REQUEST" in order to convert the refund to cash.
4. The order should be placed on support only if the customer paid with MOTO.

DO NOT USE MODIFY ORDER if you have not submitted the "WIZZ CREDIT CONVERSION REQUEST" form.

5. Once the customer proceeds with the payment and sends us the bank account details requested FL Support team will submit the form "WIZZ CREDIT CONVERSION REQUEST" and will use Modify order to send it to the refund team.

Step by Step:

1. Open Wizzair's website and click on CHECK-IN & BOOKINGS. Insert the customer's last name and the PNR as shown in Edvin.

[CANCEL](#)

Convert voucher to a cash refund:

When it comes to a refund request, Wizz air requires to fill in the customer's bank details since a refund may be (or maybe not) done directly to the customer's bank account:

Credit card(s) used for this booking:

8440

Bank account details

Please provide the following bank account details. We will proceed with the refund to your bank account in case your reservation was fully or partially paid by bank transfer or in case of any technical limitations with the refund via your original payment method.

Name of account holder

Bank account country

Name of your bank

Currency of your account

☐

I've read and understood the [Privacy Notice](#).

SEND

Till further notice follow the following procedure:

1. Charge the customer our fee (select Refund handling fee or Refund handling fee - Urgent, if the flight is within 72 hours).

2. Send an email through Etrack to request the bank details from the customer (using the same explanation: just in case the refund is no longer possible to the original Form Of Payment)

Details to be requested:

- *Name of bank holder*
- Bank account country
- Account number
- Name of your bank
- Currency of your account
- BIC/SWIFT code
- *IBAN*

3. Once the customer proceeds with the payment and sends us the bank account details, submit the refund request via Wizz Air: [WIZZ CREDIT CONVERSION REQUEST](#) and register the customer's bank details and ONLY then place the booking on the refund dashboard (Use Modify order).

4. BO Keep the case pending in the refund dashboard until we confirm the refund has been processed to our account within 1-2 months and then the customer will be refunded if received.

Step 12

Solution

Parent step: 16

How to use the voucher for rebooking/new ticket

A voucher can be used for rebooking/new bookings only for Tripstack bookings.

Attention: For cases where the airline provides credit/vouchers instead of cash refunds, please refer to the [LCC General Guidelines - Voucher/Credit](#) for detailed instructions on how to handle such cases.

For Travelfusion bookings you should NOT offer a credit to the customer.

1. Go to the airline's website and click Sign in. Log in with the credentials you received from the portal.

OTHER PAYMENT OPTIONS

6. If there is a difference to be paid, create a VAN card as normal for the difference.

***** In the rare scenario where we have offered a credit to a customer with a Travelfusion booking, please escalate to your FL Coordinator/TL/Manager for assistance. For OU please escalate through Service Desk to OUT Support.**

Step 13

Solution

Parent step: 4

Tripstack

To get portal access:

- Agent escalates need of credentials to their Team leader in an **email**, *Subject: Tripstack credentials*.
- (WNS and Concentrix can escalate internally to their team leader and they will raise Jira to IT via Jira
- The leader collects first name + surname + email address of agent in need of credentials. This needs to be collected in a google or excel spreadsheet.
- The leader creates a Jira to IT and shares the spreadsheet with agent information.
- IT will then create and share the credentials

Tripstack provides low-cost carrier airlines.

The Tripstack Portal is only a tool to see the status of a booking. **We are unable to do any changes or updates to a booking through the Tripstack portal.**

Edvin should present the correct status of the booking But in some cases - we have experienced the need to check the status in Tripstack itself. Your Support or Team Lead has access to check the status of a booking.

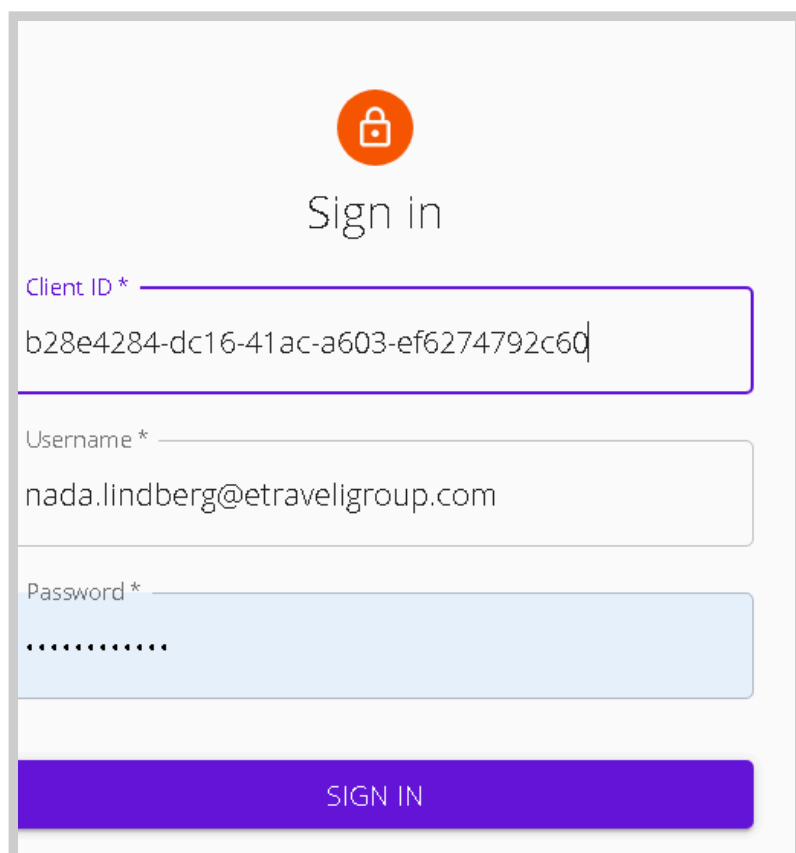

Please create a Jira to IT Support if you have any issues with your Login.

