

INF passengers shall be exempted from our service fees for scenarios specified in Edwin's 'Add on cart' under the below products:

- Our Service Fee - Invol. Rebooking FM
- Our Service Fee - Invol. Rebooking SC
- Our Service Fee - Vol. Rebooking
- Our Service Fee - Vol. Rebooking (within 24h)
- Our Service Fee - Name change
- Our Service Fee - New Ticket

Note: Add infant-our service fees is excluded from the above exemption list, we need to charge this fee to the customer.

Currently, there is no technical possibility to edit the value of our service fees in Edwin's 'Add on cart'. Therefore until further notice, when adding **Our Fee** product for any of the above-mentioned scenarios, please follow the below steps:

1. Check the name and surname of the INF passenger under the *Air bookings* section on the main tab of your order view in Edwin.

In 'Add on cart' it will not be clearly stated which passenger is INF, so check it before you go to *Add a purchase* section!

						Pricing & Bags
1	-		MR	ADT	SALAHELDIN	40kg
2	-		MS	ADT	SAMAH	40kg
3	-		MSTR	CNN	QHAR	40kg

2. Go to 'Add on cart' and open the drop-down menu of the corresponding product from *Our Service Fee* section.

3. Select all the ADT and CHD passengers for whom the amendment is requested. **DON'T** select the INF passenger.

if you select INF, the service fee will be automatically added also for INF, which is not correct

4. **MANDATORY STEP:** in the '*Text to customer*' field insert the below sentence:

Rebooking/change includes infant passengers. - wording depends on the type of the amendment

if this information is not manually inserted in the '*Text to customer*' field, the receipt will not mention anything about the INF and the customer may understand that the change was requested only for passengers selected by you in the 'Add on cart'!

6. Follow the rest of the steps for adding the remaining charges and processing the payment as per standard routines of the relevant scenario.

ATTENTION! All further internal routines related to forwarding the booking to Ticketing need to include the INF passenger in order to correctly reissue all requested tickets!

7. Inform the customer that the INF name and surname will not be visible on the receipt, as the amendment for the infant is not charged with an additional service fee and therefore it is included in the ADT fee.

** If the Name change/correction is performed ONLY for the INF passenger in the specific order, you should totally skip the **Our Fee** product and insert all relevant details in the 'Text to customer' field of the corresponding product from the *Airline Cost and other* section.
