

## Northstar Services Customer Support SLA Tiers

Northstar Services - fictional stakeholder demonstration corpus

Priority One incidents are acknowledged within 15 minutes and receive continuous support until service is restored.

Priority Two incidents are acknowledged within one hour during the customer's contracted support window.

Priority Three incidents are acknowledged within four business hours.

Enterprise cases may be opened through the support portal, emergency phone line, or technical account manager.

A written root-cause analysis is delivered within five business days after a Priority One incident is resolved.