Steps on how to retrieve the Wizzair account credentials for a booking.

In case of Avia Center booking please follow the steps from Avia Center General information and log in [here](#).

1. Log in to the Tripstack portal.

- **Link to the portal** [here](#).
- **Username:** Your email address
- **Client ID:** b28e4284-dc16-41ac-a603-ef6274792c60
- **Password:** your set password

A screenshot of a web form titled "Sign in" with an orange padlock icon above the title. The form contains three input fields: "Client ID *" with the value "b28e4284-dc16-41ac-a603-ef6274792c60", "Username *" with the value "nada.lindberg@etraveligroup.com", and "Password *" with masked characters ".....". A blue "SIGN IN" button is at the bottom.

DO NOT GIVE ACCOUNT INFO TO CUSTOMER!

After payment of a new booking, W6 seems to have some technical issues on the site, and you might get an error message saying 'Not Found.' but usually the payment has been confirmed.

If you get the error message, sing in with the credentials and you will get all made bookings. Your booking should be there on top.

Step 14

Solution

Parent step: 3

SC Refund

For involuntary refund due to schedule change or force majeure:

1. Once the customer calls and you verify through the "Manage my booking" that a full refund is possible.
2. If the customer confirms cancellation, cancel the booking on the airline's website to create credit voucher.
3. Modify the order.

The only 2 modify order reasons that agents are allowed to select for this kind of cancellations are:

- **Force Majeure - refund:** In case the flight(s) are altered due to a force majeure event
- **Schedule Change - refund:** In case the flight(s) have been affected by a schedule change.

FL will no longer have to send email for bank details so please do not send email through etrack to the customers.

ATTENTION: The email requesting the bank details will be sent through an automation robot to the customers email, once the order has been modified. Do NOT send any other confirmation email or blank template with your email prior to the conversion of credit voucher to cash.

As it has been agreed with the project team for this automation, the confirmation email will be sent to the customers only through Edvin, only after the conversion from credit to cash has been completed, using the specific template and only by the selected agents that have been assigned to check the specific etrack categories manually.

DO NOT PLACE THE ORDER ON SUPPORT!

1. Once the customer replies, SL will take over and submit the form, in order to convert the refund to cash.
2. After the successful submission of the form, SL sends a confirmation email to the customer. No further action is required.

Step 15

Solution

Parent step: 16

How to request a voucher

Only for Tripstack: Inform the customer when he/she wants to use it, he/she has to contact us.

For Travelfusion you should NOT offer a credit to the customer.

Attention: For cases where the airline provides credit/vouchers instead of cash refunds, please refer to the

[LCC General Guidelines - Voucher/Credit](#) for detailed instructions on how to handle such cases.

Step by Step:

1. Open Wizzair's website and click on CHECK-IN & BOOKINGS. Insert the customer's last name and the PNR as shown in Edwin.

CHANGE PASSENGER DETAILS

5. Correct the customer's name and click on "Change".

Change passenger details

If you just want to correct a typo, you can do that once for free.

FIRST NAME [Redacted]	LAST NAME [Redacted]
---------------------------------	--------------------------------

Female	☒ Male
---------------	---

☒ Adult	Child
--	--------------

CHANGE

6. At this step, it will show you the total cost and the currency. DO NOT CLICK "CHANGE" AGAIN.

Change passenger details

If you just want to correct a typo, you can do that once for free.

FIRST NAME [REDACTED]	LAST NAME [REDACTED]
--------------------------	-------------------------

Female	☒ Male
--------	--

☒ Adult	Child
---	-------

TOTAL: ₪0

7. Inform the customer about the name correction/change cost + our fee.

8. If the customer confirms and pays you may issue a VAN and click on change to proceed with the payment.

Step 18

 Solution

Parent step: 1

Rebooking

ATTENTION:

Whenever the rebooking request is not accepted from the customer, please make sure that you have removed every item from the cart, before exiting W6 website. If the items are not removed then the booking cannot be handled/modified, until the "outstanding payment" is completed. In case you come upon a PNR as such, please refer the customer to the airline to remove the unpaid items.

Step by Step

1. Open Wizzair's website and click on CHECK-IN & BOOKINGS. Insert the customer's last name and the PNR as shown in Edwin.

FARE DIFFERENCE

Ft5,800

SELECT

All prices are per passenger and include taxes. Schedule times shown are the local times of the departure and arrival city.

Take note of the fare difference price per passenger shown in your errands.

Attention: All prices are charged per passenger and include the taxes.

Split

In step number 2 you are able to select which of the passengers has to be rebooked so in a reservations of more than one passengers, it is possible for each of them to rebook for different dates. Don't forget to link the new PNR IN eDVIN.

New ticket sell

When you will create a new booking on the airline's website, due to flexible ticket service or due to New ticket sell, the website will require login in order to continue to the payment page.

In such cases, always log in in Travelfusion or Tripstack and use the same credentials as the original booking.

Make sure to **ALWAYS** change the customer's contact email address to the correct one at the last step.

If you are unable to create a VAN card in Edvin due to getting an error message when trying, raise a case to the SS team using [this portal](#), fill in required info, why you need a card and add a screenshot of the error message .

Step 19
