

Description

There are scenarios when the new and/or old **ticket numbers are requested to be provided to the airline**, whenever authorization is needed as per Edwin Documents.

Pay attention to the airline guidelines after receiving the authorization. Usually, they request exceptional flow to be followed during or after reissue, for reporting purposes. Such scenarios can be found below :

- 1) Waiver Authorization
- 2) Name Correction
- 3) Visa Rejection
- 4) Medical/Death Certificate
- 5) Irregularities (Other airlines involved).

Actions that agents need to take

- FL and/or SC agents contact the airline and request a waiver as per guidelines in Edwin Documents.
- FL and/or SC agent should provide the airline ticket number and our request with a clear explanation.
- The airline's representative provides the waiver and requests us to report back after reissuing new and/or old ticket number.
- FL and/or SC agents should request the below information from the airline representative:
 - Waiver code/ Endorsement
 - Deadline to provide the new and /or old ticket number/ extra information
 - Way of reporting to the airline the required information (phone, email)
 - Any other special flow ETG needs to follow as per the airline's request
- FL and/or SC agents need to check SSR lines for any important information added by an airline representative.
- FL and/or SC agent add clear notes via register errand.

If a reissue of the ticket is required, then the **Fulfillment team (TKT) needs to send the new and/or old tickets to the airline as per the provided guidelines from FL and/or SC agent.**

FL/ SC agents should add detailed actions that SL needs to follow under Rebooking Wizard Information to Ticketing.

Example:
